CMU Tuition Waiver Application

CMU requires ECC verification of full-time employment status prior to the first day of class. The employee must complete the Non-CMU Employees Application for Faculty/Staff Benefit each academic year. Failure to complete the form in advance will result in denial of waiver benefits.
The first year an employee, a spouse and/or un-emancipated child(ren) applies for the tuition waiver they must complete the federal and state aid application (FAFSA). In subsequent years, if they have not qualified for state or federal grant assistance, they do not need to complete the renewal FAFSA. The Director of Financial Assistance has the option of requesting the FAFSA be completed if he/she is aware of circumstances that may result in the reduction of the family’s EFC. If the student desires a Stafford Loan, the FAFSA will be required.

**CMU Course Enrollment**

Students may self-enroll using the MyCMU portal, in most cases. If new, they have to work through the local office first to complete a registration form and other paperwork. At any time, they may also register through the local office. The course itself, as well as the day and time of the course, are subject to approval based on availability.

Employee, spouse and/or un-emancipated child(ren) using a tuition waiver who withdraw or wish to repeat a course are subject to the applicable academic policies and may receive a waiver for only one repeat per course.

Full-time employees who voluntarily leave ECC prior to completing the approved course may be responsible for the tuition cost for the courses for themselves, spouse and/or un-emancipated child(ren).

**Grade Requirements**

Grade “C” or better for undergraduate level course work or grade “B” or better for graduate level course work is required for waiver benefit. The employee, spouse and/or un-emancipated child(ren) may be required to reimburse for course if not meeting the grade requirement.
