ASSOCIATE DEGREE NURSING PROGRAM UNION AND ROLLA

Thank you for your interest in our Associate Degree Nursing Program. Enclosed is the application packet. This packet includes information you will need to read and forms you will need to complete and return if you would like to begin the application process.

The East Central College Associate Degree Nursing Program is fully approved by the Missouri State Board of Nursing. As identified in the packet, it is a **72 credit hour** program (including pre-requisites) that encompasses on-campus classroom and laboratory hours as well as clinical experience in a variety of local hospitals and facilities. Once selected for admission into the program, students should complete the full-time nursing program in two years. General education courses may be completed on a full- or part-time basis prior to entering the program. Upon graduation, students receive an Associate of Applied Science Degree in Nursing (ADN) and are eligible to apply to sit for the national exam (NCLEX-RN) to obtain a Registered Nurse (RN) license. A LPN to RN Bridge program is available for qualified LPNs (a different application must be obtained).

An Associate of Applied Science Degree in Nursing is the first step in professional nursing. This degree prepares you to begin further studies (through University Programs) to progress in the profession for a Bachelor of Science Degree in Nursing, a Master's Degree in Nursing, or a Doctoral Degree, if you choose to do so.

To be considered for admission into East Central College's Associate Degree Nursing (ADN) program you must have completed high school, or equivalent, and be admitted as an East Central College student (separate application). *Applicants desiring admission into the RN program, who have failed to achieve a "C" or better in ANY two ECC nursing courses or in ANY two RN nursing courses/programs attended, will not be considered for admission. In addition, students who have been admitted two times to ANY RN program(s) are not eligible for admission. **To apply to the nursing program, return the attached application to East Central College, Nursing and Allied Health, 1964 Prairie Dell Road, Union, MO 63084-4344, with a receipt from the Business Office at the Union campus or the ECC office located on the Rolla Technical Center campus (500 Forum Drive, Rolla) showing payment of the \$25.00 application fee. Applications must be submitted on an annual basis and are only good for one admission cycle.***

APPLICATION DEADLINE: The ECC Nursing Program is approved to accept students into the program each Fall semester. *The deadline for application is December 1st of the year before your desired entrance into the Nursing Program and all transcripts must be on file by January 31st.*

Class selection is based on academic performance. A point system is used to determine an applicant's rank in the selection process. Your academic advisor is glad to review your standing and provide suggestions on how you may achieve the best candidacy possible.

For consideration, applicants must meet the following minimum criteria:

- 1. Minimum cumulative GPA of a 2.75 or greater on a minimum of 12 credit hours of college credit.** (A GPA of 3.0 or higher is suggested.)
- 2. HESI A2 Admission Test Score of 75% or greater in the last two years.**
It is your responsibility to provide our office with a copy of your HESI A2 results. The HESI A2 Test is designed to assess a student's academic and personal readiness for higher education

in a healthcare related field, such as nursing. The test is an internet-based, timed (plan for 4-1/2 hours), multiple-choice test evaluating your knowledge in the following categories: English language, grammar, vocabulary, math, biology, and critical thinking. Tests are not individually timed during testing. You will have 4-1/2 hours to complete the test so pacing yourself is very important. ***You may schedule your exam in the Learning Center located on the Union Campus or at ECC Rolla Main at 500 Forum Drive.*** The ECC HESI A2 Fact Sheet has more information about the Admission Test requirement and dates given. The HESI A2 Fact Sheet and the Nursing Admission Test Registration information may be found on our website at <http://www.eastcentral.edu/nursing/nursing/>.

3. **Pre-requisite coursework completed with a “C” or better.** Pre-requisite coursework ***must be completed by the end of the Summer semester (August) before*** Fall admission into the program. See curriculum page in this application packet for more detail.
4. **Complete a minimum of 8 hours observation** with a RN at a skilled nursing/long term care facility or hospital.
5. **Three (3) appropriate references on file.** (See application for guidelines regarding references).
6. **Official transcripts received and evaluated for program, as well as proof of enrollment, if coursework is taken at another institution.** Applications will not be considered if official transcripts have not been evaluated by January 31st. It is the applicant’s responsibility to check their E-Central account to determine status of their ECC transcript.
7. **Must be in a state of physical and mental health compatible with the responsibilities of a nursing career.** A physical examination, including selected diagnostic tests and immunizations, is required after acceptance into the program (a form is provided in acceptance packet).
8. **Admission is contingent upon a successful criminal background check and a satisfactory drug screening.** The procedures are completed after the nursing acceptance packet has been received.

It is the *applicant’s responsibility* to verify with the Nursing and Allied Health office that the application file is complete. Incomplete application files will *not* be considered for admission.

All college coursework, pertinent to the nursing program, MUST be completed with a grade of “C” or better. All science courses must be no older than 5 years at the time of acceptance.

All applicants will be notified, *in writing*, of their admission status during the first two weeks of March each year.

If you have any questions, please contact the Nursing and Allied Health (Union) at (636) 584-6616 or via e-mail at nursing@eastcentral.edu. Nursing program information is also available on our website at <http://www.eastcentral.edu/nursing/nursing/>.

Best of luck with your educational endeavors and please let us know if we can be of assistance.

East Central College

Associate Degree Nursing Program

Summary of ECC Nursing Drug Screening, Immunization and Physical Examination Policies

Criminal History

As a requirement of the application process for the East Central College Nursing Program, in response to RSMo 660.317b and 660.315, students accepted into the program will be required to consent to release of their criminal history records (RSMo 43.450) for the sole purpose of determining the applicant's ability to enter patient care areas in order to fulfill the requirements of the Nursing program. Any student who is found to have a criminal history for a felony conviction, as defined by state law, or is found to be on one of the governmental sanction lists, will not be accepted nor allowed to continue enrollment in the ECC Nursing Program. Acceptance into and completion of the program does not guarantee licensure. In addition, any conviction may affect a student's ability to be placed in a clinical site and a graduate's ability to sit for the NCLEX RN Examination or attain State Licensure. ***Students currently serving probation are ineligible for admission and may be ineligible for admission if the criminal offense is recent in nature.***

Drug Screening

The purpose of the ECC Nursing Program Drug Testing Policy is to ensure that students entering the Program are drug- and alcohol-free and to comply with the Drug-Free Schools and Communities Act Amendments of 1989. Offers of acceptance to the Nursing Program are made as conditional offers. Applicants may be denied admittance if a positive drug screen is detected. An applicant who refuses to authorize and pay for testing, or who tests positive for drugs, alcohol, or controlled substances, may not receive a final offer of admission. A current Nursing student who refuses to authorize and pay for testing, or who tests positive for drugs, alcohol, or controlled substances, may not be allowed to continue in the Nursing program. A positive drug screen during the professional years may disqualify a student from participating in required coursework involving client interaction and will affect the student's ability to complete the program.

Immunizations and Physical Examination

The purpose of the ECC Nursing Program Immunizations and Physical Examination Policy is to ensure that students entering the Program are in a state of physical and mental health compatible with the responsibilities of a career in nursing and in general, working with individuals in a healthcare or other provider environment. Upon acceptance to the program, all incoming nursing students are required to have a physical examination and certain immunizations (forms will be provided) to comply with ECC and clinical site-specific policies. Record of childhood immunizations are sufficient; however, if not available or insufficient, proof of immunity/re-immunization is required at the student's expense. Applicants may be denied admittance if they are not in a state of physical and mental health compatible with the responsibilities of a career as a registered nurse and/or if they do not receive the proper immunizations.

Graduate Learning Outcomes

Upon completion of the ECC Nursing Program, the graduate will be eligible to sit for the NCLEX RN licensure exam. Upon passing the exam, graduates will be licensed as a registered nurse in the State of Missouri. See Performance Standards for more information.

**EAST CENTRAL COLLEGE
ASSOCIATE DEGREE NURSING PROGRAM
NURSE PRACTICE ACT**

Completion of the East Central College Associate Degree Nursing Program does not guarantee eligibility to write the NCLEX. Therefore, it is our responsibility to inform students who will be applying to write the Missouri State Board Test Pool Examination for licensure as registered nurses of the following portion of the Nurse Practice Act of Missouri:

335.066. Denial, revocation, or suspension of license, grounds for, civil immunity for providing information—complaint procedures.

1. The board may refuse to issue or reinstate any certificate of registration or authority, permit or license required pursuant to chapter 335 for one or any combination of causes stated in subsection 2 of this section or the board may, as a condition to issuing or reinstating any such permit or license, require a person to submit himself or herself for identification, intervention, treatment, or rehabilitation by the impaired nurse program as provided in section 335.067. The board shall notify the applicant in writing of the reasons for the refusal and shall advise the applicant of his or her right to file a complaint with the administrative hearing commission as provided by chapter 621.
2. The board may cause a complaint to be filed with the administrative hearing commission as provided by chapter 621 against any holder of any certificate of registration or authority, permit or license required by sections 335.011 to 335.096 or any person who has failed to renew or has surrendered his or her certificate of registration or authority, permit or license for any one or any combination of the following causes:
 - (1) Use or unlawful possession of any controlled substance, as defined in chapter 195, or alcoholic beverage to an extent that such use impairs a person's ability to perform the work of any profession licensed or regulated by sections 335.011 to 335.096;
 - (2) The person has been finally adjudicated and found guilty, or entered a plea of guilty or nolo contendere, in a criminal prosecution pursuant to the laws of any state or of the United States, for any offense reasonably related to the qualifications, functions or duties of any profession licensed or regulated pursuant to sections 335.011 to 335.096, for any offense an essential element of which is fraud, dishonesty or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;
 - (3) Use of fraud, deception, misrepresentation or bribery in securing any certificate of registration or authority, permit or license issued pursuant to sections 335.011 to 335.096 or in obtaining permission to take any examination given or required pursuant to sections 335.011 to 335.096;
 - (4) Obtaining or attempting to obtain any fee, charge, tuition or other compensation by fraud, deception or misrepresentation;
 - (5) Incompetency, gross negligence, or repeated negligence in the performance of the functions or duties of any profession licensed or regulated by chapter 335. For the purposes of this subdivision, "repeated negligence" means the failure, on more than one occasion, to use that degree of skill and learning ordinarily used under the same or similar circumstances by the member of the applicant's or licensee's profession;
 - (6) Misconduct, fraud, misrepresentation, dishonesty, unethical conduct, or unprofessional conduct in the performance of the functions or duties of any profession licensed or regulated by this chapter, including, but not limited to, the following:
 - (a) Willfully and continually overcharging or overtreating patients; or charging for visits which did not occur unless the services were contracted for in advance, or for services which were not rendered or documented in the patient's records;
 - (b) Attempting, directly or indirectly, by way of intimidation, coercion or deception, to obtain or retain a patient or discourage the use of a second opinion or consultation;
 - (c) Willfully and continually performing inappropriate or unnecessary treatment, diagnostic tests, or nursing services;
 - (d) Delegating professional responsibilities to a person who is not qualified by training, skill, competency, age, experience, or licensure to perform such responsibilities;

- (e) Performing nursing services beyond the authorized scope of practice for which the individual is licensed in this state;
- (f) Exercising influence within a nurse-patient relationship for purposes of engaging a patient in sexual activity;
- (g) Being listed on any state or federal sexual offender registry;
- (h) Failure of any applicant or licensee to cooperate with the board during any investigation;
- (i) Failure to comply with any subpoena or subpoena duces tecum from the board or an order of the board;
- (j) Failure to timely pay license renewal fees specified in this chapter;
- (k) Violating a probation agreement, order, or other settlement agreement with this board or any other licensing agency;
- (l) Failing to inform the board of the nurse's current residence;
- (m) Any other conduct that is unethical or unprofessional involving a minor;
- (7) Violation of, or assisting or enabling any person to violate, any provision of sections 335.011 to 335.096, or of any lawful rule or regulation adopted pursuant to sections 335.011 to 335.096.
- (8) Impersonation of any person holding a certificate of registration or authority, permit or license or allowing any person to use his or her certificate of registration or authority, permit, license or diploma from any school;
- (9) Disciplinary action against the holder of a license or other right to practice any profession regulated by sections 335.011 to 335.096 granted by another state, territory, federal agency or country upon grounds for which revocation or suspension is authorized in this state;
- (10) A person is finally adjudged insane or incompetent by a court of competent jurisdiction;
- (11) Assisting or enabling any person to practice or offer to practice any profession licensed or regulated by sections 335.011 to 335.096 who is not registered and currently eligible to practice pursuant to sections 335.011 to 335.096;
- (12) Issuance of a certificate of registration or authority, permit or license based upon a material mistake of fact;
- (13) Violation of any professional trust or confidence;
- (14) Use of any advertisement or solicitation which is false, misleading or deceptive to the general public or persons to whom the advertisement or solicitation is primarily directed;
- (15) Violation of the drug laws or rules and regulations of this state, any other state or the federal government;
- (16) Placement on an employee disqualification list or other related restriction or finding pertaining to employment within a health-related profession issued by any state or federal government or agency following final disposition by such state or federal government or agency;
- (17) Failure to successfully complete the impaired nurse program;
- (18) Knowingly making or causing to be made a false statement or misrepresentation of a material fact, with intent to defraud, for payment pursuant to the provisions of chapter 208 or chapter 630, or for payment from Title XVIII or Title XIX of the federal Medicare program;
- (19) Failure or refusal to properly guard against contagious, infectious, or communicable diseases or the spread thereof; maintaining an unsanitary office or performing professional services under unsanitary conditions; or failure to report the existence of an unsanitary condition in the office of a physician or in any health care facility to the board, in writing, within thirty days after the discovery thereof;
- (20) A pattern of personal use or consumption of any controlled substance unless it is prescribed, dispensed, or administered by a provider who is authorized by law to do so;
- (21) Habitual intoxication or dependence on alcohol, evidence of which may include more than one alcohol-related enforcement contact as defined by section 302.525;
- (22) Failure to comply with a treatment program or an aftercare program entered into as part of a board order, settlement agreement, or licensee's professional health program.

3. After the filing of such complaint, the proceedings shall be conducted in accordance with the provisions of chapter 621. Upon a finding by the administrative hearing commission that the grounds, provided in subsection 2 of this section, for disciplinary action are met, the board may, singly or in combination, censure or place the person named in the complaint on probation on such terms and conditions as the board deems appropriate for a period not to exceed five years, or may suspend, for a period not to exceed three years, or revoke the license, certificate, or permit.

4. For any hearing before the full board, the board shall cause the notice of the hearing to be served upon such licensee in person or by certified mail to the licensee at the licensee's last known address. If service cannot be accomplished in person or by certified mail, notice by publication as described in subsection 3 of section 506.160 shall be allowed; any representative of the board is authorized to act as a court or judge would in that section; any employee of the board is authorized to act as a clerk would in that section.
5. An individual whose license has been revoked shall wait one year from the date of revocation to apply for relicensure. Relicensure shall be at the discretion of the board after compliance with all the requirements of sections 335.011 to 335.096 relative to the licensing of an applicant for the first time.
6. The board may notify the proper licensing authority of any other state concerning the final disciplinary action determined by the board on a license in which the person whose license was suspended or revoked was also licensed of the suspension or revocation.
7. Any person, organization, association or corporation who reports or provides information to the board of nursing pursuant to the provisions of sections 335.011 to 335.259* and who does so in good faith shall not be subject to an action for civil damages as a result thereof.
8. The board may apply to the administrative hearing commission for an emergency suspension or restriction of a license for the following causes:
 - (1) Engaging in sexual conduct ** as defined in section 566.010, with a patient who is not the licensee's spouse, regardless of whether the patient consented;
 - (2) Engaging in sexual misconduct with a minor or person the licensee believes to be a minor. "Sexual misconduct" means any conduct of a sexual nature which would be illegal under state or federal law;
 - (3) Possession of a controlled substance in violation of chapter 195 or any state or federal law, rule, or regulation, excluding record-keeping violations;
 - (4) Use of a controlled substance without a valid prescription;
 - (5) The licensee is adjudicated incapacitated or disabled by a court of competent jurisdiction;
 - (6) Habitual intoxication or dependence upon alcohol or controlled substances or failure to comply with a treatment or aftercare program entered into pursuant to a board order, settlement agreement, or as part of the licensee's professional health program;
 - (7) A report from a board-approved facility or a professional health program stating the licensee is not fit to practice. For purposes of this section, a licensee is deemed to have waived all objections to the admissibility of testimony from the provider of the examination and admissibility of the examination reports. The licensee shall sign all necessary releases for the board to obtain and use the examination during a hearing; or
 - (8) Any conduct for which the board may discipline that constitutes a serious danger to the health, safety, or welfare of a patient or the public.
9. The board shall submit existing affidavits and existing certified court records together with a complaint alleging the facts in support of the board's request for an emergency suspension or restriction to the administrative hearing commission and shall supply the administrative hearing commission with the last home or business addresses on file with the board for the licensee. Within one business day of the filing of the complaint, the administrative hearing commission shall return a service packet to the board. The service packet shall include the board's complaint and any affidavits or records the board intends to rely on that have been filed with the administrative hearing commission. The service packet may contain other information in the discretion of the administrative hearing commission. Within twenty-four hours of receiving the packet, the board shall either personally serve the licensee or leave a copy of the service packet at all of the licensee's current addresses on file with the board. Prior to the hearing, the licensee may file affidavits and certified court records for consideration by the administrative hearing commission.
10. Within five days of the board's filing of the complaint, the administrative hearing commission shall review the information submitted by the board and the licensee and shall determine based on that information if probable cause exists pursuant to subsection 8 of this section and shall issue its findings of fact and conclusions

of law. If the administrative hearing commission finds that there is probable cause, the administrative hearing commission shall enter the order requested by the board. The order shall be effective upon personal service or by leaving a copy at all of the licensee's current addresses on file with the board.

11. (1) The administrative hearing commission shall hold a hearing within forty-five days of the board's filing of the complaint to determine if cause for discipline exists. The administrative hearing commission may grant a request for a continuance, but shall in any event hold the hearing within one hundred twenty days of the board's initial filing. The board shall be granted leave to amend its complaint if it is more than thirty days prior to the hearing. If less than thirty days, the board may be granted leave to amend if public safety requires.
(2) If no cause for discipline exists, the administrative hearing commission shall issue findings of fact, conclusions of law, and an order terminating the emergency suspension or restriction.
(3) If cause for discipline exists, the administrative hearing commission shall issue findings of fact and conclusions of law and order the emergency suspension or restriction to remain in full force and effect pending a disciplinary hearing before the board. The board shall hold a hearing following the certification of the record by the administrative hearing commission and may impose any discipline otherwise authorized by state law.
12. Any action under this section shall be in addition to and not in lieu of any discipline otherwise in the board's power to impose and may be brought concurrently with other actions.
13. If the administrative hearing commission does not find probable cause and does not grant the emergency suspension or restriction, the board shall remove all reference to such emergency suspension or restriction from its public records. Records relating to the suspension or restriction shall be maintained in the board's files. The board or licensee may use such records in the course of any litigation to which they are both parties. Additionally, such records may be released upon a specific, written request of the licensee.
14. If the administrative hearing commission grants temporary authority to the board to restrict or suspend the nurse's license, such temporary authority of the board shall become final authority if there is no request by the nurse for a full hearing within thirty days of the preliminary hearing. The administrative hearing commission shall, if requested by the nurse named in the complaint, set a date to hold a full hearing under the provisions of chapter 621 regarding the activities alleged in the initial complaint filed by the board.
15. If the administrative hearing commission refuses to grant temporary authority to the board or restrict or suspend the nurse's license under subsection 8 of this section, such dismissal shall not bar the board from initiating a subsequent disciplinary action on the same grounds.
16. (1) The board may initiate a hearing before the board for discipline of any licensee's license or certificate upon receipt of one of the following:
 - (a) Certified court records of a finding of guilt or plea of guilty or nolo contendere in a criminal prosecution under the laws of any state or of the United States for any offense involving the qualifications, functions, or duties of any profession licensed or regulated under this chapter, for any offense involving fraud, dishonesty, or an act of violence, or for any offense involving moral turpitude, whether or not sentence is imposed;
 - (b) Evidence of final disciplinary action against the licensee's license, certification, or registration issued by any other state, by any other agency or entity of this state or any other state, or the United States or its territories, or any other country;
 - (c) Evidence of certified court records finding the licensee has been judged incapacitated or disabled under Missouri law or under the laws of any other state or of the United States or its territories.(2) The board shall provide the licensee not less than ten days' notice of any hearing held pursuant to chapter 536.
(3) Upon a finding that cause exists to discipline a licensee's license, the board may impose any discipline otherwise available.

CHECKLIST FOR ADMISSION TO THE ASSOCIATE DEGREE IN NURSING

NOTE: *Students who have ever been admitted to any Nursing Program previously must produce a Letter of Recommendation from the previous Nursing Dean/Director.* A student who has failed to achieve a “C” or better in ANY two core nursing courses, in any RN nursing program(s) attended, will not be considered for admission. Students who have had two (2) attempts to ANY RN program are not eligible for admission.

To INITIATE the application process, the student MUST complete the following requirements:

- _____ 1. **APPLY FOR GENERAL ADMISSION TO THE COLLEGE (Declare Major: Pre-Nursing)**. To apply, visit the East Central College website: <https://admissions.eastcentral.edu>. If you have questions regarding the college application, please contact Admissions at 636-584-6588.
- _____ 2. **COMPLETE THE APPLICATION FOR NURSING**. Submit the completed Application with the paid application fee receipt of \$25.00 to the Nursing and Allied Health Division Office, Health Science Building Suite 105 or to Rolla Main Building at 500 Forum Drive. **The receipt for the application fee (obtained at the ECC Business Office Union or Rolla Main) must accompany your application.**
- _____ 3. **PROVIDE OFFICIAL HIGH SCHOOL, TECHNICAL SCHOOL & COLLEGE TRANSCRIPTS**. Applicant must request that official transcripts from high school or GED (scores required) **and all** colleges attended be sent to **ECC Student Services** for evaluation. Evaluating transcripts can be time consuming so please allow ample time for processing. Failure to request your transcripts in a timely manner may result in an incomplete application file.
- _____ 4. **HESI A2 ADMISSION TEST**. Applicants must successfully complete the HESI A2 Pre-Admission Test for RN programs ***prior to December 1st application deadline***. The HESI A2 may be taken no more than twice in an application cycle. **A minimum score of seventy-five percent (75%) composite is required**. It is comprised of exams that are academically oriented, consisting of English language, grammar, vocabulary, math, biology, and critical thinking. Included in this packet is information on the exam and how to apply for the exam. ***It is your responsibility to provide the office with a copy of your examination results.***
Register at: <https://www.eastcentral.edu/learning-center/testing-center/hesi/>
- _____ 5. **Complete a minimum of 8 hours observation** with a RN at a skilled nursing/long term care facility or hospital.
- _____ 6. **SUCCESSFUL COMPLETION OF ALL PRE-REQUISITE COURSEWORK** with a grade of “C” or better. Pre-requisite coursework must be completed by the end of the Summer semester (July) before Fall admission into the program.
- _____ 7. **CUMULATIVE COLLEGE GRADE POINT AVERAGE (GPA) OF 2.75 (MINIMUM) on a minimum of 12 credit hours of college credit, (a GPA of 3.0 or higher is suggested).**
- _____ 8. **THREE (3) COMPLETED APPROPRIATE REFERENCES** (*see nursing application and reference form for criteria*); *the applicant is responsible for distributing references. It is the applicant’s responsibility to check with the Nursing Office to make sure that the references have been received by the December 1st deadline.* Applicants who have had prior admission into any nursing program must have a letter of reference from the Dean or Director of Nursing from that program accompanying their application.
- _____ 9. **SIGNED TECHNOLOGY ACKNOWLEDGEMENT FORM.**
- _____ 10. **SIGNED PERFORMANCE STANDARDS ACKNOWLEDGEMENT FORM.**

AFTER ACCEPTANCE INTO THE NURSING PROGRAM THE FOLLOWING WILL BE REQUIRED:

1. **DRUG SCREENING** (site determined by ECC).
2. **MEDICAL EXAMINATION** - with Satisfactory Results (*Departmental form provided*). **Must be in a state of physical and mental health compatible with the responsibilities of a nursing career.** A physical examination including selected diagnostic tests and immunizations, is required after acceptance at your cost (the form is provided in the acceptance packet).
3. **SATISFACTORY FINGERPRINT/CRIMINAL BACKGROUND CHECK.**
4. **CURRENT CPR CARD** - From either American Heart Association (BCLS-C) for Healthcare Provider (Basic Cardiac Life Support), or the American Red Cross CP for The Professional Rescuer.

NOTE TO ALL STUDENTS: It is the **RESPONSIBILITY of the STUDENT** to maintain communication with the Nursing and Health Science office to ensure that the application folder is complete and up-to-date with current admission requirements. You may call (636) 584-6616 or e-mail julie.beck@eastcentral.edu or nursing@eastcentral.edu. Admission to the program is **competitive in nature** and **is not guaranteed**. A selection committee ranks all applications and admission is granted to the most qualified applicants. Applicants can improve their chances of admission by maintaining a high GPA, completing pre- and co-requisite courses and scoring high on the nursing entrance exam. ***It should be understood that satisfactorily meeting minimum requirements does not automatically guarantee admission.***

Successful completion of the nursing program DOES NOT guarantee eligibility to take the licensure examination. Since one of the functions of the Missouri State Board of Nursing is to protect the public, the Board may refuse licensure to applicants who may jeopardize the well-being of Missouri citizens. The Missouri State Board of Nursing may also refuse to grant the student permission to take licensing exams or refuse to issue any certificate of registration of authority, permit, or license for the cause(s) outlined in the Missouri State Nurse Practice Act Chapter 335.066 RSMO, as amended.

Nursing students should be aware that there are reasons for refusal to issue a registered nurse license as defined by the State Statute 335.066 as quoted from the April 2014 Missouri Nurse Practice Act included in this handbook.

The Associate Degree Nursing program at East Central College meets the state education requirements for a registered nursing license in the state of Missouri. East Central College graduates sit for the National Council of State Boards of Nursing NCLEX-RN. Individual state boards of nursing may have individual education level requirements. East Central College has not determined if the Associate Degree Nursing program at East Central College meets the state education requirements in any other state, any U.S. Territory, or the District of Columbia.

APPLICATION DEADLINES: The nursing **application is due by December 1st** prior to the year for which you are applying. ***Transcripts are due January 31st. Applications will not be reviewed if incomplete on January 31st.***

Registered Nurse Observation Guidelines

Complete a minimum of 8 hours observation with an RN at a skilled nursing/long term care facility or hospital. The optional, but recommended, additional hours may be completed at a clinical site of your choosing. Review and complete the enclosed Observation Form (copy as needed). A separate form should be used for each facility, and the RN must sign the form for verification.

Students considering a career in a health science field generally, and nursing specifically, can make a more informed educational decision choice based on personal experience or observation. While at any clinical site, ***students must maintain the highest level of professional decorum to include appropriate dress, limited jewelry, and a professional appearance. Specifically, no jeans, t-shirts or sweatshirts, no tennis shoes or open-toed shoes are to be worn, tattoos should not be visible, and jewelry is limited to one earring per ear lobe. Overall appearance must be neat and clean and inspire confidence in the patient-provider interaction.***

Types of facilities that employ registered nurses include hospitals, long-term care facilities, outpatient clinics, school systems, and mental health facilities. These requests are made quite frequently and you will find most facilities accommodating. Be prepared to discuss your reason for the request and your availability. **Students should begin this process at least 3-4 months before the application is due as some facilities will not be able to accommodate your request on a short timeframe.** If the student is employed at a facility where observation took place, a maximum of 8 hours observation at that site may be counted.

It is recommended that you observe more than 8 hours and in multiple RN settings to gain an understanding of the diversity of the profession. Points are earned in the RN application review process for clinical observation. Applicants who complete more than the minimum and in more than one clinical RN setting will earn more points than applicants who complete only the minimum required observation hours.

Performance Standards for Associate Degree Nursing Students

To the applicant: Review and sign this page to indicate you understand the performance standards listed on the next page. Return the signed page with your application materials by the December 1st deadline.

Student Responsibilities:

Registered nurses (RN's) promote health, prevent disease, and help patients and families cope with illness. They have a unique scope of practice, yet work collaboratively with all members of the healthcare team. Nurses are hands-on professionals who provide focused and highly personalized care. Registered nurses assess a patient's health, help perform diagnostic tests and analyze results; operate medical equipment; administer a variety of treatments and medications; and assist with patient follow-up and rehabilitation. They develop and manage a nursing plan of care and instruct patients and families on issues of health promotion, disease prevention, and disease management. Nurses also serve as advocates for patients, families, and communities.

A majority of registered nurses practice in hospitals, though a growing number are employed in long-term care settings, community-based facilities such as outpatient surgery centers and rehabilitation centers. Others work in community health, industrial or school nursing, clinics, and physician offices. The field has a wide range of opportunities ranging from entry-level practitioner to doctoral-level researcher/practitioner. During your academic experience, you will be exposed to learning environments, which are challenging and reflective of job demands typical of future practice as a Registered Nurse. Your education also includes clinical work at varying facilities, which will involve direct client contact and involvement with community professionals. Compliance and demonstration of performance skills related to physical as well as professional standards of practice are a requirement for successful completion of the ECC Nursing Program.

Students are expected to follow professional standards set by the ECC Nursing Program and to conduct themselves in an ethical and responsible manner with other students, faculty, administrators, community professionals and clients, equipment, and supplies.

Performance Standards for Successful Completion of the Nursing Program:

These Performance Standards should be used to assist each applicant and student to determine if they are otherwise qualified to be a Registered Nurse. It is the policy of East Central College to provide reasonable accommodations for individuals with disabilities. If you need an accommodation due to a disability under the Americans with Disabilities Act, please contact the Access Office at (636) 584-6581, prior to applying to the ECC nursing program.

Progression Policy:

Students in the final semester of the program are required to take a standardized RN Exit Exam. Achievement of an acceptable score is required for successful completion of the program. Details are published in the Student Nursing Handbook (obtained after acceptance and available on the nursing website).

Upon completion of the Associate of Applied Science degree in Nursing, the graduate will be able to meet the standards outlined in this application.

I acknowledge receiving, reading, understanding, and meet the Nursing Performance Standards and the Missouri State Board of Nursing licensure requirements. I realize that these Performance Standards must be met for successful completion of the ECC Nursing Program. I further understand that completion of the ECC Nursing Program does not guarantee licensure with Missouri State Board of Nursing (MSBN).

Student Name (printed legibly): _____

Student Signature: _____ **Date:** _____

NOTE: Students who do not meet Performance Standards or MSBN requirements may not be eligible for the ECC Nursing Program. Any applicant who is concerned about being eligible for licensure may discuss this matter with the Nursing Program Director by contacting the Health Science office at (636) 584-6616 for an appointment.

Acknowledgement of Technology Requirements Form

To the applicant: Review this form to indicate you understand the technology requirements of the Nursing Program. ***Sign and return the form with your nursing application by the December 1st deadline.***

The East Central College Nursing Program utilizes e-technologies to deliver a portion of course content and as a means of communication with program students, faculty and staff. Through a combination of didactic coursework, classroom/laboratory practice, and clinical experiences, students will learn the profession of nursing. Aspects of all of these learning environments will require familiarity with internet-based technologies. In addition to internet based technologies, interactive television will also be utilized to convey course content for some course content between the Union Campus and Rolla location. Specialty topics may have a significant portion delivered with this technology. This allows students to experience the highest level of nursing expertise for instructional purposes.

Offers of acceptance to the ECC Nursing Program are made as conditional offers. In addition, to the satisfactory completion of pre-requisite courses, a satisfactory background check, and a negative alcohol, drug, and/or controlled substance test, applicants are required to acknowledge the integral use of technology in the delivery of this program. Technologies include, but are not limited to; internet, e-mail, Moodle, interactive television (ITV), online database searching, web-based lecture capture, internet streaming video review, and other e-technologies as assigned as integral components of the Nursing Program. While many of these technologies are accessible through any computer with access to the internet, students may be required to travel to the Union campus or Rolla location to attain consistent, high-speed access compatible with viewing of content-specific materials. Students are also required to attend classes on campus delivered through the ITV format.

Students are NOT required to have a personally owned computer or home-based high-speed internet access as these materials and services are made readily available at either the Union or Rolla location. However, current nursing students report that personally owned laptop computers and access to high speed internet connections in their homes leads to increased satisfaction and a more convenient and accessible learning environment.

I have read and understand the above technology requirements related to the ECC Nursing Program and hereby acknowledge that in order to successfully complete the program I will need to utilize said technologies for communication with program faculty and staff, access to course content, assignment submission, and dialogue with fellow classmates and colleagues in these virtual environments.

Medical Marijuana Policy

As of December 2018, Article XIV of the Missouri Constitution now allows for the possession and cultivation of marijuana for medical use, after voters approved a statewide ballot measure. Under the program developed by the Missouri Department of Health and Senior Services, Missouri physicians may certify that their patients are eligible for medical marijuana use. Patients who receive certification must then apply for an identification card authorizing their use of medical marijuana.

Please note, *marijuana is still illegal at the federal level*. Regardless of whether medical marijuana is legal in Missouri, federal law requires that colleges and universities adopt and enforce drug-free workplace policies, as well as programs to prevent the unlawful possession, use, or distribution of illicit drugs by students and employees. Accordingly, because marijuana is still considered illegal under federal law as a “Schedule I” drug, *East Central College must prohibit its distribution, possession, and consumption on property owned and operated by the College or its affiliates (clinical partner affiliations)*.

Students and employees who are found in possession or under the influence of marijuana will be subject to disciplinary action in keeping with the College’s policies and procedures. Please be advised that disability accommodations are not available for medical marijuana use. Students are encouraged to seek assistance with ACCESS services for options related to alternative accommodations. In the event that the authorized use of marijuana for medical purposes while off-campus impairs a student or results to student conduct violations, it may result in disciplinary consequences from the program and/or College.

CBD oils, supplements, and products derived from hemp are legal under both federal and Missouri law, but may not be sold on campus. Individuals are cautioned to use these products at their own risk. *These types of supplements may still be detected in small amounts or types and can result in a positive drug screen (AJN, 2/2021)*
