Report on the Financial Statements

We have audited the accompanying financial statements of the business type activities, as of and for the years ended June 30, 2016 and 2015, and the discretely presented component unit as of and for the years ended December 31, 2015 and 2014, of the Junior College District of East Central Missouri (the "College"), and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the College's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Junior College District of East Central Missouri as of June 30, 2016 and 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America. Further, in our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the discretely presented component unit of the College as of December 31, 2015 and 2014, and the respective changes in financial position and, where applicable, cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and pension information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Junior College District of East Central Missouri's basic financial statements. The Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements.

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Changes in Accounting Principle

As discussed in Note A to the basic financial statements, the College adopted the provisions of GASB Statement No. 68 – *Accounting and Financial Reporting for Pensions*, as amended by GASB Statement No. 71 – *Pension Transition for Contributions Made Subsequent to the Measurement Date*, during the year ended June 30, 2015.

Disclaimer of Opinion on Statistical Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Junior College District of East Central Missouri's basic financial statements. Enrollment Data and Schedule of Bond and Interest Requirements, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 22, 2016, on our consideration of the Junior College District of East Central Missouri's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Junior College District of East Central Missouri's internal control over financial reporting and compliance.

MANAGEMENT’S DISCUSSION AND ANALYSIS

Introduction

Management's discussion and analysis is an overview of the financial position and financial activities of the Junior College District of East Central Missouri (the "College"). The College's management prepared this discussion. It should be read in conjunction with the financial statements and notes that follow.

The College prepared the financial statements in accordance with Government Accounting Standards Board ("GASB") principles. The College has implemented GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. GASB Statement No. 35 established standards for external financial reporting for public colleges and universities and requires that financial statements be presented on a consolidated basis to focus on the College as a whole. The College has also adopted GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, by including the East Central College Foundation as a discretely presented component unit of the College. The East Central College Foundation (the "Foundation") is a legally separate, tax-exempt entity. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs and to provide scholarships to the students attending the College.

There are three financial statements presented for the College: the Statements of Net Position, the Statements of Revenues, Expenses, and Changes in Net Position, and the Statements of Cash Flows. In addition, there are three financial statements presented for the Foundation: Statements of Financial Position, Statements of Activities and Statements of Cash Flows.

Statements of Net Position

The Statements of Net Position present the assets, deferred outflows, liabilities, deferred inflows, and net position of the College at the end of the fiscal years, June 30, 2016 and 2015. The purpose of the Statements of Net Position is to present a picture of the financial condition of the College. Total net position, which is the difference between total assets and deferred outflows and total liabilities and deferred inflows, is one of the indicators of the current financial condition of the College.

The assets and liabilities are categorized as current or noncurrent. Current assets consist primarily of cash and cash equivalents, short-term investments, net accounts receivable, bookstore inventories, and other assets. Noncurrent assets consist primarily of capital assets, including the property, plant and equipment owned by the College, net of any accumulated depreciation.

Net position is presented in three major categories: (1) Capital assets, which represents the College's equity in its property, plant, and equipment, (2) Restricted, those funds that are limited in terms of the purpose and time for which the funds can be spent, and (3) Unrestricted, which are available to the College for any lawful purpose.

The following table of the College's net position at June 30, 2016, 2015 and 2014, shows the unrestricted portion at $(3.9) million, $(5.1) million and $(5.7) million, respectively.

TOTAL	$ 2,575,027

Net capital assets increased by $786,882. Capital expenditures, detailed above, totaled $2,575,027. Depreciation of $1,779,810 was recorded.

Statements of Revenues, Expenses and Changes in Net Position

The Statements of Revenues, Expenses and Changes in Net Position present the College's financial results for the fiscal year. The statements include the College's revenues and expenses, both operating and non-operating.

Operating revenues and expenses are those for which the College directly exchanges goods and services. Tuition and fees are examples of operating revenues. Non-operating revenues and expenses are those that exclude specific, direct exchanges of goods and services. Local property tax revenue and state aid are two examples of non-operating revenues where the local taxpayers and state legislature, respectively, do not directly receive goods and services for the revenue.

The following is a summarized version of the College's revenues, expenses, and changes in net position for the years ended June 30, 2016, 2015 and 2014.

	2016	2015	2014
Operating revenue	$ 18,806,060	$ 20,303,444	$ 22,205,476

Cash and Cash Equivalents, End of year	$ 5,233,332	$ 6,245,848	$ 6,665,650

Debt Administration

Total debt of the College as of June 30, 2016, was $17,610,756, which is up $2,967,116 from the prior year. See Note F, long-term liabilities, to the financial statements for details of this increase.

Economic Outlook

The economic outlook for East Central College heading into 2017 appears to have better stabilized over past years. However, enrollment is still showing declines and is not expected to see any increases in the near future. Administration believes the new industry training facility recently brought online will help level the enrollment decline. State aid has not been as sharply reduced as previous years, but has slightly grown. With the change in the Governor's office it is unknown what effect it will have on academic financial policy. In the past, the Legislature has had a deep understanding of the importance of higher education funding and its effect on the state economy, we see this continuing. Assessed valuation is up 3% overall for 2016. Indicators seem as if the college is coming out of the "bottoming out" of the past economic downturn, and there is evidence that limited growth is in the short-term forecast.

Following sharp increases in enrollment that began in Spring 2008 and continued through Fall 2010, the college began experiencing a contraction in Spring 2011. On the Fall 2016 census date, the college had 2,966 students enrolled for 28,442 credit hours, compared to 3,222 students enrolled for 30,982 credit hours for the Fall 2015 census date. Student headcount decreased by 7.9% (compared to a 10.6% decline the previous Fall) while credit hours declined by 8.2% (compared to a 11.8% drop the previous Fall). Enrollment has fallen below the 2008 benchmark. At the same time, state aid to community colleges has begun to steady and looks to slightly increase. The FY16 appropriation of state aid to community colleges increased over FY15, but administrative withholdings at the beginning of the fiscal year resulted in an effective reduction of 3% from the appropriation. The College budgeted for a 3% withholding, and the possibility of additional mid-year reductions still exist based on state revenue collection. There is cautious confidence that the upcoming state budget will not include further reductions to higher education with an optimistic potential for a slight increase. The third primary component of the college's general revenue is local tax revenue. The college's assessed valuation rose 3% between 2015 and 2016, $1,620,881,736 in 2015 to $1,670,240,762 in 2016. This follows a year in which the assessed valuation fell by 2.3%.

In order to operate in the current climate, the college has addressed both revenue and expenses that fall under its control. The college has a differential tuition model for Precision Machining, Industrial Engineering Technology, Nursing, and Culinary Arts classes (Tier 2). For those classes the in-district rate is $95 per credit hour, $139 for out-of-district, $210 for out-of-state, and $226 for international. All other classes remain the same as the previous year's rate (Tier 1), in-district rate is $76 per credit hour, $111 for out-of-district, $168 for out-of-state, and $181 for international. Despite the two tier model, East Central College continues to have one of the lowest tuition rates of any college or university in Missouri. For the 2017-2018 school year rates will raise in Tier 1 to in-district rate for $80 per credit hour, $117 for out-of-district, $168 for out-of-state, and $181 for international. Tier 2 sees 2017-2018 rates set at in-district rate is $99 per credit hour, $145 for out-of-district, $218 for out-of-state, and $226 for international. In addition to addressing revenue through tuition and fees, the college continues to work to reduce costs through operating efficiency improvements. For FY17 the Board authorized a $1,000 increase for full time employees and $500 for part time plus 1% salary increase for all employees.

Development of the FY18 budget will require careful analysis of state revenue, actual collection of local tax revenue, the level of new construction at the college, local employment levels, enrollment trends, and continued expansion of operational efficiencies.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Junior College District of East Central Missouri (the "College") was formed in 1968 and includes portions of Franklin, Crawford, Gasconade, St. Charles, Warren and Washington counties. Permanent facilities at Union, Missouri were first occupied during the 1971-72 school year.

The financial statements of the College conform to accounting principles generally accepted in the United States of America as applicable to governments. The more significant of the College's accounting policies are described below.

Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Financially accountable means the primary government is accountable for the component unit and the primary government is able to impose its will or the component unit may provide financial benefits or impose a burden on the primary government. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The College is a primary government, which is governed by an elected six-member board. As required by accounting principles generally accepted in the United States of America, the College has evaluated the above criteria to determine whether any other entity meets the definition of a component unit and must be included in these financial statements. The component unit discussed below is included in the College's reporting entity because of the significance of its operational or financial relationships with the College.

Component Unit

Discretely Presented Component Unit:

East Central College Foundation, Inc.

East Central College Foundation, Inc. (the "Foundation") is a private non-profit organization that reports under FASB Accounting Standards Codification (ASC) 958-205 and subsections. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's audited financial information as it is presented.

The Foundation's year end is December 31. The College presents the Foundation financial statements of the calendar year end that falls within the College's fiscal year end.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

During the years ended June 30, 2016 and 2015, the Foundation distributed $106,735 and $119,020 to the College or its students for both restricted and unrestricted purposes.

Basis of Accounting

The College has adopted GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38. GASB Statement No. 35 established standards for external financial reporting for public colleges and universities. The College reports as a Business-Type Activity, as defined by GASB Statement No. 35.

The basic financial statements are presented using the current financial resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The College's resources are classified for accounting and reporting purposes into the following net position categories:

Net Investment in Capital Assets **–** Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

Restricted **–** Net position whose use by the College is subject to externally imposed stipulations that they can be fulfilled by actions of the College pursuant to those stipulations or that expire by the passage of time. When the College is able to utilize restricted expendable assets or unrestricted assets, it utilizes the restricted assets first. The College's restricted net position reflect unspent tax levy proceeds restricted for debt service and unspent contributions with purpose restrictions.

Unrestricted **–** Net position that is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

In circumstances when a disbursement is made for a purpose for which amounts are available in multiple net position categories, net position is depleted in restricted before unrestricted.

Operating Activities

The College's policy for defining operating activities as reported on the statements of revenues, expenses and changes in net position are those that generally result from exchange transactions such as payments received for providing services and payments made for services or goods received. Nearly all of the College's expenses are from exchange transactions. Certain significant revenue streams relied upon for operations are recorded as nonoperating revenues, as defined by GASB Statement No. 35, including state appropriations and local property taxes.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents

For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash and cash equivalents.

Investments

Investments, which consist of certificates of deposits, are stated at fair market value. Fair market value is estimated based on published market prices at year-end. The College categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Receivables

Receivables from students are deemed to be substantially collectible. All property tax receivables are delinquent and have been written off. Other receivables are comprised mainly of receivables related to book store operations and interest income and no allowances are deemed necessary.

Inventories

Bookstore materials and supplies are carried in an inventory account at average cost and are subsequently charged to supplies and other services when sold or when consumed.

Capital Assets

Capital assets, including land, buildings, improvements, infrastructure, and equipment assets, are reported in the business-type activities. Capital assets are defined by the College as assets with an initial, individual cost of more than $5,000 and an initial useful life of one year or greater. Such assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed less interest income earned on debt proceeds.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Buildings, improvements, infrastructure and equipment assets are depreciated using the modified half-month depreciation method, (straight line depreciation with a half month depreciation if placed in service before the middle of the month, otherwise no depreciation until the next full month) over the following estimated useful lives:

Assets	Years
Buildings	40
Land improvements	20-25
Equipment	5-7
Vehicles	6

Unearned Revenue

These balances consist of one half of summer student fees of $276,273, all fall session student fees of $2,743,022, and various other unearned amounts totaling $10,175, totaling $3,029,470 for 2016 and totaling $3,264,857 for 2015.

Classification of Revenues

The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating Revenues – Operating revenues include activities that have the characteristics of exchange transactions, such as student tuition and fees; sales and services of auxiliary enterprises; most federal, state, and local grants and contracts and federal appropriations; and interest on student loans. Revenue from operating sources is recognized when earned.

Nonoperating Revenues – Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Fund Accounting*, and GASB No. 34, such as state appropriations and investment income.

Scholarship Allowance

Student tuition and fee revenues are presented net of financial assistance and scholarships applied to student accounts.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Post-Employment Health Care Benefits

Retiree Benefits – The College offers post-employment health care benefits to all employees who retire from the College. Retirees are eligible as long as they receive retirement benefits under the Public School Retirement System. Retirees pay 100% of their own premiums.

COBRA Benefits – Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the College makes health care benefits available to eligible former employees and their dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured each month. This program is offered for a duration of 18 months after the employee's termination date. There is no associated cost to the College under this program.

There were 56 former employees receiving retiree or COBRA benefits as of June 30, 2016, and 58 as of June 30, 2015.

Compensated Absences

Vacation time, personal business days, and sick leave are recorded as expenses and liabilities in the fiscal year earned. Only accrued vacation is paid out at current hourly rates upon termination.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. Currently, the College has one item that qualifies for reporting in this category, deferred amounts relating to employer contributions to the retirement plan.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The College has one type of item that qualifies for reporting in this category, deferred pension inflows relating to the retirement plan. These amounts are recognized as an inflow of resources in the period that the amounts become available.

New Pronouncements

The Government Accounting Standards Board (GASB) issued Statement No. 68 – *Accounting and Financial Reporting for Pensions* for reporting periods beginning after June15, 2014. The statement establishes standards for measuring and recognizing liabilities, deferred inflows and outflows of resources, and expenses relating to pensions, note disclosures, and required supplementary information. The College adopted GASB Statement No. 68 for the year ended June 30, 2015.

GASB issued Statement No. 72 – *Fair Value Measurement and Application* for reporting periods beginning after June 15, 2015. The statement addresses accounting and financial reporting issues related to fair value measurement. The College adopted GASB Statement No. 72 for the year ended June 30, 2016.

Reclassification

Certain June 30, 2015, amounts have been reclassified to the June 30, 2016, presentation.

NOTE B – CASH, CASH EQUIVALENTS AND INVESTMENTS

The College categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

Investments of the College as of June 30, 2016, are as follows:

Investment Type	Maturity	Not Subject to Fair Value	Level 1 Inputs	Total
Certificates of Deposit	8/7/16 to 11/14/17	$ 1,590,045	$ -	$ 1,590,045
U.S. Treasury Notes (SLGS)	2/15/2017	-	4,013,551	4,013,551
		$ 1,590,045	$ 4,013,551	$ 5,603,596

NOTE B – CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)

Investments of the College as of June 30, 2015, are as follows:

Investment Type	Maturity	Not Subject to Fair Value	Level 1 Inputs	Total
Certificates of Deposit	8/2/15 to 4/4/16	$ 2,090,000	$ -	$ 2,090,000

Interest Rate Risk and Credit Risk

State law permits public colleges to invest in obligations of the State of Missouri or U.S. government and obligations of government agencies. The college does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of failure of the counter party, the College will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. State law requires depository financial institutions to pledge as collateral for public funds on deposit by governmental unit securities which, when combined with the Federal Deposit Insurance Corporation (FDIC) insurance, are at least equal to the amount on deposit at all times. The College's policy is to have collateral and insurance equal to at least 100% of the amount on deposit. At June 30, 2016 and 2015, the College's deposits bank balance was insured or collateralized as follows:

	2016	2015
FDIC Insurance	$ 340,974	$ 342,464
Collateralized	6,931,420	11,503,087
TOTAL	$ 7,272,394	$ 11,845,551

At June 30, 2016 and 2015, all of the College's deposits, were insured or collateralized with securities held by the College's agent in the College's name.

Concentration of Credit Risk

The College places no limit on the amount the College may invest in any one issuer. More than 5% of the College's total cash and investments are in the following issuer as of June 30, 2016 and 2015:

NOTE B – CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)

	2016	2015
United Bank of Union	$ 7,181,420	$ 9,330,530
UMB	4,013,551	-
	$ 11,194,971	$ 9,330,530

NOTE C – RESTRICTED ASSETS AND NET POSITION

Cash and investments and net position are reported as restricted when there are limitations imposed on their use either through enabling action adopted by the College or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. At June 30, 2016 and 2015, restricted cash and investments consisted of $4,270,481 and $1,637,089, respectively, for debt service requirements. At June 30, 2016 and 2015, restricted net position consisted of $4,005,555 and $1,367,265, respectively, for fulfillment of debt reserve requirements.

NOTE D – ACCOUNTS RECEIVABLE

Accounts receivable is presented net of allowance for doubtful accounts as of June 30, 2016 and 2015, as follows:

	2016		
	Gross Receivable	Allowance	Net Receivable
Student receivables	$ 3,196,403	$ 71,692	$ 3,124,711

NOTE G – RETIREMENT PLAN

Public School Retirement System of Missouri and Public Education Employee Retirement System of Missouri

Summary of Significant Accounting Policies

Financial reporting information included in the notes to the financial statements pertaining to the College's participation in the Public School Retirement System of Missouri and the Public Education Employee Retirement System of Missouri (PSRS and PEERS, also referred to as the Systems) are prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions,* as amended by GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date* as applicable to the College's accrual basis of accounting.

The net position, as well as additions to and deductions from the net position, of PSRS and PEERS have been determined on the same basis as they are reported by the Systems. The financial statements were prepared using the accrual basis of accounting. Member and employer contributions are recognized when due, pursuant to formal commitments and statutory requirements. Benefits and refunds of employee contributions are recognized when due and payable in accordance with the statutes governing the Systems. Expenses are recognized when the liability is incurred, regardless of when payment is made. Investments are reported at fair value on a trade date basis. The net position is reflected in the measurement of the College's net pension liability, deferred outflow of resources related to pensions and pension expense.

General Information about the Pension Plan

Plan Description. PSRS is a mandatory cost-sharing multiple employer retirement system for all full-time certificated employees and certain part-time certificated employees of all public school Colleges in Missouri (except the school Colleges of St. Louis and Kansas City) and all public community colleges. PSRS also includes certificated employees of PSRS, Missouri State Teachers' Association, Missouri State High School Activities Association, and certain employees of the State of Missouri who elected to remain covered by PSRS under legislation enacted in 1986, 1987 and 1989. The majority of PSRS members are exempt from Social Security contributions. In some instances, positions may be determined not to be exempt from Social Security contributions. Any PSRS member who is required to contribute to Social Security comes under the requirements of Sections 169.070 (9) RSMo, known as the "2/3's statute." PSRS members required to contribute to Social Security are required to contribute two-thirds of the approved PSRS contribution rate and their employer is required to match the contribution. The members' benefits are further calculated at two-thirds the normal benefit amount.

NOTE G – RETIREMENT PLAN (continued)

Plan Description. PEERS is a mandatory cost-sharing multiple employer retirement system for all public school College employees (except the school Colleges of St. Louis and Kansas City), employees of the Missouri Association of School Administrators, and community college employees (except the Community College of St. Louis). Employees of covered Colleges who work 20 or more hours per week on a regular basis and who are not contributing members of the Public School Retirement System of Missouri (PSRS) must contribute to PEERS. Employees of PSRS who do not hold Missouri educator certificates also contribute to PEERS. PEERS was established as a trust fund by an Act of the Missouri General Assembly effective October 13, 1965. Statutes governing the System are found in Sections 169.600 - 169.715 and Sections 169.560 - 169.595 RSMo. The statutes place responsibility for the operation of PEERS on the Board of Trustees of the Public School Retirement System of Missouri.

Benefits Provided. PSRS is a defined benefit plan providing retirement, disability, and death/survivor benefits. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the “Rule of 80” (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 2.5% benefit factor. Beginning July 1, 2001, and ending July 1, 2014, a 2.55% benefit factor is used to calculate benefits for members who have 31 or more years of service. Actuarially age-reduced benefits are available for members with five to 24.9 years of service at age 55. Members who are younger than age 55 and who do not qualify under the “Rule of 80” but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Benefits Provided. PEERS is a defined benefit plan providing service retirement and disability benefits to its members. Members are vested for service retirement benefits after accruing five years of service. Individuals who (a) are at least age 60 and have a minimum of five years of service, (b) have 30 years of service, or (c) qualify for benefits under the “Rule of 80” (service and age total at least 80) are entitled to a monthly benefit for life, which is calculated using a 1.61% benefit factor. Members qualifying for "Rule of 80" or "30-and-out" are entitled to an additional temporary .8% benefit multiplier until reaching minimum Social Security age (currently age 62). Actuarially age-reduced retirement benefits are available with five years of service at age 55. Members who are younger than age 55 and who do not qualify under the “Rule of 80” but have between 25 and 29.9 years of service may retire with a lesser benefit factor. Members that are three years beyond normal retirement can elect to have their lifetime monthly benefits actuarially reduced in exchange for the right to also receive a one-time partial lump sum (PLSO) payment at retirement equal to 12, 24, or 36 times the Single Life benefit amount.

Summary Plan descriptions detailing the provisions of the plans can be found on the Systems’ website at www.psrs-peers.org.

NOTE G – RETIREMENT PLAN (continued)

Cost-of-Living Adjustments ("COLA"). The Board of Trustees has established a policy of providing a 2.00% COLA for years in which the CPI increases between 0.00% and 5.00%. If the CPI increase is greater than 5.00%, the Board will provide a COLA of 5.00%. If the CPI decreases, no COLA is provided. For any PSRS member retiring on or after July 1, 2001, such adjustments commence on the second January after commencement of benefits and occur annually thereafter. For PEERS members, such adjustments commence on the fourth January after commencement of benefits and occur annually thereafter. The total of such increases may not exceed 80% of the original benefit for any member.

Contributions. PSRS members were required to contribute 14.5% of their annual covered salary during fiscal year 2016. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 1% of pay. Contributions for employees of the State of Missouri were made by the state in accordance with the actuarially determined contribution rate needed to fund current costs and prior service costs of state employees as authorized in Section 104.342.8 RSMo.

Contributions. PEERS members were required to contribute 6.86% of their annual covered salary during fiscal year 2016. Employers were required to match the contributions made by employees. The contribution rate is set each year by the PSRS Board of Trustees upon the recommendation of the independent actuary within the contribution restrictions set in Section 169.030 RSMo. The annual statutory increase in the total contribution rate may not exceed 0.5% of pay.

The College's contributions to PSRS and PEERS were $1,214,804 and $205,400, respectively, for the year ended June 30, 2016. The College's contributions to PSRS and PEERS were $1,209,650 and $217,873, respectively, for the year ended June 30, 2015.

Pension Liability

At June 30, 2016, the College had a liability of $10,633,608 for its proportionate share of PSRS' net pension liability and $1,120,224 for its proportionate share of PEERS' net pension liability. In total the College had a net pension liability of $11,753,832. The net pension liability for the plans in total was measured as of June 30, 2015, and determined by an actuarial valuation as of that date. The College's proportionate share of the total net pension liability was based on the ratio of its actual contributions paid to PSRS and PEERS of $1,209,650 and $217,873, respectively, for the year ended June 30, 2015, relative to the actual contributions of $656,578,122 for PSRS and $102,864,099 for PEERS from all participating employers. At June 30, 2016, the College's proportionate share was 0.1842% for PSRS and 0.2118% for PEERS.

For the year ended June 30, 2016, the College recognized pension expense of $612,627 for PSRS and $91,910 for PEERS, its proportionate share of the total pension expense. The College also recognized expense of $11,431 for contributions to PSRS related to employee reciprocity and other service transfers. For the year ended June 30, 2015, the College recognized pension expense of $299,454 for PSRS and $63,373 for PEERS; its proportionate share of the total pension expense.

NOTE G – RETIREMENT PLAN (continued)

At June 30, 2016, the College reported deferred outflows of resources and deferred inflows of resources from the following sources related to PSRS and PEERS pension benefits:

	PSRS		PEERS		Total

NOTE G – RETIREMENT PLAN (continued)

Amounts reported as deferred outflows of resources resulting from contribution subsequent to the measurement date of June 30, 2015, will be recognized as a reduction to the net pension liability in the year ended June 30, 2016. Other amounts reported as collective deferred (inflows) / outflows of resources are to be recognized in pension expense as follows:

Year Ending June 30,		PSRS	PEERS	Total
2017		$ (243,454)	$ (73,538)	$ (316,992)
2018		(243,454)	(73,538)	(316,992)

Payable to the Pension Plan

At June 30, 2016, the College reported a payable of $228,183 and $36,211, respectively, for the outstanding PSRS and PEERS contributions to the pension plan required for the year ended June 30, 2016.

At June 30, 2015, the College reported a payable of $230,358 and $36,077, respectively, for the outstanding PSRS and PEERS contributions to the pension plan required for the year ended June 30, 2015.

Actuarial Assumptions

Actuarial valuations of the Systems involves estimates of the reported amount and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The last experience study was conducted in 2011 and the next experience study is scheduled for 2016.

There were no changes in significant actuarial assumptions for the years ended June 30, 2016 and 2015.

Significant actuarial assumptions and other inputs used to measure the total pension liability:

- Measurement Date – June 30, 2015
- Valuation Date – June 30, 2015
- Expected Return on Investments – 8.00%, net of investment expenses and including 2.5% inflation

NOTE G – RETIREMENT PLAN (continued)

- Inflation – 2.50%
- Total Payroll Growth
  - PSRS – 3.50% per annum, consisting of 2.50% inflation, 0.50% additional inflation due to the inclusion of health care costs in pension earnings, and 0.50% of real wage growth.
  - PEERS – 3.75% per annum, consisting of 2.50% inflation, 0.75% additional inflation due to the inclusion of health care costs in pension earnings, and 0.50% of real wage growth.
- Future Salary Increases
  - PSRS – 4.00% - 10.00%, depending on service and including 2.50% inflation, 0.50% additional inflation due to the inclusion of health care costs in pension earnings, and real wage growth of 1.00% to 7.00%.
  - PEERS – 5.00% - 12.00%, depending on service and including 2.50% inflation, 0.75% additional inflation due to the inclusion of health care costs in pension earnings, and real wage growth of 1.75% to 8.75%.
- Cost-Of-Living Increases
  - PSRS – 2.0% compounded annually, beginning on the second January after retirement and capped at 80% lifetime increase.
  - PEERS – 2.0% compounded annually, beginning on the fourth January after retirement and capped at 80% lifetime increase.
- Mortality Assumption
  - Actives
    - PSRS – RP 2000 Mortality Table set back one year for males and six years for females, then projected to 2016 using Scale AA.
    - PEERS – RP 2000 Mortality Table set back one year for males and six years for females, then projected to 2016 using Scale AA.
  - Non-Disabled Retirees, Beneficiaries and Survivors
    - PSRS – RP 2000 Mortality Table set back one year for both males and females, then projected to 2016 using Scale AA.
    - PEERS – RP 2000 Mortality Table set forward one year for males and no set back/forward for females, then projected to 2016 using Scale AA.
  - Disabled Retirees
    - PSRS – RP 2000 Disabled Mortality Table
    - PEERS – RP 2000 Disabled Mortality Table

NOTE G – RETIREMENT PLAN (continued)

- Changes in Actuarial Assumptions and Methods – There were no changes in actuarial assumptions or methods for the June 30, 2015, valuation.
- Fiduciary Net Position – The Systems issue a publicly available financial report that can be obtained at www.psrs-peers.org.
- Expected Rate of Return – The long-term expected rate of return on the Systems' investments was determined using a building-block method in which best-estimate ranges of expected future real rates of returns (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Systems' target allocation as of June 30, 2015, is summarized below along with the long term geometric return. Geometric return (also referred to as the time weighted return) is considered standard practice within the investment management industry. Geometric returns represent the compounded rate of growth of a portfolio. The method eliminates the effects created by cashflows.

Asset Class	**Target Asset Allocation**	**Long-Term Expected Real Return Arithmetic Basis**	**Weighted Long-Term Expected Real Return Arithmetic Basis**
U.S. Public Equity	27.0%	5.85%	1.58%
Public Credit	12.0%	2.44%	0.29%
Hedged Assets	6.0%	5.22%	0.31%
Non-U.S. Public Equity	15.0%	6.64%	1.00%
U.S. Treasuries	16.0%	1.01%	0.16%
U.S. TIPS	4.0%	1.12%	0.04%
Private Credit	2.0%	7.61%	0.15%
Private Equity	10.5%	8.61%	0.90%
Private Real Estate	7.5%	4.60%	0.35%
Total	100.0%		4.78%
		Inflation	2.50%
		Long-term arithmetical nominal return	7.28%
		Effect of covariance matrix	0.81%
		Long-term expected geometric return	8.09%

NOTE G – RETIREMENT PLAN (continued)

- Discount Rate – The discount rate used to measure the total pension liability was 8.00% as of June 30, 2015, and is consistent with the long-term expected geometric return on the Systems' investments. The projection of cash flows used to determine the discount rate assumed that employer contributions would be made at the actuarially calculated rate computed in accordance with assumptions and methods stated in the funding policy adopted by the Board of Trustees, which requires payment of the normal cost and amortization of the unfunded actuarially accrued liability in level percent of employee payroll installments over 30 years utilizing a closed period, layered approach. Based on this assumption, the Systems' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.
- Discount Rate Sensitivity – The sensitivity of the College's net pension liability to changes in the discount rate is presented below. The College's net pension liability calculated using the discount rate of 8.0% is presented as well as the net pension liability using a discount rate that is 1.0% lower (7.0%) or 1.0% higher (9.0%) than the current rate.

The sensitivity of the College's net pension liabilities to changes in the discount rate is presented below. The College's net pension liabilities calculated using the discount rate of 8.0% is presented as well as the net pension liabilities using a discount rate that is 1.0% lower (7.0%) or 1.0% higher (9.0%) than the current rate.

NOTE H – TAXES

Property taxes attach an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable by December 31. The counties of the College collect the property taxes and remit payments to the College.

The assessed valuations of the College on January 1, 2016 and 2015, upon which the levies for fiscal years 2016 and 2015 were based, were $1,625,608,304 and $1,632,920,966, respectively. The tax levy per $100 of assessed valuation was as follows:

	2016	2015
General operations	$ .3700	$ .3700
Debt service	.0841	.0841
TOTAL LEVY	$ .4541	$ .4541

NOTE I – OPERATING LEASES

The College was committed under the following operating leases, all which were entered into on July 1, 2015, and will expire on June 30, 2016, with the exception of the Columbia College lease, which was entered into on November 1, 2013, and will expire on October 31, 2018.

	2016	2015
Southwest Area Center	$ 22,536	$ 21,876
R-Tech (Washington)	77,991	80,769
R-Tech (Rolla)	145,530	142,730
Columbia College	138,244	233,044
TOTAL REMAINING LEASE OBLIGATIONS	$ 384,301	$ 478,419

NOTE J – RISK MANAGEMENT

The College participates in a public entity risk pool to insure against its general liability risks. The risk of loss is transferred to this risk pool, with the pool retaining the right to raise insurance premiums in the subsequent calendar year if claims experience is unfavorable. The insurance premiums for the 2016 and 2015 calendar year were $247,945 and $240,305, respectively. Management is aware of no events or circumstances which would generate a significant increase in future insurance premiums.

NOTE K – CLAIMS AND ADJUSTMENTS

The College participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulation, the College may be required to reimburse the grantor government. As of June 30, 2016, significant amounts of expenditures have not been audited by grantor governments, but the College believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual government funds or the overall financial position of the College.

NOTE L – CONTINGENCIES, COMMITMENTS AND SUBSEQUENT EVENTS

Contingencies

The College is subject to various lawsuits and claims. Although the outcome of a pending claim is not presently determinable, in the opinion of the College's attorney, the resolution of these matters will not have material adverse effects on the financial condition of the College.

Commitments

As of June 30, 2016, the College was committed to K & S Associates, In. in the amount of $1,550,168 for construction as part of the U.S. Department of Commerce Economic Development Administration (EDA) grant.

Subsequent Event

In October 2016, the College entered into a loan agreement with Crawford Electric Cooperative, Inc. in the amount of $1,000,000 for the construction of the Regional Center for Advanced Manufacturing and Workforce Training facility. This loan is in conjunction with a loan being made to the Crawford Electric Cooperative, Inc. pursuant to the Rural Economic Development Loan and Grant Program.

NOTE M – POSTEMPLOYMENT HEALTH CARE PLAN

Plan Description – The College's postemployment health care plan is a single-employer defined benefit health care plan. To be eligible for participation in the plan, retirees must meet the retirement eligibility requirements as set by the Public School Retirement System of Missouri (PSRS) or the Public Education Employee Retirement System of Missouri (PEERS). Eligible participants receive benefits in the form of an implicit rate subsidy where participants receive health insurance coverage by paying a blended retiree/active rate.

NOTE M – POSTEMPLOYMENT HEALTH CARE PLAN (continued)

Funding Policy – The contribution requirements of plan members and the College are established and may be amended by the Board of Trustees. Current contribution requirements require participants to pay the full blended premium. The College funds the plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation – The College's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the College, an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the College's annual OPEB cost for the years ended June 30, 2016 and 2015:

Annual required contribution (ARC)	$ 157,800
Interest on net OPEB obligation	13,300
Adjustment to ARC	(13,100)
Annual OPEB cost (expense)	$ 158,000

The change in net OPEB obligation was as follows:

Balance June 30, 2015 Net OPEB Obligation	Annual OPEB Cost	Employer Contributions	Balance June 30, 2016 Net OPEB Obligation
$ 446,300	$ 158,000	$ 65,700	$ 538,600

Schedule of Funding Progress – As a pay-as-you-go plan, the plan was 0% funded at June 30, 2016.

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (b)	Unfunded Actuarial Accrued Liability (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
6/30/2013	$ -	$ 829,000	$ 829,000	0%	Not Available	Not Available
6/30/2015	-	1,285,000	1,285,000	0%	7,540,000	17.00%

NOTE M – POSTEMPLOYMENT HEALTH CARE PLAN (continued)

Schedule of Employer Contributions

Fiscal Year Ending June 30,	Annual Required Contribution	Interest on Net OPEB Obligation	Adjustment to the ARC	Net OPEB Cost	Actual Contribution	Net OPEB Obligation
2009	$ 113,000	$ -	$ -	$ 113,000	$ -	$ 113,000
2010	113,000	-	-	113,000	-	226,000
2011	86,000	10,000	9,000	87,000	72,000	241,000
2012	86,000	10,000	9,000	87,000	72,000	256,000
2013	104,000	12,000	10,000	106,000	57,000	305,000
2014	104,000	12,000	10,000	106,000	57,000	354,000
2015	157,800	13,300	13,100	158,000	65,700	446,300
2016	157,800	13,300	13,100	158,000	65,700	538,600

Actuarial Methods and Assumptions – The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations. The most recent OPEB liability actuarial valuation was completed for the year ended June 30, 2015. In the 2015 actuarial valuation, the projected unit credit cost method was used, and the interest rate used for discounting liabilities was 3.75%. The actuarial valuation assumed a medical premium inflation rate based on long term health care trends generated by the Getzen Model. The medical premium inflation rate was 6.6% for 2015, with annual rate reductions to an ultimate rate of 4.5% in 2100. The unfunded actuarial accrued liability is amortized over the maximum acceptable period of 30 years, and the valuation assumed that 50% of all future retirees will elect medical coverage.

NOTE N – RESTATEMENT

The College did not restate net position during the year ended June 30, 2016. During the year ended June 30, 2015, the College adopted the provisions of GASB Statement No. 68 – *Accounting and Financial Reporting for Pensions.* Net position has been restated as follows:

	2015
NET POSITION, June 30, 2014, as previously stated	$ 32,499,402
Deferred Outflows of Resources	1,459,014
Net Pension Liability	(13,721,405)
NET POSITION, July 1, 2014, as restated	$ 20,237,011

NOTE O – REFUNDING BONDS

On April 7, 2016, the College issued $3,805,000 in general obligation refunding bonds with varying interest rates of 2.50% to 3.00%, The College issued the bonds to refund on February 15, 2017, $3,940,000 of outstanding 2006 general obligation bonds with an interest rate of 4.00%. The College used $4,013,551 of the proceeds to purchase U.S. Government Securities. These securities were deposited in an irrevocable trust and will be used to pay the 2006 general obligation bonds on February 15, 2017. The bonds are not considered defeased at June 30, 2016.

As a result of the refunding, the College reduced its debt service requirements by $477,950, which resulted in an economic gain (difference between the present value of the debt service payments on the old and new debt) of $435,444.

On August 18, 2015, the College issued $7,495,000 in general obligation refunding bonds with varying interest rates of 2.00% to 4.00%. The College issued the bonds to refund on February 15, 2016, $8,030,000 at the outstanding 2008 general obligation bond with varying interest rates of 3.75% to 4.00%.

As a result of the refunding, the College reduced its debt service requirements by $852,325, which resulted in an economic gain of $700,967.

NOTE P – COMPONENT UNIT DISCLOSURES

The following are the notes taken directly from the audited financial statements of the Foundation for the years ended December 31, 2015 and 2014.

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*

   Basis of Accounting – The financial statements of East Central College Foundation, Inc. (the Foundation) have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

   Basis of Presentation – The Foundation prepares financial statements in accordance with FASB Accounting Standards Codification (ASC) 958-205 and subsections. Under FASB ASC 958-205, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. In addition, the Foundation is required to present a Statement of Cash Flows.

   Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

NOTE P – COMPONENT UNIT DISCLOSURES (continued)

***Cash and Cash Equivalents* –** The Foundation considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

***Pledges Receivable* –** Unconditional promises to give in future periods are recognized as revenues in the period the promises are received. Conditional promises to give, which depend upon specified future and uncertain events, are recognized as revenue when the conditions upon which they depend are substantially met. The Foundation provides an allowance for uncollectible amounts equal to the estimated collection losses that will be incurred in collection of all promises to give. The estimated losses are based on a review of the current status of the existing promises to give.

***Investments* –** Investments consist primarily of assets invested in marketable equity and debt securities, certificates of deposit, mutual funds, and money-market accounts. The Foundation accounts for investments in accordance with FASB ASC 958-320 and subsections. This standard requires that investments in equity securities with readily determinable fair values and all investments in debt securities be measured at fair value in the consolidated statement of financial position. Fair value of marketable equity and debt securities is based on quoted market prices. The realized and unrealized gain or loss on investments is reflected in the Statement of Activities.

Investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Financial Position.

***Land* –** Land is carried at its fair value at the date of donation.

***In-Kind Contributions* –** Non-cash contributions are recorded at their estimated fair values at the dates of the gifts.

***Restricted and Unrestricted Revenues and Support* –** The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Income derived from investments of permanently restricted funds is accounted for in accordance with the terms of those agreements.

NOTE P – COMPONENT UNIT DISCLOSURES (continued)

Description of Program Services and Supporting Activities – The following program services and supporting activities are included in the accompanying financial statements:

Program – The program component of the Foundation consists of all aspects of the Foundation's administration of scholarships to students attending East Central College.

Management and General – Includes the functions necessary to maintain an equitable employment program; ensure an adequate working environment; provide coordination and articulation of the Foundation's program strategy; secure proper administrative functioning of the Board of Directors; and manage the financial and budgetary responsibilities of the Foundation.

Fundraising – Provides the structure necessary to encourage and secure private and public financial support.

Expense Allocation – Expenses are charged to program services and supporting activities on the basis of estimates made by management. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation.

Advertising – Costs for advertising are expensed as incurred.

Income Tax Status – The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code.

Subsequent Events – Management has evaluated subsequent events through July 7, 2016, the date the financial statements were available to be issued.

Income Taxes – The Foundation adopted the provisions of FASB ASC 740-10-25 on January 1, 2009. Under this standard, an organization must recognize the tax benefit associated with tax taken for tax return purposes when it is more likely than not the assets will be sustained. The implementation of this standard had no impact on the Foundation's financial statements. The Foundation does not believe there are any material uncertain tax assets and, accordingly, it will not recognize any liability for unrecognized tax benefits. For the year ended December 31, 2015, there were no interest or penalties recorded or included in the Foundation's financial statements. The Foundation's Forms 990, *Returns of Organization Exempt from Income Tax*, for the years ending 2012, 2013 and 2014, are subject to examination by the IRS, generally for three years after they were filed.

NOTE P – COMPONENT UNIT DISCLOSURES (continued)

2. *ENDOWMENT*

The Foundation's endowment consists of both donor-restricted endowment funds and funds designated by the board of directors to function as endowments. As required by GAAP, net assets associated with the endowment fund are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law – The Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), as enacted by the State of Missouri effective August 28, 2009, as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1) The duration and preservation of the fund
2) The purpose of the Foundation and the donor-restricted endowment fund
3) General economic conditions
4) The possible effect of inflation and deflation
5) The expected total return from income and the appreciation of investments
6) Other resources of the Foundation
7) The investment policies of the Foundation

Endowment Investment Policy – The Foundation's endowment investment policy intends for the Foundation to invest in assets for the purposes of providing current income to meet a portion of the Foundation's needs and appreciation to enhance the future resources available to the Foundation. The two primary objectives are to provide real growth of principal and to provide income on fund assets. To limit risk and still meet long-term return objectives, the Foundation invests in a balanced portfolio. The targeted asset allocation consists of 30% cash, cash equivalents, and fixed-income securities; and 70% equity securities.

Endowment Spending Policy – The Foundation has established an endowment spending policy in which a maximum of 5% of a three-year moving average of the market value of endowed funds may be spent each year. Prior years' undisbursed funds are not included in the 5% maximum and may also be disbursed.

One to five years	45,060	6,952
	$ 68,124	$ 8,702

Unconditional promises to give to establish a permanent scholarship endowment are included in the financial statements as permanently restricted assets and support. They are recorded after discounting at the rate of 2% to the present value of the future cash flows.

4. *INVESTMENTS*

The FASB *Fair Value Measurements* standard clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable. The Foundation has adopted this standard for its financial assets and liabilities measured on a recurring and nonrecurring basis (ASC 820-10).

Fair Value Measurement defines fair value as the amount that would be received from the sale of an asset, or paid for the transfer of a liability in an orderly transaction between market participants, i.e., an exit price. To estimate an exit price, a three-tier hierarchy is used to prioritize the inputs:

Level 1: Quoted prices in active markets for identical securities.

Level 2: Other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment spreads, credit risk, etc.)

Level 3: Significant unobservable inputs (including the Organization’s own assumptions in determining the fair value of investments).

Investments are recorded at fair value on a recurring basis during the years ended December 31, 2015 and 2014, using quoted prices in active markets.

NOTE P – COMPONENT UNIT DISCLOSURES (continued)

Investments at December 31, 2015 and 2014, consist of the following:

	Level I Quoted Prices in Active Markets For Identical Assets 2015	Level I Quoted Prices in Active Markets For Identical Assets 2014
Equity securities and mutual funds	$ 3,653,206	$ 3,672,409
Certificates of deposit	1,343,367	1,344,799
Cash surrender value of life insurance policy	19,053	14,385
	$ 5,015,626	$ 5,031,593

The amounts reported in the Statement of Financial Position are classified as follows:

	2015	2014
Unrestricted and temporarily restricted investments	$ 2,052,055	$ 2,227,007
Investments restricted for permanent investment	2,963,571	2,804,586
	$ 5,015,626	$ 5,031,593

Investments are carried at fair value in accordance with generally accepted accounting principles in the United States of America.

5. *INVESTMENT RETURN*

Investment return during 2015 and 2014 consisted of the following:

	2015	2014
Interest and dividends	$ 116,133	$ 123,165
Realized and unrealized gains on investments, net	(112,036)	231,890
	$ 4,097	$ 355,055

NOTE P – COMPONENT UNIT DISCLOSURES (continued)

The above investment return is classified in the Statement of Activities as follows:

	2015	2014
Unrestricted	$ (99,312)	$ 203,362
Temporarily restricted	99,996	148,381
Permanently restricted	3,413	3,312
	$ 4,097	$ 355,055

6. *SCHOLARSHIPS AND AGENCY FUNDS*

During 2015, the Foundation made the determination that spring scholarships are not considered awarded and payable until the beginning of the semester. Scholarships payable at December 31, 2014, consists of amounts awarded to students for the Spring 2015 semester but not paid as of December 31, 2014.

The Foundation serves as a fiscal agent for both outside organizations and specific groups at East Central College. Such amounts are not included in the revenues and expenses of the Foundation.

7. *NET ASSETS*

Temporarily restricted net assets of $785,500 and $725,051 at December 31, 2015 and 2014, respectively, are available for scholarships and other uses based on donor-imposed restrictions.

Net assets were released from donor restrictions during 2015 and 2014, by incurring expenses satisfying the restricted purposes or time restrictions specified by donors as follows:

	2015	2014
Scholarships	$ 49,256	$ 112,700
Miscellaneous activities	6,344	569
Special projects	10,359	9,493
	$ 65,959	$ 122,762

Permanently restricted net assets consist of donations that are restricted for permanent investment in an endowment. The earnings of the endowment are restricted for the funding of various scholarships and are therefore included in temporarily restricted net assets.

NOTE P – COMPONENT UNIT DISCLOSURES (continued)

8. *RELATED PARTY TRANSACTIONS*

The Foundation utilizes employees, materials and office space from the Junior College District of East Central Missouri (the College) at no charge. The value of these in-kind donations from the College, is included in unrestricted contribution revenue, amounted to $161,109 for the year ended December 31, 2015, and temporarily restricted contribution revenue in the amount of $155,408 for the year ended December 31, 2014.

9. *RECLASSIFICATION OF NET ASSETS*

Net assets were reclassified from temporarily restricted to unrestricted and permanently restricted in the amount of $134,706 and $19,544, respectively. Net assets were reclassified due to a recalculation of scholarship requirements of restriction.

10. COMMITMENTS

As of December 31, 2015, the Foundation was committed to various students in the amount of $50,652 for the Spring of 2016 scholarships. The Foundation was also committed to the Junior College District of East Central Missouri in the amount of $20,000 for their annual Legacy Scholarship.

OTHER FINANCIAL INFORMATION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the financial reporting entity of the Junior College District of East Central Missouri, as of and for the year ended June 30, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the Junior College District of East Central Missouri's financial statements, and have issued our report thereon, dated November 22, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Junior College District of East Central Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe that a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Junior College District of East Central Missouri's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Junior College District of East Central Missouri's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Junior College District of East Central Missouri's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

Report on Compliance for Each Major Federal Program

We have audited the Junior College District of East Central Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on the Junior College District of East Central Missouri's major federal programs for the year ended June 30, 2016. The Junior College District of East Central Missouri 's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Junior College District of East Central Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Junior College District of East Central Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on the the Junior College District of East Central Missouri's compliance.

Opinion on the Major Federal Programs

In our opinion, the Junior College District of East Central Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2016.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are reqired to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2016-001. Our opinion on the major federal program is not modified with respect to this matter.

The Junior College District of East Central Missouri’s response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The Junior College District of East Central Missouri’s response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the Junior College District of East Central Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Junior College District of East Central Missouri 's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over compliance.

A *deficiency* in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness* in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as item 2016-001, that we consider to be a significant deficiency.

The Junior College District of East Central Missouri's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Junior College District of East Central Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
June 30, 2016

NOTE A – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the Junior College District of East Central Missouri under programs of the federal government for the year ended June 30, 2016. The information in this Schedule is presented in accordance with the requirements of the Uniform Guidance. Because the Schedule presents only a selected portion of the operations of the Junior College District of East Central Missouri, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Junior College District of East Central Missouri.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Expenditures reported in the Schedule are reported on the accrual basis of accounting, which is described in Note A to the College's basic financial statements.

2. Pass-through entity identifying numbers are presented where available.

3. The College elected not to use the 10% de minimis indirect cost rate.

NOTE C – SUBRECIPIENTS

The College did not provide funds to subrecipients during the current year.

2016-001 Special Tests and Provisions - Enrollment Reporting

Criteria: The College is required to update changes in student enrollment status, report the date the enrollment status was effective, enter anticipated completion date, and submit changes electronically with the National Student Loan Data System (NSLDS) website in accordance with 34 CFR 682.610 and 34 CFR 685.309. Enrollment information must be reported within 30 days whenever attendance changes for students, unless a roster will be submitted within 60 days. Institutions are responsible for timely reporting, whether they report directly or via a third-party servicer.

Condition: The College did not have procedures in place to correctly report changes in student enrollment status within the required timeframe.

Context: A sample of 40 students revealed that enrollment statuses were not updated within the required timeframe for five students and in two instances the student statuses in the NSLDS did not match the student statuses in the College's system. A non-statistical sampling methodology was used to select the sample.

Effect: The Department of Education may be making decisions on incorrect or outdated information.

Cause: The College did not have specific procedures in place to properly report or review reports provided by a third-party servicer to the NSLDS.

Questioned Costs: At the most, questionable costs would be interest accrued on the outstanding amounts of direct student loans which are insignificant, therefore there are no questioned costs.

Repeat Finding: This is a repeat finding from the previous audit, 2015-001. However, the reduced number of occurances and implementation of new procedures has reduced the finding to a significant deficiency.

Recommendation: We recommend the College implement procedures in order to strictly comply with the requirements of 34 CFR 682.610 and 685.309 as it relates to reporting required to the NSLDS. We further recommend that the College follow the guidance provided in the NSLDS Enrollment Reporting Guide and stay abreast of new guidance as published by the Department of Education.

College Response: We concur. The College was unaware that the current software did not report this enrollment status correctly to the third-party provider. The Office of the Registrar has also updated the existing reporting procedures to ensure accurate reporting.

Federal Award Findings and Questioned Costs

2015-001 and 2015-002 Special Tests and Provisions - Enrollment Reporting

Status: The College has taken steps to review and update procedures. The issue remains, however, there were far fewer instances in the current year.

2015-003 – Return of Title IV Funds

Status**:** Corrected.
