

Search Committee Electronic Applicant Review

Human Resources is using HireMojo as one of our recruitment tools for full-time faculty and professional staff job openings.

Why HireMojo?

HireMojo is a cloud hiring platform and uses a variety of premium and specialty job boards, email campaigns and social networks to attract the most qualified candidates. HireMojo is a self-service platform that gives hiring managers the most streamlined and effective way to conduct job searches.

Benefits of HireMojo?

- Allows the candidates to complete an online application file that allows the candidate to upload their resume, cover letter, transcripts and any other relevant documents.
- Provides the advertisement of the position on the major job boards which include Monster, Indeed, Juju, ZipRecruiter, Craigslist, Vetjobs, as well as niche and specialty boards (over 150 total), social media, our career network, and referral sources.
- Provides convenient access to candidate's application material from a single electronic location and eliminates paper copies.
- Software saves time by automatically handles the initial screening of the candidates and eliminates unqualified candidates.
- Provides automated email messages to candidates when application file is completed and when the position status changes or a candidate is hired.

Navigating HireMojo

As a member of the search committee, you will be provided online access to the applicants for the position. You will receive an email from HireMojo with directions on how to set up your account with HireMojo. **Do not share your account information with others due to the confidentiality of the search committee.** If you serve on future search committees, you will use the same username and password.

Search Committee members are asked to sign the confidentiality statement, comply with the search committee guidelines, and College Hiring policy 5.16. Please do not print copies.

Candidate Review and Management

The candidate's application file will be automatically screened based the online interview questions and will be placed in the under evaluation or incomplete or failed categories.

Under Evaluation Tab

You will review the candidates listed in the Under Evaluation Tab. These candidates have passed and completed both levels of screening based on the questions developed by Human Resources or hiring manager. The first scored section is the Initial Interview Questions that help determine qualifications for the position which are multiple choice questions. The next scored section is the Secondary Interview Questions which provides why the candidate is interested in the position which are the opened questions.

Thumb Up

You can use the thumb up feedback tool to quickly communicate priority clients that have met the qualifications and should be considered by the committee for the next step. You will just select the thumbs up icon and it will record the feedback next to the candidate's name. To undo the thumbs up just select the icon again. You will be able to view if other search committee members have given a thumbs up but it won't identify the committee member. TIP: Record the names of the top candidates you would like to be considered by the search committee.
