

# Center for Workforce Development

## DRAFTING & CAD TECHNICIAN

### DRAW THE WORLD

Drafting and CAD technicians use software to convert the designs of engineers and architects into technical drawings and plans. Workers specialize in architectural, civil, electrical, or mechanical drafting and use technical drawings to help design everything from microchips to skyscrapers.

As a drafting and CAD technician, you can launch a rewarding career in several industries, where job demand is high.

This program requires additional external training in CAD software.

### INCOME OPPORTUNITY

Salaries for Drafting & CAD Technicians ranges from \$33,020 to \$85,920. \*
