Accessing Benefits
You can choose to receive Network Benefits or Non-Network Benefits.

**Network Benefits** apply to Covered Health Services that are provided by a Network Physician or other Network provider. For facility services, these are Benefits for Covered Health Services that are provided at a Network facility under the direction of either a Network or non-Network Physician or other provider. Network Benefits include Physician services provided in a Network facility by a Network or a non-Network anesthesiologist, Emergency room Physician, consulting Physician, pathologist and radiologist. Emergency Health Services are always paid as Network Benefits.

**Non-Network Benefits** apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility. Depending on the geographic area and the service you receive, you may have access through our Shared Savings Program to non-Network providers who have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from these providers, the Coinsurance will remain the same as it is when you receive Covered Health Services from non-Network providers who have not agreed to discount their charges; however, the total that you owe may be less when you receive Covered Health Services from Shared Savings Program providers than from other non-Network providers because the Eligible Expense may be a lesser amount.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

If there is a conflict between this Schedule of Benefits and any summaries provided to you by the Enrolling Group, this Schedule of Benefits will control.

**Additional information about the network of providers and how your Benefits may be affected appears at the end of this Schedule of Benefits.**

Pre-service Benefit Confirmation
We require notification before you receive certain Covered Health Services. In general, Network providers are responsible for notifying us before they provide these services to you. There are some Network Benefits, however, for which you are responsible for notifying us. Services for which you must provide pre-service notification are identified below and in the Schedule of Benefits table within each Covered Health Service category.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for notifying us before you receive these services.

To notify us, call the telephone number for **Customer Care** on your ID card.

Covered Health Services which require pre-service notification:
• Ambulance - non-emergent air and ground.
• Clinical trials.
• Congenital heart disease surgery.
• Dental services - accidental.
• Durable Medical Equipment over $1,000.
• Home health care.
• Hospice care - inpatient.
• Hospital inpatient care - all scheduled admissions and maternity stays exceeding 48 hours for normal vaginal delivery or 96 hours for a cesarean section delivery.
• Reconstructive procedures.
• Rehabilitation services - .
• Skilled Nursing Facility and Inpatient Rehabilitation Facility services.
• Therapeutics - only for the following services: dialysis.
• Transplants.
• Chiropractic services.
• Dental anesthesia and facility charges.

As we determine, if one or more alternative health services that meets the definition of a Covered Health Service in the Certificate of Coverage under Section 9: Defined Terms are clinically appropriate and equally effective for prevention, diagnosis or treatment of a Sickness, Injury, Mental Illness, substance abuse or their symptoms, we reserve the right to adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols. Defined clinical protocols shall be based upon nationally recognized scientific evidence and prevailing medical standards and analysis of cost-effectiveness. After you contact us for pre-service Benefit confirmation, we will identify the Benefit level available to you.

The process and procedures used to define clinical protocols and cost-effectiveness of a health service and a listing of services subject to these provisions (as revised from time to time), are available to Covered Persons on www.myuhc.com or by calling Customer Care at the telephone number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

For all other services, when you choose to receive services from non-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Services. That's because in some instances, certain procedures may not meet the definition of a Covered Health Service and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time notice is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those actually received, our final coverage determination will be modified to account for those differences, and we will only pay Benefits based on the services actually delivered to you.

**Services for Mental Illness and Chemical Dependency Treatment**

Services for Mental Illness and Chemical Dependency treatment are not subject to the pre-service notification requirements described above. Instead, you must obtain prior authorization from the Mental
Health/Substance Abuse Designee before you receive services for Mental Illness and Chemical Dependency treatment. You can contact the Mental Health/Substance Abuse Designee at the telephone number on your ID card.

**Care Coordination**

When we are notified as required, we will work with you to implement the Care Coordination process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

**Special Note Regarding Medicare**

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the notification requirements described below do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in Section 7: Coordination of Benefits. You are not required to notify us before receiving Covered Health Services.

**Benefits**

Annual Deductibles are calculated on a calendar year basis.

Out-of-Pocket Maximums are calculated on a calendar year basis.

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a calendar year basis unless otherwise specifically stated.

**Eligible Expenses**

Eligible Expenses are the amount we determine that we will pay for Benefits. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Non-Network Benefits, you are responsible for paying, directly to the non-Network provider, any difference between the amount the provider bills you and the amount we will pay for Eligible Expenses. Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines, as described in the *Certificate of Coverage*.

If one or more alternative health services that meets the definition of Covered Health Service in the *Certificate of Coverage* under Section 9: Defined Terms are clinically appropriate and equally effective for prevention, diagnosis or treatment of a Sickness, Injury, Mental Illness, Chemical Dependency or their...
symptoms, we reserve the right to adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols. Defined clinical protocols shall be based upon nationally recognized scientific evidence and prevailing medical standards and analysis of cost-effectiveness.

For Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.

- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as otherwise arranged by us, Eligible Expenses are billed charges unless a lower amount is negotiated.

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, at our discretion, based on the lesser of:
  - Fee(s) that are negotiated with the provider.
  - 110% of the published rates allowed by the Centers for Medicare and Medicaid Services (CMS) for Medicare for the same or similar service within the geographic market.
  - 50% of the billed charge.
  - A fee schedule that we develop.

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.

**Provider Network**

We arrange for health care providers to participate in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to select your provider. Our credentialing process confirms public information about the providers’ licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider’s status may change. You can verify the provider’s status by calling Customer Care. A directory of providers is available online at www.myuhc.com or by calling Customer Care at the telephone number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact Customer Care at the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Services. If you want to receive Network Benefits, it is your responsibility to verify that the provider you select is a Network provider for the Covered Health Service you are seeking and for the product in which you are enrolled.

You can verify that your provider is a Network provider by contacting www.myuhc.com or Customer Care at the telephone number on your ID card. Some Network providers (specifically Designated Facilities) contract with us to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products.

**Designated Facilities and Other Providers**

If you have a medical condition that we believe needs special services, we may direct you to a Designated Facility or Designated Physician chosen by us. If you require certain complex Covered Health
Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Facility or Designated Physician, we may reimburse certain travel expenses at our discretion. In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility, Designated Physician or other provider chosen by us. You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or Designated Physician. If you do not notify us in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Facility) or other non-Network provider, Network Benefits will not be paid. Non-Network Benefits may be available if the special needs services you receive are Covered Health Services for which Benefits are provided under the Policy.

**Health Services from Non-Network Providers Paid as Network Benefits**

If specific Covered Health Services are not available from a Network provider, you may be eligible for Network Benefits when Covered Health Services are received from non-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through a non-Network provider.

**Limitations on Selection of Providers**

If we determine that you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Services. If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you. If you fail to use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.
Certificate of Coverage

United HealthCare Insurance Company

185 Asylum Street
Hartford, Connecticut 06103-3408

Certificate of Coverage is Part of Policy

This Certificate of Coverage (Certificate) is part of the Policy that is a legal document between United HealthCare Insurance Company and the Enrolling Group to provide Benefits to Covered Persons, subject to the terms, conditions, exclusions and limitations of the Policy. We issue the Policy based on the Enrolling Group’s application and payment of the required Policy Charges.

In addition to this Certificate the Policy includes:

- The Group Policy.
- The Schedule of Benefits.
- The Enrolling Group’s application.
- Riders.
- Amendments.

You can review the Policy at the office of the Enrolling Group during regular business hours.

Changes to the Document

We may from time to time modify this Certificate by attaching legal documents called Riders and/or Amendments that may change certain provisions of the Certificate. When that happens we will send you a new Certificate, Rider or Amendment pages.

No one can make any changes to the Policy unless those changes are in writing.

Other Information You Should Have

We have the right to change, interpret, modify, withdraw or add Benefits, or to terminate the Policy, as permitted by law, without your approval. This in no way removes your right to bring legal action, make an appeal, file a grievance or seek relief through the Missouri Department of Insurance as described in this Certificate.

On its effective date this Certificate replaces and overrules any Certificate that we may have previously issued to you. This Certificate will in turn be overruled by any Certificate we issue to you in the future.

The Policy will take effect on the date specified in the Policy. Coverage under the Policy will begin at 12:01 a.m. and end at 12:00 midnight in the time zone of the Enrolling Group’s location. The Policy will remain in effect as long as the Policy Charges are paid when they are due, subject to termination of the Policy.

We are delivering the Policy in the State of Missouri. The Policy is governed by ERISA unless the Enrolling Group is not an employee welfare benefit plan as defined by ERISA. To the extent that state law applies, the laws of the State of Missouri are the laws that govern the Policy.
Introduction to Your Certificate

We are pleased to provide you with this Certificate. This Certificate and the other Policy documents describe your Benefits, as well as your rights and responsibilities, under the Policy.

How to Use this Document

We encourage you to read your Certificate and any attached Riders and/or Amendments carefully.

We especially encourage you to review the Benefit limitations of this Certificate by reading the attached Schedule of Benefits along with Section 1: Covered Health Services and Section 2: Exclusions and Limitations. You should also carefully read Section 8: General Legal Provisions to better understand how this Certificate and your Benefits work. You should call us if you have questions about the limits of the coverage available to you.

Many of the sections of the Certificate are related to other sections of the document. You may not have all of the information you need by reading just one section. We also encourage you to keep your Certificate and Schedule of Benefits and any attachments in a safe place for your future reference.

If there is a conflict between this Certificate and any summaries provided to you by the Enrolling Group, this Certificate will control.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

Information about Defined Terms

Because this Certificate is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in Section 9: Defined Terms. You can refer to Section 9: Defined Terms as you read this document to have a clearer understanding of your Certificate.

When we use the words "we," "us," and "our" in this document, we are referring to United HealthCare Insurance Company. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in Section 9: Defined Terms.

Don't Hesitate to Contact Us

Throughout the document you will find statements that encourage you to contact us for further information. Whenever you have a question or concern regarding your Benefits, please call us using the telephone number for Customer Care listed on your ID card. It will be our pleasure to assist you.
Your Responsibilities

Be Enrolled and Pay Required Contributions
Benefits are available to you only if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in Section 3: When Coverage Begins. To be enrolled with us and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the Policy issued to your Enrolling Group, including the eligibility requirements.
- You must qualify as a Subscriber or his or her Dependent as those terms are defined in Section 9: Defined Terms.

Your Enrolling Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy and receive Benefits. If you have questions about this, contact your Enrolling Group.

Be Aware this Benefit Plan Does Not Pay for All Health Services
Your right to Benefits is limited to Covered Health Services. The extent of this Benefit plan's payments for Covered Health Services and any obligation that you may have to pay for a portion of the cost of those Covered Health Services is set forth in the Schedule of Benefits.

Decide What Services You Should Receive
Care decisions are between you and your Physicians. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician
It is your responsibility to select the health care professionals who will deliver care to you. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Pay Your Share
You must pay a Copayment and/or Coinsurance for most Covered Health Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Copayment and Coinsurance amounts are listed in the Schedule of Benefits. You must also pay any amount that exceeds Eligible Expenses.

Pay the Cost of Excluded Services
You must pay the cost of all excluded services and items. Review Section 2: Exclusions and Limitations to become familiar with this Benefit plan's exclusions.
Show Your ID Card

You should show your identification (ID) card every time you request health services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered, and any resulting delay may mean that you will be unable to collect any Benefits otherwise owed to you.

File Claims with Complete and Accurate Information

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in Section 5: How to File a Claim.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under this Benefit plan for all other Covered Health Services that are not related to the condition or disability for which you have other coverage.
Our Responsibilities

Determine Benefits

We make administrative decisions regarding whether this Benefit plan will pay for any portion of the cost of a health care service you intend to receive or have received. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We have the discretion to do the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this Certificate, the Schedule of Benefits, and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

We may delegate this discretionary authority to other persons or entities that may provide administrative services for this Benefit plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time in our discretion. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Services

We pay Benefits for Covered Health Services as described in Section 1: Covered Health Services and in the Schedule of Benefits, unless the service is excluded in Section 2: Exclusions and Limitations. This means we only pay our portion of the cost of Covered Health Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Benefit plan.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Services Provided by Non-Network Providers

In accordance with any state prompt pay requirements, we will pay Benefits after we receive your request for payment that includes all required information. See Section 5: How to File a Claim.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines, in our discretion, in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.
Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of our reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

**Offer Health Education Services to You**

From time to time, we may provide you with access to information about additional services that are available to you, such as disease management programs, health education, and patient advocacy. It is solely your decision whether to participate in the programs, but we recommend that you discuss them with your Physician.

Section 3: When Coverage Begins

How to Enroll

Eligible Persons must complete an enrollment form. The Enrolling Group will give the necessary forms to you. The Enrolling Group will then submit the completed forms to us, along with any required Premium. We will not provide Benefits for health services that you receive before your effective date of coverage.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, we will pay Benefits for Covered Health Services that you receive on or after your first day of coverage related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Policy. These Benefits are subject to any prior carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as is reasonably possible. For Benefit plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Services from Network providers.

If You Are Eligible for Medicare

Your Benefits under the Policy may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits under the Policy may also be reduced if you are enrolled in a Medicare Advantage (Medicare Part C) plan but fail to follow the rules of that plan. Please see Medicare Eligibility in Section 8: General Legal Provisions for more information about how Medicare may affect your Benefits.

Who is Eligible for Coverage

The Enrolling Group determines who is eligible to enroll under the Policy and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Enrolling Group who meets the eligibility rules. When an Eligible Person actually enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Enrolling Group and Subscriber, see Section 9: Defined Terms.

Eligible Persons must reside within the United States.

If both spouses are Eligible Persons of the Enrolling Group, each may enroll as a Subscriber or be covered as an Enrolled Dependent of the other, but not both.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent actually enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see Section 9: Defined Terms.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.
If both parents of a Dependent child are enrolled as a Subscriber, only one parent may enroll the child as a Dependent.

**When to Enroll and When Coverage Begins**

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

**Initial Enrollment Period**

When the Enrolling Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified in the Policy if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

**Open Enrollment Period**

The Enrolling Group determines the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

**New Eligible Persons**

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

**Adding New Dependents**

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.

Coverage for the Dependent begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event that makes the new Dependent eligible.

Coverage for newborn children of a Covered Person, including adopted newborn children and newborn children placed for adoption, begins at the moment of birth, adoption or placement for adoption. We must receive the completed enrollment form and any required Premium within 31 days of the date of the event. If we do not receive the completed enrollment form and any required Premium within 31 days, coverage for the child will end at the end of the 31 day period.

If an application or other form of enrollment is required in order to continue coverage beyond the 31 day period after the date of the event and the Covered Person has notified us of the event, either orally or in writing, we shall, upon notification, provide the Subscriber with all forms and instructions necessary to
enroll the child. You will have ten days from the date the forms and instructions are provided in which to enroll the child.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period; and
- Coverage under the prior plan ended because of any of the following:
  - Loss of eligibility (including, but not limited to, legal separation, divorce or death).
  - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
  - In the case of COBRA continuation coverage, the coverage ended.
  - The Eligible Person and/or Dependent no longer lives or works in an HMO service area if no other benefit option is available.
  - The plan no longer offers benefits to a class of individuals that include the Eligible Person and/or Dependent.
  - An Eligible Person and/or Dependent incurs a claim that would exceed a lifetime limit on all benefits.

When an event takes place (for example, a birth or marriage), coverage begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day immediately following the day coverage under the prior plan ends. Coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.
Section 4: When Coverage Ends

General Information about When Coverage Ends
We may discontinue this Benefit plan and/or all similar benefit plans at any time for the reasons explained in the Policy, as permitted by law.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Services that you received before the date on which your coverage ended. However, once your coverage ends, we will not pay claims for any health services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that for Covered Persons who are subject to the Extended Coverage for Total Disability provision later in this section, entitlement to Benefits ends as described in that section.

Events Ending Your Coverage
Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**
  Your coverage ends on the date the Policy ends. In the event the entire Policy ends, the Enrolling Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**
  Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to Section 9: Defined Terms for complete definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**
  Your coverage ends on the last day of the calendar month in which we receive written notice from the Enrolling Group instructing us to end your coverage, or the date requested in the notice, if later. The Enrolling Group is responsible for providing written notice to us to end your coverage.

- **Subscriber Retires or Is Pensioned**
  Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Enrolling Group's pension or retirement plan. The Enrolling Group is responsible for providing written notice to us to end your coverage.

  This provision applies unless a specific coverage classification is designated for retired or pensioned persons in the Enrolling Group's application, and only if the Subscriber continues to meet any applicable eligibility requirements. The Enrolling Group can provide you with specific information about what coverage is available for retirees.

Other Events Ending Your Coverage
When any of the following happen, we will provide written notice to the Subscriber that coverage has ended on the date we identify in the notice:
• **Fraud, Misrepresentation or False Information**
  
  Fraud or misrepresentation, or the Subscriber knowingly gave us false material information. Examples include false information relating to another person's eligibility or status as a Dependent.

  During the first two years the Policy is in effect, we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy. After the first two years, we can only demand that you pay back these Benefits if the written application contained a fraudulent misstatement.

**Coverage for a Disabled Dependent Child**

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Is not able to be self-supporting because of mental or physical handicap or disability.
- Depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent is medically certified as disabled and dependent unless coverage is otherwise terminated in accordance with the terms of the Policy.

We will ask you to furnish us with proof of the medical certification of disability within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician chosen by us examine the child. We will pay for that examination.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical examinations at our expense. However, we will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

**Extended Coverage for Total Disability**

Coverage for a Covered Person who is Totally Disabled on the date the entire Policy is terminated will not end automatically. We will temporarily extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Twelve months from the date coverage would have ended when the entire Policy was terminated.

**Continuation of Coverage and Conversion**

If your coverage ends under the Policy, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Enrolling Groups that are subject to the terms of COBRA. You can contact your plan administrator to determine if your Enrolling Group is subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.
We are not the Enrolling Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Enrolling Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Enrolling Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.
- Notifying us in a timely manner of your election of continuation coverage.

Continuation Coverage After COBRA Ends

Persons Eligible for Continuation of Coverage After COBRA Ends

You have the right to continue coverage after COBRA expires if the Enrolling Group has more than 20 employees or members and you are either a surviving spouse age 55 or older or a divorced or legally separated spouse age 55 or older, as described below.

Surviving Spouse Age 55 or Older

The surviving spouse of a Subscriber may continue coverage under the Policy, upon death of the Subscriber, with respect to the spouse and any Enrolled Dependent children whose coverage under the Policy otherwise would terminate because of the death of the Subscriber if the surviving spouse is 55 years of age or older at the time of the expiration of coverage provided by the COBRA.

Continued coverage for dental, vision care or prescription drug expenses shall be offered to surviving spouses and any Enrolled Dependent children eligible as described in this section if such coverage is or was available to the Subscriber.

The Enrolling Group shall provide us with written notice of the death of the Subscriber and of the mailing address of the surviving spouse. The notice must be sent within 30 days of either of the following:

- The death of a Subscriber whose surviving spouse is eligible for continued coverage under this section.
- Prior to the expiration of a 36-month COBRA continuation period covering such surviving spouse, if such spouse has elected and maintained such COBRA coverage.

- A form for election to continue the coverage.
- A statement of the amount of periodic Premiums to be charged for the continuation of coverage and of the method and place of payment.

A divorced or legally separated spouse eligible for continued coverage under this section who seeks such coverage shall provide written notice of the legal separation or dissolution. The notice shall include the mailing address of the divorced or legally separated spouse. The notice must be sent within 60 days of any of the following:

- A form for election to continue the coverage.
- A statement of the amount of periodic Premiums to be charged for the continuation of coverage and of the method and place of payment.
- Instructions for returning the election form by mail within 60 days after the date of mailing of the notice by the plan administrator.

**Failure to Follow Election Process**

Failure of the divorced, legally separated or surviving spouse to exercise the election in accordance with the notice requirements described above will terminate their right to continuation of coverage.

If a plan administrator was properly notified, as described above, and fails to notify the divorced, legally separated or surviving spouse as required, such spouse's coverage shall continue in effect, and such spouse's obligation to make any Premium payment for such continuation coverage shall be postponed for the period of time beginning on the date the spouse's coverage would otherwise terminate and ending 31-days after the date the plan administrator provide the required notice. Failure or delay by the plan administrator in providing the notice required by this section shall not reduce, eliminate or postpone the plan sponsor's obligation to pay Premiums on behalf of such divorced, legally separated or surviving spouse.

Your continued coverage shall terminate on the earlier of the following dates:

A. The date coverage terminates for failure to make timely payment of the Premium.
B. The date the Policy ends, except that if a different policy is made available to Subscribers, the divorced, legally separated or surviving spouse shall be eligible for continuation of coverage as if the original Policy had not been terminated.
C. The date the Covered Person is insured under any other group health plan.
D. The date the Covered Person attains the age of 65.
Premiums
The monthly contribution for the Premium shall be paid by the divorced, legally separated or surviving spouse within 45 days of the date of the election. The Premium amount shall not be greater than the amount that would have been charged if the divorced, legally separated or surviving spouse were a current Covered Person under the Policy, plus the amount the Subscriber would contribute toward the Premium if the divorced, legally separated or surviving spouse were a Subscriber, plus an amount not to exceed 25% of the Covered Person and Subscriber contributions. Such additional contributions shall be determined by each plan administrator and shall be subject to review by the Missouri Department of Insurance.

Termination
The right to continuation of coverage shall terminate upon the earliest of any of the following:

- The failure to pay Premiums when due, including any grace period allowed by the Policy.
- The date that the Policy is terminated as to all group members except that if a different policy is made available to group members, the divorced, legally separated or surviving spouse shall be eligible for continuation of coverage as if the original policy had not been terminated.
- The date on which the divorced, legally separated or surviving spouse becomes insured under any other group health plan.
- The date on which the divorced, legally separated or surviving spouse remarries and becomes insured under another group health plan.
- The date on which the divorced, legally separated or surviving spouse attains his or her 65th birthday.

Continuation Coverage Under State Law

- Continuation shall only be available to a Subscriber who has been continuously covered under the Policy (and for similar benefits under any policy it replaced) during the entire three month's period ending with such termination. If employment is reinstated during the continuation period, then coverage under the Policy will be reinstated for the Subscriber and any Dependents who were covered under continuation.
- Continuation is not available for either of the following:
  - Any person covered under the Policy who is or could be covered by Medicare.
  - Any person who is or could be covered by any other insured or uninsured arrangement which provides hospital, surgical or major medical coverage for individuals in a group and under which the person was not covered immediately prior to such termination.
- Continuation need not include dental, vision care or prescription drug benefits or any other benefits provided under the Policy in addition to its hospital, surgical or major medical benefits, but continuation must include maternity benefits if those benefits are provided under the Policy.
Notification Requirements and Election Period for Continuation Coverage Under State Law

The Covered Person must do both of the following within 31 days of the date coverage would otherwise terminate:

- Request such continuation in writing.
- Pay the Enrolling Group, on a monthly basis, the amount of contribution required to continue coverage. Such Premium contribution shall not be more than the group rate of the insurance being continued on the due date of each payment, but, if any benefits are omitted (such as dental, vision care, and prescription drug), such Premium contribution shall be reduced accordingly.

The Enrolling Group must notify Covered Persons, in writing, of its duties no later than the date on which coverage would otherwise terminate.

Terminating Events for Continuation Coverage Under State Law

Continuation coverage under the Policy will end on the earliest of the following dates:

A. The date nine months after the date the Covered Person's coverage under the Policy would have terminated because of termination of employment.

B. If the Covered Person fails to make timely payment of a required Premium contribution, the end of the period for which contributions were made.

C. The date the Policy is terminated or, in the case of a Subscriber, the date the Enrolling Group terminates participation under the Policy. However, if the coverage ceasing by reason of termination is replaced by similar coverage under another policy, then:
   1. The Covered Person shall have the right to become covered under that other policy for the balance of the period that the Covered Person would have remained covered under the prior policy in accordance with the conditions described in this section.
   2. The minimum level of benefits to be provided by the other policy shall be the applicable level of benefits of the prior policy reduced by any benefits payable under that prior policy.
   3. The prior policy shall continue to provide benefits to the extent of its accrued liabilities and extensions of benefits as if the replacement had not occurred.

Conversion

If your coverage terminates for one of the reasons described below, you may apply for conversion coverage without furnishing evidence of insurability.

Reasons for termination:

- The Subscriber is retired or pensioned.
- You cease to be eligible as a Subscriber or Enrolled Dependent.
- Continuation coverage ends.
- The entire Policy ends and is not replaced.

A converted policy will not be made available if you have not been continuously covered under the Policy (and for similar benefits under any group policy it replaced) during the entire three month's period ending with such termination.
A converted policy will also not be made available if termination occurred for either of the following reasons:

- You failed to make timely payment of any required contribution.
- The group Policy terminated, or a group's participation terminated, and the insurance is replaced by similar coverage under another group policy within 31 days of the date of termination.

Application and payment of the initial Premium must be made within 31 days after coverage ends under the Policy. Conversion coverage will be issued in accordance with the terms and conditions in effect at the time of application. Conversion coverage may be substantially different from coverage provided under the Policy.

The converted policy shall cover the Subscriber and his Enrolled Dependents covered under the Policy on the date of termination of insurance. At the option of the insurer, a separate converted policy may be issued to cover any Enrolled Dependent.

We are not required to issue a converted policy covering any person if such person is or could be covered by Medicare. Furthermore, we shall not be required to issue a converted policy covering any person if:

- Such person is or could be covered for similar benefits by another individual policy.
- Such person is or could be covered for similar benefits under any arrangement of coverage for individuals in a group, whether insured or uninsured; or similar benefits are provided for or available to such person, by reasons of state or federal law.
- The benefits under sources of the kind referred to above for such person, or benefits provided or available under sources of the kind referred to above for such person, together with the converted policy's benefits would result in overinsurance according to the insurer's standards for overinsurance.
Section 5: How to File a Claim

If You Receive Covered Health Services from a Network Provider
We pay Network providers directly for your Covered Health Services. If a Network provider bills you for any Covered Health Service, contact us. However, you are responsible for meeting any applicable Annual Deductible and for paying any required Copayments and Coinsurance to a Network provider at the time of service, or when you receive a bill from the provider.

If You Receive Covered Health Services from a Non-Network Provider
When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described below.

Written proof of loss must be provided to us within 90 days after the date of the loss. Failure to furnish proof within the time frame shall not invalidate nor reduce any claim if it was not reasonably possible to furnish proof within such time, provided proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity of the Covered Person, later than one year from the time proof is otherwise required. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

All Benefits payable under the Policy shall be payable not more than 30 days after receipt of proof.

Required Information
You do not need to fill out a specific claims form, however, when you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the Current Procedural Terminology (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

Payment of Benefits
You may not assign your Benefits under the Policy to a non-Network provider without our consent. When an assignment is not obtained, we will send the reimbursement directly to you (the Subscriber) for you to reimburse them upon receipt of their bill. We may, however, in our discretion, pay a non-Network provider
directly for services rendered to you. In the case of any such assignment of Benefits or payment to a non-Net
work provider, we reserve the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.

When you assign your Benefits under the Policy to a non-Network provider with our consent, and the non-Network provider submits a claim for payment, you and the non-Network provider represent and warrant the following:

- The Covered Health Services were actually provided.
- The Covered Health Services were medically appropriate.

**Direct Payment to Public Hospitals**

Benefits for Covered Health Services will be paid, with or without an assignment from you, to public Hospitals or clinics for services and supplies provided to you if a proper claim is submitted by the public Hospital or clinic. No Benefits shall be paid under this section to the public Hospital or clinic if such Benefits have been paid to you prior to receipt of the claim by us. Payment to the public Hospital or clinic shall discharge us from all liability to you to the extent of the Benefits paid.
Section 6: Questions, Grievances and Appeals

To resolve a question, grievance, or appeal, just follow these steps:

**What to Do if You Have a Question**

Contact Customer Care at the telephone number shown on your ID card. Customer Care representatives are available to take your call during regular business hours, Monday through Friday.

If you would rather send your grievance to us in writing, the Customer Care representative can provide you with the appropriate address.

If the Customer Care representative cannot resolve the issue to your satisfaction over the phone, he/she can help you prepare and submit a written grievance. You may also designate a representative to submit a grievance for you.

A grievance is a written complaint submitted by or on behalf of a Subscriber regarding the:

- Availability, delivery or quality of health care services, including a grievance regarding the adverse determination made pursuant to utilization review described below.
- Claims payment, handling or reimbursement for health care services.
- Matters pertaining to the contractual relationship between a Subscriber and us.

The notice will set forth the reasons for which additional time is needed for the investigation.

Within 5 working days after the investigation is completed, someone not involved in the circumstances giving rise to the grievance or its investigation will decide upon the appropriate resolution of the grievance and notify you in writing of our decision regarding the grievance and of any right to appeal. Within 15 days after the investigation is complete, we will notify you or the person who submitted the grievance on your behalf.

**Grievance Advisory Panel**

If you still disagree with our determination, you can submit a request for a second review. Upon receipt of the request for a second review, we shall submit the grievance to a grievance advisory panel consisting of:

- Other Subscribers.
Representatives of ours that were not involved in the circumstances giving rise to the grievance or in any subsequent investigation or determination of the grievance.

When the grievance involves an adverse determination, a majority of persons that are appropriate clinical peers in the same or similar specialty as would typically manage the case being reviewed that were not involved in the circumstances giving rise to the grievance or in any subsequent investigation or determination of the grievance.

Review by the grievance advisory panel will follow the same time frames as set forth above, except for urgent situations as described below.

The grievance advisory panel shall advise you in writing of its findings within 15 days from the conclusion of the hearing.

Please note that prescheduled treatments, therapies, surgeries, or other procedures are not considered urgent situations.

We will notify you verbally of our determination within 72 hours after receiving a request for an urgent review. We will provide a written confirmation of our determination within 3 working days after we have verbally notified you.

Post-service Claims and Pre-service Requests for Benefits

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received.
Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or benefit confirmation prior to receiving medical care. If we adjust Eligible Expenses for identified Covered Health Services based on defined clinical protocols and standard cost-effectiveness analysis, you may appeal that decision pursuant to this process.

Voluntary External Review Program

After you exhaust the appeal process, if we make a final determination to deny Benefits, you may choose to participate in our voluntary external review program. This program only applies if our decision is based on either of the following:

- Clinical reasons.
- The exclusion for Experimental or Investigational or Unproven Services.

The external review program is not available if our coverage determinations are based on Benefit exclusions or defined Benefit limits.

Contact us at the telephone number shown on your ID card for more information on the voluntary external review program.

Utilization Review

Initial Determinations

For initial determinations, we shall make the determination within two working days of obtaining all necessary information regarding a proposed admission, procedure or service requiring a review determination. For purposes of this section, “necessary information” includes the results of any face-to-face clinical evaluation or second opinion that may be required.

In the case of a determination to certify an admission, procedure or service, we shall notify the provider rendering the service by telephone within 24 hours of making the initial certification, and provide written or electronic confirmation of the telephone notification to the enrollee and the provider within two working days of making the initial certification.

In the case of an adverse determination, we shall notify the provider rendering the service by telephone within 24 hours of making the adverse determination, and shall provide written or electronic confirmation of the telephone notification to the enrollee and the provider within one working day of making the adverse determination.

Concurrent Review Determinations

For concurrent review determinations, we shall make the determination within one working day of obtaining all necessary information.

In the case of a determination to certify an extended stay or additional services, we shall notify the provider rendering the service by telephone within one working day of making the certification, and provide written or electronic confirmation to the enrollee and the provider within one working day after the telephone notification. The written notification shall include the number of extended days or next review date, the new total number of days or services approved, and the date of admission or initiation of services.

In the case if an adverse determination, we shall notify the provider rendering the service by telephone within 24 hours of making the adverse determination, and provide written or electronic notification to the
enrollee and the provider within one working day of the telephone notification. The services shall be continued without liability to the enrollee until the enrollee has been notified of the determination.

**Retrospective Review Determinations**

For retrospective review determinations, we shall make the determination within 30 working days of receiving all necessary information. We shall provide notice in writing of our determination to an enrollee within ten working days of making the determination.

**Adverse Determination**

A written notification of an adverse determination shall include the principal reason or reasons for the determination, the instructions for initiating an appeal or reconsideration of the determination, and the instructions for requesting a written statement of the clinical rationale, including the clinical review criteria used to make the determination. We shall provide the clinical rationale in writing for an adverse determination, including the clinical review criteria used to make that determination, to any party who received notice of the adverse determination and who requests such information.

**Reconsideration of an Adverse Determination**

In a case involving an initial determination or a concurrent review determination, we shall give the provider rendering the service an opportunity to request, on behalf of the enrollee, a reconsideration of an adverse determination by the reviewer making the adverse determination.

The reconsideration shall occur within one working day of the receipt of the request and shall be conducted between the provider rendering the service and the reviewer who made the adverse determination or a clinical peer designated by the reviewer who made the adverse determination if the reviewer who made the adverse determination is not available within one working day.

If the reconsideration process does not resolve the difference of opinion, the adverse determination may be appealed by the enrollee or the provider on behalf of the enrollee. Reconsideration is not a prerequisite to a standard appeal or an expedited appeal of an adverse determination.

**Lack of Information**

We shall have written procedures to address failure or inability of a provider or an enrollee to provide all necessary information for review. In cases where the provider or an enrollee will not release necessary information, we may deny certification of an admission, procedure or service.
Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the National Association of Insurance Commissioners (NAIC) and represents standard industry practice for coordinating benefits.

When Coordination of Benefits Applies

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Definitions

For purposes of this section, terms are defined as follows:

A. A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.

1. Plan includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.

2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan’s benefits. When This Plan is secondary, it determines its benefits after
those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.

D. Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.

2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.

3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.

4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.

5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

E. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.

F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.

2. Dependent Child Covered Under More Than One Coverage Plan. Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:

   a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

      (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or

      (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

   b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

      (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

      (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.

      (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
(4) If there is no court decree allocating responsibility for the child’s health care expenses or health care coverage, the order of benefits for the child are as follows:

(a) The Plan covering the Custodial Parent.

(b) The Plan covering the Custodial Parent's spouse.

(c) The Plan covering the non-Custodial Parent.

(d) The Plan covering the non-Custodial Parent's spouse.

c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.

3. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

4. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.

5. Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.

6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

C. This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Coverage Plan.
Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

- The person is enrolled in a Medicare Advantage (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.

- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.

- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.

- The person is enrolled under a plan with a Medicare Medical Savings Account. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

**Right to Receive and Release Needed Information**

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine the benefits payable. If you do not provide us the information we need to apply these rules and determine the benefits payable, your claim for benefits will be denied.

**Payments Made**

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

**Right of Recovery**

If the amount of the payments we made is more than what we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

We will not request a refund or offset against a claim more than twelve months after the claim has been paid, except in cases of fraud or misrepresentation by the provider.
When Medicare is Secondary

If you have other health insurance which is determined to be primary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits. In no event will the combined benefits paid under these coverages exceed the total Medicare Eligible Expense for the service or item.
Section 8: General Legal Provisions

Your Relationship with Us

In order to make choices about your health care coverage and treatment, we believe that it is important for you to understand how we interact with your Enrolling Group's Benefit plan and how it may affect you. We help finance or administer the Enrolling Group's Benefit plan in which you are enrolled. We do not provide medical services or make treatment decisions. This means:

- We do not decide what care you need or will receive. You and your Physician make those decisions.
- We communicate to you decisions about whether the Enrolling Group's Benefit plan will cover or pay for the health care that you may receive. The plan pays for Covered Health Services, which are more fully described in this Certificate.
- The plan may not pay for all treatments you or your Physician may believe are necessary. If the plan does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our Notice of Privacy Practices for details.

Our Relationship with Providers and Enrolling Groups

The relationships between us and Network providers and Enrolling Groups are solely contractual relationships between independent contractors. Network providers and Enrolling Groups are not our agents or employees. Neither we nor any of our employees are agents or employees of Network providers or the Enrolling Groups.

We do not provide health care services or supplies, nor do we practice medicine. Instead, we arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not our employees nor do we have any other relationship with Network providers such as principal-agent or joint venture. We are not liable for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Enrolling Group's Benefit plan. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Enrolling Group's Benefit plan.

The Enrolling Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of the termination of the Policy.

When the Enrolling Group purchases the Policy to provide coverage under a benefit plan governed by the Employee Retirement Income Security Act ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Enrolling Group. If you have any
questions about this statement or about your rights under ERISA, contact the nearest area office of the Employee Benefits Security Administration, U. S. Department of Labor.

Your Relationship with Providers and Enrolling Groups
The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You are responsible for paying, directly to your provider, any amount identified as a member responsibility, including Copayments, Coinsurance, any Annual Deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- You must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Enrolling Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice
When we provide written notice regarding administration of the Policy to an authorized representative of the Enrolling Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Enrolling Group is responsible for giving notice to you.

Statements by Enrolling Group or Subscriber
All statements made by the Enrolling Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. Except for fraudulent statements, we will not use any statement made by the Enrolling Group to void the Policy after it has been in force for a period of two years.

Incentives to Providers
We pay Network providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction, and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person’s health care is less than or more than the payment.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us
includes any financial incentives, we encourage you to discuss those questions with your provider. You may also contact us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

**Incentives to You**
Sometimes we may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. Contact us if you have any questions.

**Rebates and Other Payments**
We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable Annual Deductible. We do not pass these rebates on to you, nor are they applied to any Annual Deductible or taken into account in determining your Copayments or Coinsurance.

**Interpretation of Benefits**
We have the discretion to do all of the following:

- Interpret Benefits under the Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in the Policy, including this Certificate, the Schedule of Benefits, and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

We may delegate this discretionary authority to other persons or entities that provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may, in our discretion, offer Benefits for services that would otherwise not be Covered Health Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

This in no way removes your right to bring legal action, make an appeal, file a grievance or seek relief through the Missouri Department of Insurance as described in this Certificate.

**Administrative Services**
We may, in our discretion, arrange for various persons or entities to provide administrative services in regard to the Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time in our discretion. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

**Amendments to the Policy**
To the extent permitted by law we reserve the right, in our discretion and without your approval, to change, interpret, modify, withdraw or add Benefits or terminate the Policy.
Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers. All of the following conditions apply:

- Amendments to the Policy are effective 31 days after we send written notice to the Enrolling Group.
- Riders are effective on the date we specify.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

**Information and Records**

We may use your individually identifiable health information to administer the Policy and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use your de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Policy, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements we recommend that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Our designees have the same rights to this information as we have.

**Examination of Covered Persons**

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

**Workers' Compensation not Affected**

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.
Medicare Eligibility

Benefits under the Policy are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Policy.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Policy), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer as described in Section 7: Coordination of Benefits, we will pay Benefits under the Policy as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a Medicare Advantage (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Policy), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Policy as if you had followed all rules of the Medicare Advantage plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Refund of Overpayments

If we pay Benefits for expenses incurred on account of a Covered Person, that Covered Person, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid by the Covered Person or did not legally have to be paid by the Covered Person.
- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits for the Covered Person that are payable under the Policy. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Please note that we shall not request a refund or offset against a claim more than twelve months after the claim has been paid, except in cases of fraud or misrepresentation by the provider.

Limitation of Action

We strongly encourage you to complete the steps specified in Section 6: Questions, Grievances and Appeals prior to bringing any legal proceeding or action against us. If you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

Entire Policy

The Policy issued to the Enrolling Group, including this Certificate, the Schedule of Benefits, the Enrolling Group's application, and any Riders and/or Amendments, constitutes the entire Policy.

Alternate Facility - a health care facility that is not a Hospital and that provides one or more of the following services on an outpatient basis, as permitted by law:

- Surgical services.
- Emergency Health Services.
- Rehabilitative, laboratory, diagnostic or therapeutic services.

An Alternate Facility may also provide services for treatment of Mental Illness and Chemical Dependency on an outpatient or inpatient basis.

Amendment - any attached written description of additional or alternative provisions to the Policy. Amendments are effective only when signed by us. Amendments are subject to all conditions, limitations and exclusions of the Policy, except for those that are specifically amended.

Annual Deductible - for Benefit plans that have an Annual Deductible, this is the amount of Eligible Expenses you must pay for Covered Health Services per year before we will begin paying for Benefits. The amount that is applied to the Annual Deductible is calculated on the basis of Eligible Expenses. The Annual Deductible does not include any amount that exceeds Eligible Expenses. Refer to the Schedule of Benefits to determine whether or not your Benefit plan is subject to payment of an Annual Deductible and for details about how the Annual Deductible applies.

Benefits - your right to payment for Covered Health Services that are available under the Policy. Your right to Benefits is subject to the terms, conditions, limitations and exclusions of the Policy, including this Certificate, the Schedule of Benefits, and any attached Riders and/or Amendments.

- The applicable Copayment.
- The Eligible Expense.

Cosmetic Procedures - procedures or services that change or improve appearance without significantly improving physiological function, as determined by us.

Covered Health Service(s) - those health services, including services, supplies, or Pharmaceutical Products, which we determine to be all of the following:

- Provided for the purpose of preventing, diagnosing or treating a Sickness, Injury, Mental Illness, substance abuse, or their symptoms.

Not provided for the convenience of the Covered Person, Physician, facility or any other person.

In applying the above definition, "scientific evidence" and "prevailing medical standards" shall have the following meanings:

"Scientific evidence" means the results of controlled clinical trials or other studies published in peer-reviewed, medical literature generally recognized by the relevant medical specialty community.

"Prevailing medical standards and clinical guidelines" means nationally recognized professional standards of care including, but not limited to, national consensus statements, nationally recognized clinical guidelines, and national specialty society guidelines.

We maintain clinical protocols that describe the scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. These clinical protocols (as revised from time to time), are available to Covered Persons on www.myuhc.com or by calling Customer Care at the telephone number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

Covered Person - either the Subscriber or an Enrolled Dependent, but this term applies only while the person is enrolled under the Policy. References to "you" and "your" throughout this Certificate are references to a Covered Person.

Custodial Care - services that are any of the following:

- Non-health-related services, such as assistance in activities of daily living (examples include feeding, dressing, bathing, transferring and ambulating).
- Health-related services which do not seek to cure, or which are provided during periods when the medical condition of the patient who requires the service is not changing.
- Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

- A natural child.
- A stepchild.
- A legally adopted child.
- A child placed for adoption.
- A child for whom legal guardianship has been awarded to the Subscriber or the Subscriber's spouse.

To be eligible for coverage under the Policy, a Dependent must reside within the United States.

The definition of Dependent is subject to the following conditions and limitations:

- A Dependent includes any unmarried dependent child under 19 years of age.
- A Dependent includes an unmarried dependent child who is 19 years of age or older, but less than 26 years of age only if the following are true:
- The child is not regularly employed on a full-time basis and
- The child is primarily dependent upon the Subscriber for support and maintenance.

- A Dependent includes an unmarried dependent child of any age who is or becomes disabled and dependent upon the Subscriber.

The Subscriber must reimburse us for any Benefits that we pay for a child at a time when the child did not satisfy these conditions.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order. The Enrolling Group is responsible for determining if an order meets the criteria of a Qualified Medical Child Support Order.

A Dependent does not include anyone who is also enrolled as a Subscriber. No one can be a Dependent of more than one Subscriber.

**Designated Facility** - a facility that has entered into an agreement with us, or with an organization contracting on our behalf, to render Covered Health Services for the treatment of specified diseases or conditions. A Designated Facility may or may not be located within your geographic area. The fact that a Hospital is a Network Hospital does not mean that it is a Designated Facility.

**Designated Network Benefits** - for Benefit plans that have a Designated Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by a Physician or other provider that we have identified as Designated Network providers. Refer to the Schedule of Benefits to determine whether or not your Benefit plan offers Designated Network Benefits and for details about how Designated Network Benefits apply.

**Designated Physician** - a Physician that we've identified through our designation programs as a Designated provider. A Designated Physician may or may not be located within your geographic area. The fact that a Physician is a Network Physician does not mean that he or she is a Designated Physician.

**Durable Medical Equipment** - medical equipment that is all of the following:

- Can withstand repeated use.
- Is not disposable.
- Is used to serve a medical purpose with respect to treatment of a Sickness, Injury or their symptoms.
- Is generally not useful to a person in the absence of a Sickness, Injury or their symptoms.
- Is appropriate for use, and is primarily used, within the home.
- Is not implantable within the body.

**Eligible Expenses** - for Covered Health Services, incurred while the Policy is in effect, Eligible Expenses are determined by us as stated below and as detailed in the Schedule of Benefits.

Eligible Expenses are determined solely in accordance with our reimbursement policy guidelines. We develop our reimbursement policy guidelines, in our discretion, following evaluation and validation of all provider billings in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As reported by generally recognized professionals or publications.
- As used for Medicare.
As determined by medical staff and outside medical consultants pursuant to other appropriate source or determination that we accept.

- Placing the person's health in significant jeopardy.
- Serious impairment to a bodily function.
- Serious dysfunction of any bodily organ or part.
- Inadequately controlled pain.
- With respect to a pregnant woman who is having contractions, either of the following:
  - Inadequate time to effect a safe transfer of a pregnant woman to another hospital before delivery.
  - The transfer to another hospital may pose a threat to the health or safety of the woman or unborn child.

**Emergency Health Services** - health care services and supplies necessary for the treatment of an Emergency.

**Experimental or Investigational Service(s)** - medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications or devices that, at the time we make a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the *U.S. Food and Drug Administration* (FDA) to be lawfully marketed for the proposed use and not identified in the *American Hospital Formulary Service* or the *United States Pharmacopoeia Dispensing Information* as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.)
- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

**Exceptions:**

- Clinical trials for which Benefits are available as described under *Clinical Trials* in *Section 1: Covered Health Services*. 
• Life-Threatening Sickness or Condition. If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, in our discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition, and that the service would be provided under standards equivalent to those defined by the National Institutes of Health.

Home Health Agency - a program or organization authorized by law to provide health care services in the home.

Hospital - a legally constituted institution, having organized facilities for the care and treatment of sick and injured persons on a resident or inpatient basis, including facilities for diagnosis and surgery under supervision of a staff of one or more licensed physicians and which provides 24-hour nursing services by registered nurses on duty or call. It does not mean convalescent, nursing, rest or extended care facilities or facilities operated exclusively for treatment of the aged, drug addict or alcoholic, even though such facilities are operated as a separate institution by a Hospital.

Initial Enrollment Period - the initial period of time during which Eligible Persons may enroll themselves and their Dependents under the Policy.

Injury - bodily damage other than Sickness, including all related conditions and recurrent symptoms.

Inpatient Rehabilitation Facility - a Hospital (or a special unit of a Hospital that is designated as an Inpatient Rehabilitation Facility) that provides rehabilitation health services (physical therapy, occupational therapy and/or speech therapy) on an inpatient basis, as authorized by law.

Inpatient Stay - an uninterrupted confinement that follows formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility.

Intermittent Care - skilled nursing care that is provided or needed either:

• Fewer than eight hours each day for periods of 21 days or less.

Exceptions may be made in exceptional circumstances when the need for additional care is finite and predictable.

Maximum Policy Benefit - for Benefit plans that have a Maximum Policy Benefit, this is the maximum amount that we will pay for Benefits during the entire period of time that you are enrolled under the Policy issued to the Enrolling Group. Refer to the Schedule of Benefits to determine whether or not your Benefit plan is subject to a Maximum Policy Benefit and for details about how the Maximum Policy Benefit applies.

The fact that a condition is listed in the current Diagnostic and Statistical Manual of the American Psychiatric Association does not mean that treatment for the condition is a Covered Health Service.

Mental Health/Substance Abuse Designee - the organization or individual, designated by us, that provides or arranges Mental Health Services and Substance Abuse Services for which Benefits are available under the Policy.

Mental Illness - those mental health or psychiatric diagnostic categories that are listed in the current Diagnostic and Statistical Manual of the American Psychiatric Association, unless those services are specifically excluded under the Policy.
Network - when used to describe a provider of health care services, this means a provider that has a participation agreement in effect (either directly or indirectly) with us or with our affiliate to participate in our Network; however, this does not include those providers who have agreed to discount their charges for Covered Health Services by way of their participation in the Shared Savings Program. Our affiliates are those entities affiliated with us through common ownership or control with us or with our ultimate corporate parent, including direct and indirect subsidiaries.

If you want to receive Network Benefits, it is your responsibility to verify that the provider you select is a Network provider for the Covered Health Service you are seeking and for the product in which you are enrolled. You can verify that your provider is a Network provider by contacting www.myuhc.com or Customer Care at the telephone number on your ID card. Some Network providers (specifically Designated Facilities) contract with us to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products.

Network Benefits - for Benefit plans that have a Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by Network providers. Refer to the Schedule of Benefits to determine whether or not your Benefit plan offers Network Benefits and for details about how Network Benefits apply.

Non-Network Benefits - for Benefit plans that have a Non-Network Benefit level, this is the description of how Benefits are paid for Covered Health Services provided by non-Network providers. Refer to the Schedule of Benefits to determine whether or not your Benefit plan offers Non-Network Benefits and for details about how Non-Network Benefits apply.

Refer to the Schedule of Benefits to determine whether or not your Benefit plan is subject to an Out-of-Pocket Maximum and for details about how the Out-of-Pocket Maximum applies.

Physician - any Doctor of Medicine or Doctor of Osteopathy who is properly licensed and qualified by law.

Please Note: Any podiatrist, dentist, psychologist, chiropractor, optometrist, or other provider who acts within the scope of his or her license will be considered on the same basis as a Physician. The fact that we describe a provider as a Physician does not mean that Benefits for services from that provider are available to you under the Policy.

Policy - the entire agreement issued to the Enrolling Group that includes all of the following:

- The Group Policy.
- This Certificate.
- The Schedule of Benefits.
- The Enrolling Group's application.
- Riders.
- Amendments.
These documents make up the entire agreement that is issued to the Enrolling Group.

**Policy Charge** - the sum of the Premiums for all Subscribers and Enrolled Dependents enrolled under the Policy.

**Pregnancy** - includes all of the following:

- Prenatal care.
- Postnatal care.
- Childbirth.
- Any complications associated with Pregnancy.

**Premium** - the periodic fee required for each Subscriber and each Enrolled Dependent, in accordance with the terms of the Policy.

**Primary Physician** - a Physician who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

**Rider** - any attached written description of additional Covered Health Services not described in this Certificate. Covered Health Services provided by a Rider may be subject to payment of additional Premiums. Riders are effective only when signed by us and are subject to all conditions, limitations and exclusions of the Policy except for those that are specifically amended in the Rider.

**Semi-private Room** - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Service, the difference in cost between a Semi-private Room and a private room is a Benefit only when a private room is necessary in terms of generally accepted medical practice, or when a Semi-private Room is not available.

**Shared Savings Program** - the Shared Savings Program provides access to discounts from the provider's charges when services are rendered by those non-Network providers that participate in that program. We will use the Shared Savings Program to pay claims when doing so will lower Eligible Expenses. We do not credential the Shared Savings Program providers and the Shared Savings Program providers are not Network providers. Accordingly, in Benefit plans that have both Network and Non-Network levels of Benefits, Benefits for Covered Health Services provided by Shared Savings Program providers will be paid at the Non-Network Benefit level (except in situations when Benefits for Covered Health Services provided by non-Network providers are payable at Network Benefit levels, as in the case of Emergency Health Services). When we use the Shared Savings Program to pay a claim, patient responsibility is limited to Coinsurance calculated on the contracted rate paid to the provider, in addition to any required Annual Deductible.

**Sickness** - physical illness, disease or Pregnancy. The term Sickness as used in this Certificate does not include Mental Illness or substance abuse, regardless of the cause or origin of the Mental Illness or substance abuse.

**Skilled Nursing Facility** - a Hospital or nursing facility that is licensed and operated as required by law.

**Specialist Physician** - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

**Subscriber** - an Eligible Person who is properly enrolled under the Policy. The Subscriber is the person (who is not a Dependent) on whose behalf the Policy is issued to the Enrolling Group.

**Total Disability or Totally Disabled** - a Subscriber's inability to perform all of the substantial and material duties of his or her regular employment or occupation; and a Dependent's inability to perform the normal activities of a person of like age and sex.

**Unproven Service(s)** - services, including medications, that are determined not to be effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to
insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, in our discretion, consider an otherwise Unproven Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition, and that the service would be provided under standards equivalent to those defined by the National Institutes of Health.

- We may, in our discretion, consider an otherwise Unproven Service to be a Covered Health Service for a Covered Person with a Sickness or Injury that is not life-threatening. For that to occur, all of the following conditions must be met:
  - If the service is one that requires review by the U.S. Food and Drug Administration (FDA), it must be FDA-approved.
  - It must be performed by a Physician and in a facility with demonstrated experience and expertise.
  - The Covered Person must consent to the procedure acknowledging that we do not believe that sufficient clinical evidence has been published in peer-reviewed medical literature to conclude that the service is safe and/or effective.
  - At least two studies must be available in published peer-reviewed medical literature that would allow us to conclude that the service is promising but unproven.
  - The service must be available from a Network Physician and/or a Network facility.

The decision about whether such a service can be deemed a Covered Health Service is solely at our discretion. Other apparently similar promising but unproven services may not qualify.

**Urgent Care Center** - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.
Continuation Coverage Under State Law Amendment

United HealthCare Insurance Company

As described in this Amendment, the Policy is modified to provide Benefits for Continuation of Coverage and Conversion.

To the extent it may conflict with any Amendment issued to you previously, the provisions of this Amendment will govern.

Certain capitalized words have special meanings. We have defined these words in the Certificate of Coverage (Certificate) in Section 9: Defined Terms.

1. The provision in the Certificate under Section 4: When Coverage Ends, Continuation Coverage Under State Law is replaced with the following:

Continuation Coverage Under State Law

In order to be eligible for continuation under state law, you must be any of the following Covered Persons under the Policy on the day before the qualifying event:

- A Subscriber.
- A Subscriber's Enrolled Dependent, including with respect to the Subscriber’s children, a child born to or placed for adoption with the Subscriber's children, a child born to or placed for adoption with the Subscriber during a period of continuation coverage under state law.
- A Subscriber's former spouse.

The Subscriber or his or her Enrolled Dependent who are eligible for state continuation coverage are entitled to elect the same coverage that she or had on the day before the qualifying event.

You can contact your plan administrator to determine if your Enrolling Group is subject to the state law provisions of continuation coverage.

Qualifying Events for Continuation Coverage Under State Law

Coverage for the Subscriber must have ended due to one of the following qualifying events:

- Termination of the Subscriber from employment with the Enrolling Group or for any reason except gross misconduct.
- Reduction in the Subscriber's hours of employment.

Coverage for any Enrolled Dependent must have ended due to one of the following qualifying events:

- Termination of the Subscriber from employment with the Enrolling Group, for any reason other than the Subscriber's gross misconduct.
- Reduction in the Subscriber's hours of employment.
- Death of the Subscriber.
- Divorce or legal separation of the Subscriber.
- Loss of eligibility by an Enrolled Dependent who is a child.
- Entitlement of the Subscriber to Medicare benefits.
- The Enrolling Group filed for bankruptcy, under Title 11, United States Code.

**Notification Requirements and Election Period for Continuation Coverage Under State Law**

You must notify the Enrolling Group within 60 days of the following events:

- The Subscriber's divorce or legal separation, or an Enrolled Dependent's loss of eligibility as an Enrolled Dependent.
- The date you would lose coverage under the Policy.
- The date which you are informed of your right to provide notice and the procedures for providing such notice.

You must also notify the Enrolling Group when a second qualifying event occurs, which may extend continuation coverage.

If you fail to notify the Enrolling Group of these events within a 60 day period, the Enrolling Group is not obligated to provide continued coverage. If a Subscriber is continuing coverage under state law, the Subscriber must notify the Enrolling Group within 60 days of the birth or adoption of a child.

The Enrolling Group has 30 days after receiving notice of the event to provide notice to us. We must provide notice to you of your right to elect continuation within 14 days after receiving this notice from the Enrolling group. Continuation must be elected by the later of 60 days after the qualifying event occurs; 60 days after you receive notice of the continuation right from the Enrolling Group. If you waive continuation coverage during this 60 day period, you may revoke the waiver of coverage before the end of the election period. We would then provide continuation coverage beginning on the date the waiver is revoked.

**Premiums for Continuation Under State Law**

Once election is made, forward all monthly Premiums to the Enrolling Group for payment to us.

The monthly contribution for the Premium shall be paid within 45 days of the date of the election.

The Premium amount:

- May not exceed 102% of the plan cost, plus a 2% administrative fee.
- For extended coverage due to a qualifying event of disability, may be increased to 150% of plan cost for the extended period only.

**Terminating Events for Continuation Coverage Under State Law**

Continuation coverage under the Policy will end on the earliest of the following dates:

**Duration of Coverage - Maximum Period**

- 18 months from the date your continuation began if coverage ended due to Subscriber's employment being terminated for any reason except for gross misconduct or due to a reduction in the Subscriber's hours of employment.
• 29 months from the date continuation began for a Subscriber whose employment is terminated for any reason except for gross misconduct or due to a reduction in the Subscriber's hours of employment and who is determined, under the Social Security Act, at any time within the first 60 days of continuation coverage to have been disabled.

• 36 months from the date continuation began for an Enrolled Dependent whose coverage ended because of death of the Subscriber, divorce or legal separation of the Subscriber, or loss of eligibility by an Enrolled Dependent who is a child.

• When the Subscriber was entitled to Medicare prior to a qualifying event:
  • 36 months from the date of the Subscriber's termination from employment or works hours being reduced (first qualifying event) if:
    ♦ The Subscriber's Medicare entitlement occurs within the 18 month continuation period; and
    ♦ If, absent the first qualifying event, the Medicare entitlement would have resulted in a loss of coverage under the Policy.

Duration of Coverage - Early Termination.
• The date coverage ends for failure to make timely payment of the Premium.
• The date coverage ends because you violate a material condition of the Policy.
• The date coverage is or could be obtained under any other group health plan. If such coverage contains a limitation or exclusion with respect to any pre-existing condition, continuation will end on the date such limitation or exclusion ends.
• The date, after electing continuation coverage, that you first become eligible for Medicare.
• The date the Policy ends.

As described in this Amendment, the Policy is modified as stated below.

Because this Amendment is part of a legal document (the group Policy), we want to give you information about the document that will help you understand it. Mental Health Services (including psychiatric services for Autism Spectrum Disorders) and Substance Use Disorder Services are not subject to the pre-service notification requirements described above. Instead, you must obtain prior authorization from the Mental Health/Substance Use Disorder Designee before you receive Covered Health Services. You can contact the Mental Health/Substance Use Disorder Designee at the telephone number on your ID card.

To receive the highest level of Benefits and to avoid incurring the penalties described in the Schedule of Benefits table within each Covered Health Service category, you must call the Mental Health/Substance Use Disorder Designee before obtaining Mental Health Services or Substance Use Disorder Services. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include, but are not limited to, ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning or retrospective review. When you call the Mental Health/Substance Use Disorder Designee as required, you will be given the names of Network providers who are experienced in addressing your specific problems or concerns.

The Mental Health/Substance Use Disorder Designee performs utilization review to determine whether the requested service is a Covered Health Service. The Mental Health/Substance Use Disorder Designee does not make treatment decisions about the kind of behavioral health care you should or should not receive. You and your provider must make those treatment decisions.

**Vision and Hearing**

1. Purchase cost and fitting charge for eye glasses and contact lenses.
2. Implantable lenses used only to correct a refractive error (such as *Intacs* corneal implants).
3. Eye exercise or vision therapy.
4. Surgery that is intended to allow you to see better without glasses or other vision correction. Examples include radial keratotomy, laser, and other refractive eye surgery.
5. Bone anchored hearing aids except when either of the following applies:
   - For Covered Persons with craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid.
   - For Covered Persons with hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid.

More than one bone anchored hearing aid per Covered Person who meets the above coverage criteria during the entire period of time the Covered Person is enrolled under the Policy.

Repairs and/or replacement for a bone anchored hearing aid for Covered Persons who meet the above coverage criteria, other than for malfunctions.

6. **The provision in the Certificate under Section 3: When Coverage Begins, Special Enrollment Period is replaced with the following:**

**Special Enrollment Period**

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.
An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under Medicaid or Children's Health Insurance Program (CHIP). Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period; and
- Coverage under the prior plan ended because of any of the following:
  - Loss of eligibility (including, but not limited to, legal separation, divorce or death).
  - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
  - In the case of COBRA continuation coverage, the coverage ended.
  - The Eligible Person and/or Dependent no longer lives or works in an HMO service area if no other benefit option is available.
  - The plan no longer offers benefits to a class of individuals that include the Eligible Person and/or Dependent.
  - An Eligible Person and/or Dependent incurs a claim that would exceed a lifetime limit on all benefits.
  - The Eligible Person and/or Dependent loses eligibility under Medicaid or Children's Health Insurance Program (CHIP). Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

When an event takes place (for example, a birth, marriage, determination of eligibility for state subsidy), coverage begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day immediately following the day coverage under the prior plan ends. Except as otherwise noted above, coverage will begin only if we receive the completed enrollment form and any required Premium within 31 days of the date coverage under the prior plan ended.
7. The definitions of Alternate Facility, Covered Health Services, Experimental or Investigational Service(s), Intermediate Care, Mental Health Services, Mental Health/Substance Abuse Designee, Mental Illness, Primary Physician, and Sickness, Specialist Physician, in the Certificate under Section 9: Defined Terms are deleted and replaced with the following:

**Alternate Facility** - a health care facility that is not a Hospital and that provides one or more of the following services on an outpatient basis, as permitted by law:

- Surgical services.
- Emergency Health Services.
- Rehabilitative, laboratory, diagnostic or therapeutic services.

An Alternate Facility may also provide Mental Health Services or Substance Use Disorder Services on an outpatient or inpatient basis.

**Covered Health Service(s)** - those health services, including services, supplies, or Pharmaceutical Products, which we determine to be all of the following:

- Provided for the purpose of preventing, diagnosing or treating a Sickness, Injury, Mental Illness, substance use disorders, or their symptoms.
- Consistent with nationally recognized scientific evidence as available, and prevailing medical standards and clinical guidelines as described below.
- Not provided for the convenience of the Covered Person, Physician, facility or any other person.
- Described in the Certificate under Section 1: Covered Health Services and in the Schedule of Benefits.
- Not otherwise excluded in the Certificate under Section 2: Exclusions and Limitations.

In applying the above definition, "scientific evidence" and "prevailing medical standards" shall have the following meanings:

- "Scientific evidence" means the results of controlled clinical trials or other studies published in peer-reviewed, medical literature generally recognized by the relevant medical specialty community.
- "Prevailing medical standards and clinical guidelines" means nationally recognized professional standards of care including, but not limited to, national consensus statements, nationally recognized clinical guidelines, and national specialty society guidelines.

We maintain clinical protocols that describe the scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. These clinical protocols (as revised from time to time), are available to Covered Persons on www.myuhc.com or by calling Customer Care at the telephone number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

**Experimental or Investigational Service(s)** - medical, surgical, diagnostic, psychiatric, mental health, substance use disorders or other health care services, technologies, supplies, treatments, procedures, drug therapies, medications or devices that, at the time we make a determination regarding coverage in a particular case, are determined to be any of the following:

- Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the Humanitarian Use Device exemption are not considered to be Experimental or Investigational.)

- The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- Life-Threatening Sickness or Condition. If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, in our discretion, consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or condition, and that the service would be provided under standards equivalent to those defined by the National Institutes of Health.

**Intermediate Care** - Mental Health or Substance Use Disorder treatment that encompasses the following:

- Care at a Residential Treatment Facility.

- Care at a Partial Hospitalization/Day Treatment program.

- Care through an Intensive Outpatient Treatment program.

**Mental Health Services** - Covered Health Services for the diagnosis and treatment of Mental Illnesses. The fact that a condition is listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment for the condition is a Covered Health Service.

**Mental Health/Substance Use Disorder Designee** - the organization or individual, designated by us, that provides or arranges Mental Health Services and Substance Use Disorder Services for which Benefits are available under the Policy.

**Mental Illness** - those mental health or psychiatric diagnostic categories that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded under the Policy.

**Primary Physician** - a Physician who has a majority of his or her practice in general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine.

**Sickness** - physical illness, disease or Pregnancy. The term Sickness as used in the *Certificate* does not include Mental Illness or substance use disorders, regardless of the cause or origin of the Mental Illness or substance use disorder.

**Specialist Physician** - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, obstetrics/gynecology, family practice or general medicine. For Mental Health Services and Substance Use Disorder Services, any licensed clinician is considered on the same basis as a Specialist Physician.

**Substance Use Disorder Services** - Covered Health Services for the diagnosis and treatment of alcoholism and substance use disorders that are listed in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*, unless those services are specifically excluded. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Service.

**Transitional Care** - Mental Health Services and Substance Use Disorder Services that are provided through transitional living facilities, group homes and supervised apartments that provide 24-hour supervision that are either:
• Sober living arrangements such as drug-free housing, alcohol/drug halfway houses. These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

• Supervised living arrangements which are residences such as transitional living facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

8. The following definitions of Autism Spectrum Disorders, Intensive Outpatient Treatment, Partial Hospitalization/Day Treatment, and Residential Treatment Facility Substance Use Disorder Services and Transitional Care are added to the Certificate under Section 9:

**Defined Terms:**

**Autism Spectrum Disorders** - a group of neurobiological disorders that includes *Autistic Disorder, Rhett's Syndrome, Asperger's Disorder, Childhood Disintegrated Disorder*, and *Pervasive Development Disorders Not Otherwise Specified (PDDNOS)*.

**Intensive Outpatient Treatment** - a structured outpatient Mental Health or Substance Use Disorder treatment program that may be free-standing or Hospital-based and provides services for at least three hours per day, two or more days per week.

**Partial Hospitalization/Day Treatment** - a structured ambulatory program that may be a free-standing or Hospital-based program and that provides services for at least 20 hours per week.

**Residential Treatment Facility** - a facility which provides a program of effective Mental Health Services or Substance Use Disorder Services treatment and which meets all of the following requirements:

- It is established and operated in accordance with applicable state law for residential treatment programs.
- It provides a program of treatment under the active participation and direction of a Physician and approved by the Mental Health/Substance Use Disorder Designee.
- It has or maintains a written, specific and detailed treatment program requiring full-time residence and full-time participation by the patient.
- It provides at least the following basic services in a 24-hour per day, structured milieu:
  - Room and board.
  - Evaluation and diagnosis.
  - Counseling.
  - Referral and orientation to specialized community resources.

A Residential Treatment Facility that qualifies as a Hospital is considered a Hospital.

UNITED HEALTHCARE INSURANCE COMPANY

Allen J. Sorbo, President
Patient Protection and Affordable Care Act (PPACA) Amendment

United HealthCare Insurance Company

As described in this Amendment, the Policy is modified as stated below.

Because this Amendment reflects changes in requirements of Federal law, to the extent it may conflict with any Amendment issued to you previously, the provisions of this Amendment will govern.

Because this Amendment is part of a legal document (the group Policy), we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in the Certificate of Coverage (Certificate) in Section 9: Defined Terms and in this Amendment below.

Maximum Policy Benefit/Limits on Essential Benefits

The Maximum Policy Benefit provision in the Schedule of Benefits, the definition of Maximum Policy Benefit in the Certificate and all references to a Maximum Policy Benefit are deleted. Benefits under the Policy are not limited by a Maximum Policy Benefit.

Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. In addition, any annual dollar limit applicable to the essential benefits listed below is no longer applicable. Essential benefits include the following:

- Ambulatory patient services; emergency services; hospitalization; maternity and newborn care;
- mental health and substance use disorder services (including behavioral health treatment);
- prescription drugs; rehabilitative and habilitative services and devices; laboratory services;
- preventive and wellness services and chronic disease management; and pediatric services,
- including oral and vision care.

On or before the first day of the first plan year beginning on or after September 23, 2010, the Enrolling Group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all Benefits.

Preventive Care

Network Benefits for preventive care that are payable at 100% of Eligible Expenses (without application of any Copayment, Coinsurance, or deductible) apply to the following:

- Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
- Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.
- With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
- With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.
Preexisting Conditions
If your Plan includes a Preexisting condition exclusion, that exclusion does not apply to Covered Persons under age 19.

Dependent Children
The following Dependent Child Special Open Enrollment provision is added to the Certificate, Section 3: When Coverage Begins:

Dependent Child Special Open Enrollment Period
On or before the first day of the first plan year beginning on or after September 23, 2010, the Enrolling Group will provide a 30 day dependent child special open enrollment period for Dependent children who are not currently enrolled under the Policy and who have not yet reached the limiting age. During this dependent child special open enrollment period, Subscribers who are adding a Dependent child and who have a choice of coverage options will be allowed to change options.

Coverage begins on the first day of the plan year beginning on or after September 23, 2010, if we receive the completed enrollment form and any required Premium within 31 days of the date the Dependent becomes eligible to enroll under this special open enrollment period.

All references to Full-time Student status requirements are deleted. The definition of Dependent is replaced with the following:

Dependent - the Subscriber's legal spouse or a child of the Subscriber or the Subscriber's spouse. The term child includes any of the following:

- A natural child.
- A stepchild.
- A legally adopted child.
- A child placed for adoption.
- A child for whom legal guardianship has been awarded to the Subscriber or the Subscriber's spouse.

To be eligible for coverage under the Policy, a Dependent must reside within the United States.

The definition of Dependent is subject to the following conditions and limitations:

- A Dependent includes any child listed above under 26 years of age.
- A Dependent includes an unmarried dependent child age 26 or older who is or becomes disabled and dependent upon the Subscriber.

The Subscriber must reimburse us for any Benefits that we pay for a child at a time when the child did not satisfy these conditions.

A Dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order or other court or administrative order. The Enrolling Group is responsible for determining if an order meets the criteria of a Qualified Medical Child Support Order.

A Dependent does not include anyone who is also enrolled as a Subscriber. No one can be a Dependent of more than one Subscriber.
Fraud or Intentional Misrepresentation of a Material Fact

The terminating provision for Fraud, Misrepresentation or False Information in the Certificate, Section 4: When Coverage Ends is replaced with the following:

- **Fraud or Intentional Misrepresentation of a Material Fact**
  
  You committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include false information relating to another person’s eligibility or status as a Dependent.
  
  When the policy is in effect, we have the right to demand that you pay back these Benefits if the written application or other written statement constituted fraud, or an intentional misrepresentation of a material fact.

Claims and Appeals

Other changes provided for under the PPACA impact how claims and appeals are handled and are applicable to your plan:

- You have the right to appeal a rescission of coverage determination.
- If any new or additional evidence is relied upon or generated by us during the determination of an appeal we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.
- With respect to any urgent request for Benefits you will receive the notice of benefit determination within 24 hours after we have received all necessary information.

Other changes provided for under the PPACA:

Other changes provided for under the PPACA do not impact your plan because your plan already contains these provisions. These include:

- Direct access to OB/GYN care without a referral or authorization requirement.
- The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
- The ability to designate any primary care physician (PCP) that is accepting new patients.
- Prior authorization is not required before you receive services in the emergency department of a Hospital.
- If you seek emergency care from non-Network providers in the emergency department of a Hospital your cost sharing obligations (Copayments/Coinsurance) will be the same as would be applied to care received from Network providers.
Outpatient Prescription Drug

United HealthCare Insurance Company

Schedule of Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at either a Network Pharmacy or a non-Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change, and therefore your Copayment and/or Coinsurance may change. You will pay the Copayment and/or Coinsurance applicable for the tier to which the Prescription Drug Product is assigned.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed, subject to our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month’s supply.

You may determine whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

Notification Requirements

Before certain Prescription Drug Products are dispensed to you, either your Physician, your pharmacist or you are required to notify us or our designee. The reason for notifying us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service.
- It is not an Experimental or Investigational or Unproven Service.

Network Pharmacy Notification

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for notifying us.

Non-Network Pharmacy Notification
When Prescription Drug Products are dispensed at a non-Network Pharmacy, you or your Physician are responsible for notifying us as required.

If we are not notified before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring notification are subject to our periodic review and modification. You may determine whether a particular Prescription Drug Product requires notification through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

If we are not notified before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Cost) will not be available to you at a non-Network Pharmacy. You may seek reimbursement from us as described in the Certificate of Coverage in Section 5: How to File a Claim.

When you submit a claim on this basis, you may pay more because you did not notify us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Cost (for Prescription Drug Products from a Network Pharmacy) or the Predominant Reimbursement Rate (for Prescription Drug Products from a non-Network Pharmacy), less the required Copayment and/or Coinsurance, and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

**Step Therapy**

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Rider or Pharmaceutical Products for which Benefits are described in your Certificate of Coverage are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products or Pharmaceutical Products you are required to use a different Prescription Drug Product(s) or Pharmaceutical Product(s) first.

You may determine whether a particular Prescription Drug Product or Pharmaceutical Product is subject to step therapy requirements through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

**What You Must Pay**

You are responsible for paying the applicable Copayment and/or Coinsurance described in the Benefit Information table.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Maximum stated in your Certificate of Coverage:

- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product and our contracted rates (our Prescription Drug Cost) will not be available to you.

**Prescription Drug Products from a Mail Order Network Pharmacy**

The following supply limits apply:
- As written by the provider, up to a consecutive 90-day supply of a Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits. These supply limits do not apply to Specialty Prescription Drug Products. Specialty Prescription Drug Products from a mail order Network Pharmacy are subject to the supply limits stated above under the heading Specialty Prescription Drug Products.

To maximize your Benefit, ask your Physician to write your Prescription Order or Refill for a 90-day supply, with refills when appropriate. You will be charged a mail order Copayment and/or Coinsurance for any Prescription Orders or Refills sent to the mail order pharmacy regardless of the number-of-days' supply written on the Prescription Order or Refill. Be sure your Physician writes your Prescription Order or Refill for a 90-day supply, not a 30-day supply with three refills.

UNITED HEALTHCARE INSURANCE COMPANY

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List ("PDL") Management Committee is authorized to make tier placement changes on our behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others; therefore, a Prescription Drug Product may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

We may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call Customer Care at the telephone number on your ID card for the most up-to-date tier status.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the Certificate of Coverage in Section 5: How to File a Claim. When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Cost, less the required Copayment and/or Coinsurance, and any deductible that applies.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the non-Network Benefit for that Prescription Drug Product.
Limitation on Selection of Pharmacies

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date we notify you, we will select a single Network Pharmacy for you.

Rebates and Other Payments

We may receive rebates for certain drugs included on the Prescription Drug List. We do not pass these rebates on to you, nor are they taken into account in determining your Copayments and/or Coinsurance.

We, and a number of our affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Rider. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Rider. We are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, we may send mailings to you or to your Physician that communicate a variety of messages, including information about Prescription Drug Products. These mailings may contain coupons or offers from pharmaceutical manufacturers that enable you, at your discretion, to purchase the described drug product at a discount or to obtain it at no charge. Pharmaceutical manufacturers may pay for and/or provide the content for these mailings. Only your Physician can determine whether a change in your Prescription Order or Refill is appropriate for your medical condition.

Special Programs

We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication regimens. You may access information on these programs through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

If the Prescription Drug Product is dispensed by a retail non-Network Pharmacy, you must pay for the Prescription Drug Product at the time it is dispensed and then file a claim for reimbursement with us, as described in Section 5 of your Certificate of Coverage. We will not reimburse you for the difference between the Predominant Reimbursement Rate and the non-Network Pharmacy's Usual and Customary Charge for that Prescription Drug Product. We will not reimburse you for any non-covered drug product.

In most cases, you will pay more if you obtain Prescription Drug Products from a non-Network Pharmacy.

Section 3: Defined Terms

**Brand-name** - a Prescription Drug Product: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that we identify as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "brand name" by the manufacturer, pharmacy, or your Physician may not be classified as Brand-name by us.

**Chemically Equivalent** - when Prescription Drug Products contain the same active ingredient.

**Designated Pharmacy** - a pharmacy that has entered into an agreement with us or with an organization contracting on our behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

**Generic** - a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that we identify as a Generic product based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. You should know that all products identified as a "generic" by the manufacturer, pharmacy or your Physician may not be classified as a Generic by us.

**Network Pharmacy** - a pharmacy that has:

- Entered into an agreement with us or an organization contracting on our behalf to provide Prescription Drug Products to Covered Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by us as a Network Pharmacy.

- The date it is assigned to a tier by our Prescription Drug List Management Committee.
- December 31st of the following calendar year.

**Predominant Reimbursement Rate** - the amount we will pay to reimburse you for a Prescription Drug Product that is dispensed at a non-Network Pharmacy. The Predominant Reimbursement Rate for a particular Prescription Drug Product dispensed at a non-Network Pharmacy includes a dispensing fee and any applicable sales tax. We calculate the Predominant Reimbursement Rate using our Prescription Drug Cost that applies for that particular Prescription Drug Product at most Network Pharmacies.

**Prescription Drug Cost** - the rate we have agreed to pay our Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

**Prescription Drug List** - a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to our periodic review and modification (generally quarterly, but no more than six times per calendar year). You may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at www.myuhc.com or by calling Customer Care at the telephone number on your ID card.

**Prescription Drug List Management Committee** - the committee that we designate for, among other responsibilities, classifying Prescription Drug Products into specific tiers.
**Prescription Drug Product** - a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. **Usual and Customary Charge** - the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Charge includes a dispensing fee and any applicable sales tax.
**Changes in Federal Law that Impact Benefits**

There are changes in Federal law which may impact coverage and Benefits stated in the *Certificate of Coverage (Certificate)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below.

**Patient Protection and Affordable Care Act (PPACA)**

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:
  - Ambulatory patient services; emergency services, hospitalization; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.
  - On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.
  - Essential benefits for plan years beginning prior to January 1, 2014 can only be subject to restricted annual limits. Restricted annual limits for each person covered under the plan may be no less than the following:
    - For plan or policy years beginning on or after September 23, 2010 but before September 23, 2011, $750,000.
    - For plan or policy years beginning on or after September 23, 2011 but before September 23, 2012, $1,250,000.
    - For plan or policy years beginning on or after September 23, 2012 but before January 1, 2014, $2,000,000.
  - Any pre-existing condition exclusions (including denial of benefits or coverage) will not apply to covered persons under the age of 19.
  - Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. If you have a grandfathered plan, the enrolling group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law). Under the PPACA a plan generally is "grandfathered" if it was in effect on March 23, 2010 and there are no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans*.

On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26. During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.

- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:
Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the policy is subject to the statute known as Michelle's Law. This law amends ERISA, the Public Health Service Act, and the Internal Revenue Code and requires group health plans, which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or injury.

• If you do not have a grandfathered plan, in-network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, coinsurance or copayment:
  ▪ Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the United States Preventive Services Task Force.
  ▪ Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.
  ▪ With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the Health Resources and Services Administration.
  ▪ With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the Health Resources and Services Administration.

• Retroactive rescission of coverage under the policy is permitted, with 30 days advance written notice, only in the following two circumstances:
  ▪ The individual performs an act, practice or omission that constitutes fraud.
  ▪ The individual makes an intentional misrepresentation of a material fact.

• Other changes provided for under the PPACA do not impact your plan because your plan already contains these benefits. These include:
  ▪ Direct access to OB/GYN care without a referral or authorization requirement.
  ▪ The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
  ▪ Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out of network providers in the emergency department of a hospital your cost sharing obligations (copayments/coinsurance) will be the same as would be applied to care received from in network providers.

Americans with Disabilities Act
Effective for Policies that are new or renewing on or after October 3, 2009, changes in interpretation of the Americans with Disabilities Act result in the following additional Benefits:

• Benefits are provided for hearing aids required for the correction of a hearing impairment and for charges for associated fitting and testing.

Benefits for hearing aids are subject to payment requirements (Coinsurance, Annual Deductible and Out-of-Pocket Maximums) and annual limits that mirror those applicable to Durable Medical Equipment and Prosthetic Devices as shown in the Schedule of Benefits, however Benefits for hearing aids will never exceed $5,000 per year.
• Benefits for bone anchored hearing aids are a Covered Health Service for which Benefits are provided under the applicable medical/surgical Benefit categories in the Certificate only for Covered Persons who have either of the following:
  ▪ Craniofacial anomalies whose abnormal or absent ear canals preclude the use of a wearable hearing aid.
  ▪ Hearing loss of sufficient severity that it would not be adequately remedied by a wearable hearing aid.

Benefits for bone anchor hearing aids are limited to one per Covered Person during the entire period of time the Covered Person is enrolled under the Policy, and include repairs and/or replacement only if the bone anchor hearing aid malfunctions.

**Mental Health/Substance Use Disorder Parity**

Effective for Policies that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA). Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. MHPAEA requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Changes that result from this requirement affect both prior authorization requirements and excluded services listed in your Certificate as described below.

Exclusions listed in your Certificate for mental health conditions, neurobiological disorders (autism spectrum disorders) and substance use disorders that were specific to these conditions, but that were not applicable to other Sickness or medical conditions, no longer apply.

Prior authorization requirements no longer apply to mental health conditions, neurobiological disorders (autism spectrum disorders) and substance use disorders. Instead, these services will be subject to the pre-service notification requirements that apply to other Covered Health Services described in the Schedule of Benefits attached to your Certificate.

When Benefits are provided for any of the following services, you must provide pre-service notification as described below. If you fail to notify us as required, Benefits will be reduced in the same manner and at the same level as Covered Health Services for the treatment of other Sickness or Injury. You are not required to provide pre-service notification when you seek these services from Network providers. Network providers are responsible for notifying us before they provide these services to you.

• Mental Health Services - inpatient services (including partial hospitalization/day treatment and residential treatment); intensive outpatient program treatment; outpatient electro-convulsive treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; outpatient treatment provided in your home.

• Neurobiological Disorders - Autism Spectrum Disorder services - inpatient services (including partial hospitalization/day treatment and residential treatment); intensive outpatient program treatment; psychological testing; extended outpatient treatment visits beyond 45 - 50 minutes in duration.
duration, with or without medication management; outpatient treatment provided in your home. If Benefits are provided for Applied Behavioral Analysis (ABA), pre-service notification is required.

- Substance Use Disorder Services - inpatient services (including partial hospitalization/day treatment and residential treatment); intensive outpatient program treatment; psychological testing; outpatient treatment of opioid dependence; extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management; outpatient treatment provided in your home.

For a scheduled admission, you must notify us five business days before admission, or as soon as is reasonably possible for non-scheduled admissions (including Emergency admissions).

In addition, you must notify us before the following services are received:

- Intensive outpatient program treatment.
- Outpatient electro-convulsive treatment.
- Psychological testing.
- Outpatient treatment of opioid dependence.
- Extended outpatient treatment visits beyond 45 - 50 minutes in duration, with or without medication management.
- Outpatient treatment provided in your home.

**Children’s Health Insurance Program Reauthorization Act of 2009 (CHIPRA)**

Effective April 1, 2009, the *Children’s Health Insurance Program Reauthorization Act of 2009 (CHIPRA)* expands special enrollment rights under the Policy.

An Eligible Person and/or Dependent may be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage under the prior plan was terminated for cause, or because premiums were not paid on a timely basis.

A special enrollment period applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person and/or Dependent had existing health coverage under *Medicaid* or *Children’s Health Insurance Program (CHIP)* at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period; and

Coverage under the prior plan ended because the Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children’s Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage ended.

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children’s Health Insurance Program (CHIP)*. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
Women's Health and Cancer Rights Act of 1998

As required by the Women's Health and Cancer Rights Act of 1998, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments, Coinsurance and any Annual Deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.
Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement in accordance with the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement in accordance with the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, you will receive written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits in accordance with the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.
Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations:

- You will receive notice of the benefit determination in writing or electronically within 24 hours after we receive all necessary information, taking into account the seriousness of your condition.
- Notice of denial may be oral with a written or electronic confirmation to follow within three days.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally contact our Customer Care department before requesting a formal appeal. If the Customer Care representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a Customer Care representative. If you first informally contact our Customer Care department and later wish to request a formal appeal in writing, you should again contact Customer Care and request an appeal. If you request a formal appeal, a Customer Care representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to Urgent Appeals that Require Immediate Action below and contact our Customer Care department immediately.
How to Appeal a Claim Decision

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a healthcare professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.

- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent requests for Benefits, see Urgent Appeals that Require Immediate Action below.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. We don't determine whether the pending health service is necessary or appropriate. That decision is between you and your Physician.
Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.

In addition, we may share other health information with the plan sponsor for plan administration if the plan sponsor agrees to special restrictions on its use and disclosure of the information in accordance with federal law.

- **For Reminders.** We may use or disclose health information to send you reminders about your benefits or care, such as appointment reminders with providers who provide medical care to you.

We may use or disclose your health information for the following purposes under limited circumstances:

- **As Required by Law.** We may disclose information when required to do so by law.

- **To Persons Involved With Your Care.** We may use or disclose your health information to a person involved in your care or who helps pay for your care, such as a family member, when you are incapacitated or in an emergency, or when you agree or fail to object when given the opportunity. - **For Reporting Victims of Abuse, Neglect or Domestic Violence** to government authorities that are authorized by law to receive such information, including a social service or protective service agency.
• **For Health Oversight Activities** to a health oversight agency for activities authorized by law, such as licensure, governmental audits and fraud and abuse investigations.

• **To Business Associates** that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. Our business associates are required, under contract with us, to protect the privacy of your information and are not allowed to use or disclose any information other than as specified in our contract. As of February 17, 2010, our business associates also will be directly subject to federal privacy laws.

• **For Data Breach Notification Purposes.** We may use your contact information to provide legally-required notices of unauthorized acquisition, access, or disclosure of your health information. We may send notice directly to you or provide notice to the sponsor of your plan through which you receive coverage.

**Additional Restrictions on Use and Disclosure**

Certain federal and state laws may require special privacy protections that restrict the use and disclosure of certain health information, including highly confidential information about you. Attached to this notice is a Summary of Federal and State Laws on Use and Disclosure of Certain Types of Medical Information.

Except for uses and disclosures described and limited as set forth in this notice, we will use and disclose your health information only with a written authorization from you. Once you give us authorization to release your health information, we cannot guarantee that the person to whom the information is provided will not disclose the information. You may take back or "revoke" your written authorization at anytime in writing, except if we have already acted based on your authorization. To find out where to mail your written authorization and how to revoke an authorization, contact the phone number listed on the back of your ID card.

What Are Your Rights

The following are your rights with respect to your health information:

Please note that while we will try to honor your request and will permit requests consistent with our policies, we are not required to agree to any restriction.

• You have the right to request that a provider not send health information to us in certain circumstances if the health information concerns a health care item or service for which you have paid the provider out of pocket in full.

• You have the right to ask to receive confidential communications of information in a different manner or at a different place (for example, by sending information to a P.O. Box instead of your home address). We will accommodate reasonable requests where a disclosure of all or part of your health information otherwise could endanger you. We will accept verbal requests to receive confidential communications, but requests to modify or cancel a previous confidential communication request must be made in writing. Mail your request to the address listed below.

• You have the right to see and obtain a copy of health information that may be used to make decisions about you such as claims and case or medical management records. In certain limited circumstances, we may deny your request to inspect and copy your health information. We may charge a reasonable fee for any copies. If we deny your request, you have the right to have the denial reviewed. As of February 17, 2010, if we maintain an electronic health record containing your health information, you have the right to request that we send a copy of your health information in an electronic format to you or to a third party that you identify. We may charge a reasonable fee for sending the electronic copy of your health information.

• You have the right to ask to amend information we maintain about you if you believe the health information about you is wrong or incomplete. Your request must be in writing and provide the reasons for the requested amendment. Mail your request to the address listed below. If we deny your request, you may have a statement of your disagreement added to your health information.
You have the right to receive an accounting of certain disclosures of your information made by us during the six years prior to your request. This accounting will not include disclosures of information made: (i) prior to April 14, 2003; (ii) for treatment, payment, and health care operations purposes; (iii) to you or pursuant to your authorization; and (iv) to correctional institutions or law enforcement officials; and (v) other disclosures for which federal law does not require us to provide an accounting.

As a participant in the plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA).

Receive Information about Your Plan and Benefits

You are entitled to examine, without charge, at the Plan Administrator's office and at other specified locations, such as worksites and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

You are entitled to obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated Summary Plan Description. The Plan Administrator may make a reasonable charge for the copies.

Continue Group Health Plan Coverage

You are entitled to continue health care coverage for yourself, spouse or Dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your Dependents may have to pay for such coverage. The Plan Sponsor is responsible for providing you notice of your COBRA continuation rights. Review the Summary Plan Description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

You are entitled to a reduction or elimination of exclusionary periods of coverage for preexisting conditions under your group health plan, if you have creditable coverage from another group health plan. You should be provided a certificate of creditable coverage, in writing, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to elect COBRA continuation coverage, when your COBRA continuation coverage ceases, if you request it before losing coverage, or if you request it up to 24 months after losing coverage. You may request a certificate of creditable coverage by calling the number on the back of your ID card. Without evidence of creditable coverage, you may be subject to a preexisting condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in your coverage.

Prudent Actions by Plan Fiduciaries

In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person may fire you or otherwise discriminate against you in any way to prevent you from obtaining a welfare benefit or exercising your rights under ERISA.

Enforce Your Rights

If your claim for a welfare benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you up to $110 a day until you receive the
materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If you have a claim for Benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

**Assistance with Your Questions**

If you have any questions about your plan, you should contact the Plan Administrator.
