INDEPENDENT AUDITORS' REPORT

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

We have audited the accompanying financial statements of the business-type activities as of and for the years ended June 30, 2010, and June 30, 2009, and the discretely presented component unit as of and for the years ended December 31, 2009 and 2008, of the Junior College District of East Central Missouri (the "College"), which collectively comprise the College's financial statements as listed in the table of contents. These financial statements are the responsibility of the College's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Foundation's financial statements for the years ended December 31, 2009 and 2008, were not audited in accordance with *Government Auditing Standards*. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control over financial reporting. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Junior College District of East Central Missouri as of and for the year ended June 30, 2010 and 2009, and the respective changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Further, in our opinion, based on our audits, the financial statements referred to above present fairly, in all material respects, the financial position of the discretely presented component unit of the College as of December 31, 2009 and 2008, and the respective changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2010, on our consideration of the College's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying Management's Discussion and Analysis on pages 7 through 12 are not a required part of the financial statements but are required supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The statistical data on pages 40-43 is presented for the purpose of additional analysis and is not a required part of the financial statements of the College. Such additional information has not been subjected to the auditing procedures applied in our audit of the financial statements and, accordingly, we express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Junior College District of East Central Missouri's financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

MANAGEMENT’S DISCUSSION AND ANALYSIS

Introduction

Management's discussion and analysis is an overview of the financial position and financial activities of the Junior College District of East Central Missouri (the "College"). The College's management prepared this discussion. It should be read in conjunction with the financial statements and notes that follow.

The College prepared the financial statements in accordance with Government Accounting Standards Board ("GASB") principles. The College has implemented GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*. GASB Statement No. 35 established standards for external financial reporting for public colleges and universities and requires that financial statements be presented on a consolidated basis to focus on the College as a whole. The College has also adopted GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, by including the East Central College Foundation as a discretely presented component unit of the College for fiscal 2006. The East Central College Foundation (the "Foundation") is a legally separate, tax-exempt entity. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs and to provide scholarships to the students attending the College.

There are three financial statements presented for the College: the statements of net assets, the statements of revenues, expenses, and changes in net assets, and the statements of cash flows. In addition, there are three financial statements presented for the Foundation: statements of financial position, statements of activities and statements of cash flows.

Statements of Net Assets

The statements of net assets present the assets, liabilities, and net assets of the College at the end of the fiscal years, June 30, 2010 and 2009. The purpose of the statements of net assets is to present a picture of the financial condition of the College. Total net assets, which is the difference between total assets and total liabilities, is one of the indicators of the current financial condition of the College.

The assets and liabilities are categorized as current or noncurrent. Current assets consist primarily of cash and cash equivalents, short-term investments, net accounts receivable, bookstore inventories, and other assets. Noncurrent assets consist primarily of capital assets, including the property, plant and equipment owned by the College, net of any accumulated depreciation.

Net assets are presented in three major categories: (1) Capital assets, which represents the College's equity in its property, plant, and equipment, (2) Restricted, those funds that are limited in terms of the purpose and time for which the funds can be spent, and (3) Unrestricted, which are available to the College for any lawful purpose.

The following table of the College's net assets at June 30, 2010 and 2009, shows the unrestricted portion at $19.9 million and $21.2 million, respectively.

	2010	2009

• OCE Wide Format Printer	32,000
• MacPro with LED Cinema Display	7,128
• Axis CNC Wire Machine	97,850
• Data Storage Units (2)	21,994

Net capital assets increased to $33,003,567. Capital expenditures, detailed above, totaled $9,077,560 which included the completion of the Health & Science Building. Depreciation of $1,489,418 was recorded.

Statements of Revenues, Expenses and Changes in Net Assets

The statements of revenues, expenses and changes in net assets present the College's financial results for the fiscal year. The statements include the College's revenues and expenses, both operating and non-operating.

Operating revenues and expenses are those for which the College directly exchanges goods and services. Tuition and fees are examples of operating revenues. Non-operating revenues and expenses are those that exclude specific, direct exchanges of goods and services. Local property tax revenue and state aid are two examples of non-operating revenues where the local taxpayers and state legislature, respectively, do not directly receive goods and services for the revenue.

The following is a summarized version of the College's revenues, expenses, and changes in net assets for the years ended June 30, 2010 and 2009.

	2010	2009
Operating revenue	$ 17,614,024	$ 12,600,724
Operating expenses	28,150,882	23,792,706
OPERATING (LOSS)	(10,536,858)	(11,191,982)
Non-operating revenues (expenses)	11,648,055	12,526,048
Increase in net assets	1,111,197	1,334,066
Net Assets, Beginning of year	32,475,884	31,141,818
Net Assets, End of year	$ 33,587,081	$ 32,475,884

One of the financial strengths of the College is the diverse stream of revenue, which supplements its student tuition and fees. The following is the College's fiscal years 2010 and 2009 revenues, both operating and non-operating.

	2010	2009
OPERATING REVENUES		
Tuition and fees	$ 3,910,253	$ 3,965,442
Federal aid	9,281,842	4,795,968
State aid	785,581	717,277
Other auxiliary services	3,636,348	3,122,037
TOTAL OPERATING REVENUE	$ 17,614,024	$ 12,600,724

	2010	2009
NONOPERATING REVENUES (EXPENSES)		
State appropriations	$ 5,012,967	$ 5,470,581
Tax revenues	7,160,180	7,096,437
Interest income	522,890	905,651
Interest on debt	(1,029,419)	(946,621)
Loss on disposal of asset	(18,563)	-
TOTAL NONOPERATING REVENUES (EXPENSES)	$ 11,648,055	$ 12,526,048

Operating revenue for fiscal year 2010 increased by $5,013,300. Cafeteria sales increased by $12,200 (including catering) from FY09. Federal revenue gained primarily due to nearly a $3,600,000 increase in Pell awards in FY10. Interest income declined due to lower rates and less cash on deposit as a result of building construction.

Following are the components of operating expenses for the College during fiscal years 2010 and 2009.

	2010	2009
OPERATING EXPENSES		
Salaries and benefits	$ 14,781,838	$ 13,434,609
Supplies, other services, and utilities	7,445,577	7,036,088
Scholarships	4,434,049	2,145,767
Depreciation	1,489,418	1,176,242
TOTAL OPERATING EXPENSES	$ 28,150,882	$ 23,792,706

Operating expenses increased by $4,358,176 in FY10. Scholarships account for the largest share of operating expenses. In fiscal year 2010, these expenditures increased from $2,145,767 to $4,434,049. Scholarship expenses reflect increased enrollment. Depreciation increased in FY10 because of the addition of the new building.

In addition, the following chart presents the fiscal years 2010 and 2009 operating expenses of the College by function.

	2010	2009
OPERATING EXPENSES BY FUNCTION		
Instruction	$ 9,469,949	$ 8,471,647
Academic support	2,419,729	2,226,401
Student services	1,508,322	1,464,529
Institutional support	4,372,013	4,379,411
Operations and maintenance	2,026,441	2,017,593

Public service	77,633	28,551
Depreciation	1,489,418	1,176,242
Auxiliary enterprise	2,395,514	1,932,495
TOTAL OPERATING EXPENSES BY FUNCTION	$ 28,150,882	$ 23,792,706

Statements of Cash Flows

The statements of cash flows present information about the cash activity of the College. The statements show the major sources and uses of cash. The following is a summary of the statements of cash flow for the years ended June 30, 2010 and 2009.

	2010	2009
Cash Provided (Used) By:		
Operating activities	$ (8,521,431)	$ (11,789,423)

Noncapital financing activities	12,173,147	12,567,018
Investing activities	1,522,890	(295,851)
Net Change in Cash and Cash Equivalents	796,974	(9,936,148)
Cash and Cash Equivalents, Beginning of year	4,961,333	14,897,481
Cash and Cash Equivalents, End of year	$ 5,758,307	$ 4,961,333

Economic Outlook

The College in FY09 completed its seventh major expansion of facilities, with construction of the Health & Science Building. As a result of this project, the College is entering a phase of extensive renovation of existing facilities. A portion of the CC building was renovated in early FY10, and schematic design is now beginning on the renovation of the AD building. The College plans to relocate and improve the facilities needed to support the array of student services provided by the institution. Funds remaining from the 2006 general obligation bond issue, as well as unrestricted fund balances, will be used on the project.

The College is also faced with record enrollment. On the census date for Fall 2009, the College had 4,203 students enrolled for 40,444 credit hours, compared to 3,944 students enrolled for 33,503 students in Fall 2008. Student head count increased by 7%, while credit hours grew by 20.7% over this period of time. Growth in tuition revenue resulting from this surge in enrollment is expected to offset flat revenue streams from state aid and local property taxes. FY09 state aid to community colleges was maintained at FY08 levels. The College's assessed valuation, excluding new construction, grew by just .6 of 1% from 2008 to 2009. New construction and improvements totaling $30,036,236 brought the total assessed valuation of the district to $1,619,122,605, an increase of 1.9%.

Development of the FY11 budget will require careful analysis of declining state revenue, actual collection of local tax revenue, the level of new construction in the district, local employment levels and enrollment trends.

Contacting the College's Financial Management

This financial report is designed to provide our citizens, taxpayers, students and investors with a general overview of the College's finances and to show the College's accountability for the money it receives. If you have questions about this report or need additional information, contact Dr. Jon Bauer, Vice President of Finance and Administration, East Central College, 1964 Prairie Dell Road, Union, MO 63084-4344.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Junior College District of East Central Missouri (the "College") was formed in 1968 and includes portions of Franklin, Crawford, Gasconade, St. Charles, Warren and Washington counties. Permanent facilities at Union, Missouri were first occupied during the 1971-72 school year.

The financial statements of the College have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The College applies all applicable GASB pronouncements and Financial Accounting Standards Board (FASB) statements and interpretations issued before November 30, 1989, except those that conflict with a GASB pronouncement. The more significant of the College's accounting policies are described below.

Financial Reporting Entity

The financial reporting entity consists of (a) the primary government, (b) organizations for which the primary government is financially accountable, and (c) other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Financially accountable means the primary government is accountable for the component unit and the primary government is able to impose its will or the component unit may provide financial benefits or impose a burden on the primary government. In addition, component units can be other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The College is a primary government, which is governed by an elected six-member board. As required by accounting principles generally accepted in the United States of America, the College has evaluated the above criteria to determine whether any other entity meets the definition of a component unit and must be included in these financial statements. The component unit discussed below is included in the College's reporting entity because of the significance of its operational or financial relationships with the College.

Component Units

East Central College Foundation, Inc.

The Foundation is a private non-profit organization that reports under Financial Accounting Standards Board (FASB) standards, including FASB Statement No. 117, *Financial Reporting for Not-For-Profit Organizations*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's audited financial information as it is presented.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The Foundation's year end is December 31. The College presents the Foundation financial statements of the calendar year end that falls within the College's fiscal year end.

During the years ended June 30, 2010 and 2009, the Foundation distributed $174,422 and $119,999 to the College or its students for both restricted and unrestricted purposes. As of June 30, 2010 and 2009, the Foundation owed the College $0 and $2,700, respectively, which is recorded in other receivables.

Basis of Accounting

The College has adopted GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities,* as amended by GASB Statements No. 37 and No. 38. GASB Statement No. 35 established standards for external financial reporting for public colleges and universities. The College reports as a Business-Type Activity, as defined by GASB Statement No. 35.

The College's resources are classified for accounting and reporting purposes into the following net assets categories:

Invested in Capital Assets – Net of Related Debt – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

Restricted **–** Net assets whose use by the College is subject to externally imposed stipulations that they can be fulfilled by actions of the College pursuant to those stipulations or that expire by the passage of time. When the College is able to utilize restricted expendable assets or unrestricted assets, it utilizes the restricted assets first. The College's restricted net assets reflect unspent tax levy proceeds restricted for debt service and unspent contributions with purpose restrictions.

Unrestricted **–** Net assets that are not subject to externally imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of management or the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

Operating Activities

The College's policy for defining operating activities as reported on the statements of revenues, expenses and changes in net assets are those that generally result from exchange transactions such as payments received for providing services and payments made for services or goods received. Nearly all of the College's expenses are from exchange transactions. Certain significant revenue streams relied upon for operations are recorded as nonoperating revenues, as defined by GASB Statement No. 35, including state appropriations and local property taxes.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents

For purposes of the statement of cash flows, all highly liquid investments with a maturity of three months or less when purchased are considered to be cash and cash equivalents.

Investments

Investments, which consist of certificates of deposits, are recorded at cost which approximates market value.

Receivables

Receivables from students are deemed to be substantially collectible. All property tax receivables are delinquent and have been written off. Other receivables are comprised mainly of receivables related to book store operations and interest income and no allowances are deemed necessary.

Inventories

Bookstore materials and supplies are carried in an inventory account at average cost and are subsequently charged to supplies and other services when sold or when consumed.

Capital Assets

Land, buildings, improvements, infrastructure, and equipment are stated on the basis of historical cost. Major fixed asset additions are financed primarily from bond proceeds. Assets acquired through gifts or donations are recorded at their estimated fair value at time of acquisition. Depreciation of capital assets is provided on a straight-line basis over the estimated useful lives. Net interest expense incurred during the construction of debt-financed facilities is included in the capitalization of the related facilities.

Deferred Revenue

These balances consist of one half of summer and all of fall session student fees.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Classification of Revenues

The College has classified its revenues as either operating or nonoperating revenues according to the following criteria:

> *Operating Revenues* – Operating revenues include activities that have the characteristics of exchange transactions, such as student tuition and fees; sales and services of auxiliary enterprises; most federal, state, and local grants and contracts and federal appropriations; and interest on student loans. Revenue from operating sources is recognized when earned.
>
> *Nonoperating Revenues* – Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Fund Accounting*, and GASB No. 34, such as state appropriations and investment income.

Scholarship Allowance

Student tuition and fee revenues are presented net of financial assistance and scholarships applied to student accounts.

Post-Employment Health Care Benefits

Retiree Benefits – The College offers post-employment health care benefits to all employees who retire from the College. Retirees are eligible as long as they receive retirement benefits under the Public School Retirement System. Retirees pay 100% of their own premiums.

COBRA Benefits – Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the College makes health care benefits available to eligible former employees and their dependents. Certain requirements are outlined by the federal government for this coverage. The premium is paid in full by the insured each month. This program is offered for a duration of 18 months after the employee’s termination date. There is no associated cost to the College under this program.

There were 46 former employees receiving retiree or COBRA benefits as of June 30, 2010, and 25 as of June 30, 2009.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Compensated Absences

Vacation time, personal business days, and sick leave are recorded as expenses and liabilities in the fiscal year earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE B – CASH, CASH EQUIVALENTS AND INVESTMENTS

At June 30, 2010 and 2009, the College's investments consisted entirely of certificates of deposit due in less than one year.

Interest Rate Risk and Credit Risk

State law permits public colleges to invest in obligations of the State of Missouri or U.S. government and obligations of government agencies. The college does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of failure of the counter party, the College will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. State law requires depository financial institutions to pledge as collateral for public funds on deposit by governmental unit securities which, when combined with the Federal Deposit Insurance Corporation (FDIC) insurance, are at least equal to the amount on deposit at all times. The College's policy is to have collateral and insurance equal to at least 100% of the amount on deposit. At June 30, 2010 and 2009, the College's deposits bank balance was insured or collateralized as follows:

NOTE B – CASH, CASH EQUIVALENTS AND INVESTMENTS (continued)

	2010	2009
FDIC Insurance	$ 259,591	$ 261,085
Collateralized	21,712,410	22,497,980
TOTAL	$ 21,972,001	$ 22,759,065

At June 30, 2010 and 2009, all of the College's deposits, were insured or collateralized with securities held by the College's agent in the College's name.

Concentration of Credit Risk

The College places no limit on the amount the College may invest in any one issuer. More than 5% of the College's total investments are in the following issuers as of June 30, 2010:

- United Bank of Union - $21,962,410

TOTAL	$ 20,189,996	$ 20,849,996

NOTE D – LONG-TERM LIABILITIES (continued)

The College has recognized the face value of capital appreciation bonds issued in the 1998, 2006, and 2008 bond issues. The bonds were received at a discount from the face value. The discount on capital appreciation bonds is recorded under other assets on the statement of net assets. As of June 30, 2010, the discount balance is $401,424 for the 1998 series, $872,213 for the 2006 series, and $474,147 for the 2008 series, for a total of $1,747,784.

The following is a summary of bond principal maturities and interest requirements:

Year Ending June 30,	Principal	Interest	Total
2011	$ 298,574	$ 1,022,489	$ 1,321,063
2012	750,000	620,466	1,370,466
2013	830,000	588,736	1,418,736

2021-2025	7,951,963	1,654,262	9,606,225
2026	2,055,000	82,200	2,137,200
	$ 18,442,212	$ 8,427,672	$ 26,869,884

During 2005 and in prior years, the College defeased various bond issued by creating separate irrevocable trust funds. New debt was issued and the proceeds were used to purchase U.S. government securities that were placed in the trust funds. The investments and fixed earnings from the investments are sufficient to fully service the defeased debt until the debt is called or matures. For financial reporting purposes, the debt has been considered defeased and therefore removed as a liability from the College's net assets. As of June 30, 2010, and 2009, the amount of defeased debt outstanding but removed from the statement of net assets amounted to $350,000.

In 2005, the Board of Trustees authorized the defeasance of a portion of Series 1998 Bonds. On June 13, 2005, the College paid to UMB Bank $799,564, which UMB Bank deposited into an irrevocable trust with an escrow agent, to defease a portion of the outstanding 1998 bonds maturing on or after February 2015. This transaction reduced total debt service payments by approximately $322,862. At June 30, 2010, $3,749,996 of the bonds are outstanding. No economic gain was realized as a result of the defeasance.

NOTE D – LONG-TERM LIABILITIES (continued)

Voluntary Retirement Plan – In fiscal year 2005, the College offered a voluntary retirement incentive program. Full-time employees with 15 consecutive years of employment were eligible. The incentive included 50% of the final base pay, payable over three years beginning in September 2006 and paid health insurance until June 30, 2006. In addition, in fiscal year 2008, the College offered a new incentive for those full-time employees who have at least 10 years of service and who are eligible for "normal retirement" as defined by the Public School Retirement System (PSRS) or Public Education Employee Retirement System (PEERS). The incentive included 50% of the final base salary, payable over three years beginning in September 2009 and paid health, dental, and vision insurance until June 30, 2009. As of June 30, 2010 and 2009, the College's liability to participants electing these programs was $98,194 and $196,228, respectively.

Performance Lease – The College entered into a performance lease for energy efficient light fixtures and air conditioning units. Facilities under capitalized leases are recorded at the present value of future minimum lease payments. The future minimum payments on all significant leases with initial or remaining terms of one year of more at June 30, 2010, are as follows:

Fiscal Year	
2011	$ 172,395
2012	172,395
2013	172,395
2014	172,395
2015	100,565
TOTAL FUTURE MINIMUM PAYMENTS	790,145
LESS AMOUNT REPRESENTING INTEREST	(78,960)
PRESENT VALUE OF FUTURE MINIMUM LEASE PAYMENTS	$ 711,185

Gross amount of assets acquired was $1,776,767.

The charge to income resulting from amortization of assets recorded under capital lease is included with depreciation expense.

NOTE E – RETIREMENT PLAN

The Junior College District of East Central Missouri contributes to the Public School Retirement System of Missouri (PSRS), a cost-sharing multiple-employer defined benefit pension plan. PSRS provides retirement and disability benefits to full-time (and certain part-time) certificated employees and death benefits to members and beneficiaries. Positions covered by the Public School Retirement System are not covered by Social Security. PSRS benefit provisions are set forth in Chapter 169.010 - .141 of the Missouri Revised Statutes. The statutes assign responsibility for the administration of the system to a seven-member Board of Trustees. PSRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Public School Retirement System of Missouri, P.O. Box 268, Jefferson City, Missouri 65102 or by calling 1-800-392-6848.

PSRS members are required to contribute 13.5% of their annual covered salary and the Junior College District of East Central Missouri is required to contribute a matching amount. The contribution requirements of members and the Junior College District of East Central Missouri are established and may be amended by the PSRS Board of Trustees. The Junior College District of East Central Missouri's contributions to PSRS for the years ending June 30, 2010, 2009, and 2008, were $2,082,535, $1,855,516, and $1,651,250, respectively, equal to the required contributions.

The Junior College District of East Central Missouri also contributes to the Public Education Employee Retirement System of Missouri (PEERS), a cost-sharing multiple-employer defined benefit pension plan. PEERS provides retirement and disability benefits to employees of the district who work 20 or more hours per week and who do not contribute to the Public School Retirement System of Missouri. Positions covered by the Public Education Employee Retirement System are also covered by Social Security. Benefit provisions are set forth in Chapter 169.600 - .715 of the Missouri Revised Statutes. The statutes assign responsibility for the administration of the system to the Board of Trustees of the Public School Retirement System. PEERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Public Education Employee Retirement System of Missouri, P. O. Box 268, Jefferson City, Missouri 65102 or by calling 1-800-392-6848.

PEERS members are required to contribute 6.5% of their annual covered salary and the Junior College District of East Central Missouri is required to contribute a matching amount. The contribution requirements of members and the Junior College District of East Central Missouri are established and may be amended by the Board of Trustees. The Junior College District of East Central Missouri's employer and employee contributions to PEERS for the years ending June 30, 2010, 2009, and 2008, were $430,833, $373,143, and $341,752, respectively, equal to the required contributions.

NOTE F – TAXES

Property taxes attach an enforceable lien on property as of January 1. Taxes are levied on November 1 and are payable by December 31. The counties of the College collect the property taxes and remit payments to the College.

The assessed valuations of the College on January 1, 2009 and 2008, upon which the levies for fiscal years 2010 and 2009 were based, were $1,618,635,927 and $1,586,254,474, respectively. The tax levy per $100 of assessed valuation was as follows:

	2010	2009
General operations	$ .3488	$ .3507
Debt service	.0841	.0841
TOTAL LEVY	$ .4329	$ .4348

NOTE G – OPERATING LEASES

The College was committed under the following operating leases, all which expire in one year, as of June 30, 2010:

	2010	2009
Southwest Area Center	$ 17,259	$ 18,828
R-Tech (Washington)	75,000	75,000
R-Tech (Rolla)	126,850	123,430
Storage Facility Franklin Street	7,700	8,100
Nursing School Facility (Rolla)	36,000	36,000
TOTAL REMAINING LEASE OBLIGATIONS	$ 262,809	$ 261,358

Lease expenditures for the fiscal year ended 2010 and 2009 were $258,354 and $261,358, respectively.

NOTE H – RISK MANAGEMENT

The College participates in a public entity risk pool to insure against its general liability risks. The risk of loss is transferred to this risk pool, with the pool retaining the right to raise insurance premiums in the subsequent calendar year if claims experience is unfavorable. The insurance premiums for the 2010 and 2009 calendar year were $200,986 and $165,818, respectively. Management is aware of no events or circumstances which would generate a significant increase in future insurance premiums.

NOTE I – CLAIMS AND ADJUSTMENTS

The College participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulation, the College may be required to reimburse the grantor government. As of June 30, 2010, significant amounts of expenditures have not been audited by grantor governments, but the College believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual government funds or the overall financial position of the College.

NOTE J – INDUSTRIAL NEW JOBS TRAINING CERTIFICATES

In accordance with sections 178.892 through and including 178.896, RSMo and 4 CSR 195-3.010 to provide tax-aided training for employees of industries, which are new to, or expanding their operations within the State of Missouri, the College has issued Industrial New Jobs Training Certificates. Proceeds of the certificates are used to reimburse the employer for training related costs. The certificates are to be repaid up to eight years using payroll tax withholdings related to the new jobs created. If such funds are not sufficient to repay the debt, then other withholding taxes paid by the employer shall be applied. A special (trust) fund is maintained for the deposit of tax withholdings received from the state and to disburse amounts received for program costs and debt service. The certificates do not constitute indebtedness of the College and, accordingly, are not included in the accompanying balance sheet.

NOTE J – INDUSTRIAL NEW JOBS TRAINING CERTIFICATES (continued)

The 2007 Harman/Becker project was issued under the "alternative structure". This structure reimburses training costs incurred by the Employer on a "cash flow" basis and does not involve the sale of Certificates to a third party. Under this structure monies from the New Jobs Training Credit deposited in the Job Training Program Fund is applied to reimburse the Employer for training costs. As the Employer incurred training costs it submits evidence of those costs to the College for approval, similar to the standard payment structure. However, rather than being immediately reimbursed for such costs from monies in the Program Fund representing proceeds of the sale of the Certificates, the training costs approved by the College would be owed to the Employer. The Employer is then reimbursed for these training costs only as monies are available from the New Jobs Training Credit in the Job Training Program Fund.

Accordingly, the outstanding balance column on the following schedule represents the remaining balance of unretired certificates on the standard structure and the remaining balance to be reimbursed to the employer for the alternative structure.

As of June 30, 2010, the Industrial New Jobs Training Certificates outstanding were $1,381,301 and were comprised of the following:

Company	Total Certificates Sold	Outstanding Balance June 30, 2010
Harman/Becker 2007 - Phase I, Washington, MO	$ 514,000	$ 276,430
Harman/Becker 2007 - Phase II, Washington, MO	570,000	355,492
Harman/Becker 2008 - Phase III, Washington, MO	544,000	379,910
Harman/Becker 2008 - Phase IV, Washington, MO	477,000	369,469
	$ 2,105,000	$ 1,381,301

NOTE K – CONTINGENCIES, COMMITMENT AND SUBSEQUENT EVENTS

Commitment

At June 30, 2010, the College was committed to construction contracts for the Administration Building renovation for a total of $265,165.

NOTE K – CONTINGENCIES, COMMITMENT AND SUBSEQUENT EVENTS (continued)

Contingencies

The College is subject to various lawsuits and claims. Although the outcome of a pending claim is not presently determinable, in the opinion of the College's attorney, the resolution of these matters will not have material adverse effects on the financial condition of the College.

Subsequent Events

In July 2010, the College approved a bid from K & S Associates for the renovations of the Administration Building. The total bid was for $9,687,100.

In October 2010, the College approved a bid from Kuesel Excavating Company for the construction of Campus Loop Road and a parking lot. The total bid was for $421,000.

NOTE L – POSTEMPLOYMENT HEALTH CARE PLAN

Plan Description – The College's postemployment health care plan is a single-employer defined benefit health care plan. To be eligible for participation in the plan, retirees must meet the retirement eligibility requirements as set by the Public School Retirement System of Missouri (PSRS) or the Public Education Employee Retirement System of Missouri (PEERS). Eligible participants receive benefits in the form of an implicit rare subsidy where participants receive health insurance coverage by paying a blended retiree/active rate.

Funding Policy – The contribution requirements of plan members and the College are established and may be amended by the Board of Trustees. Current contribution requirements require participants to pay the full blended premium. The College funds the plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation – The College's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the College, an amount actuarially determined in accordance with the parameters of GASB-45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the College's annual OPEB cost for the year ended June 30, 2010:

ARC	$ 113,000
Interest on net OPEB obligation	-
Adjustment to ARC	-
Annual OPEB cost (expense)	$ 113,000

NOTE L – POSTEMPLOYMENT HEALTH CARE PLAN (continued)

The change in net OPEB obligation was as follows:

Balance June 30, 2009 Net OPEB Obligation	Annual OPEB Cost	Employer Contributions	Balance June 30, 2010 Net OPEB Obligation
$ 113,000	$ 113,000	$ -	$ 226,000

Funding Status and Funding Progress – As a pay-as-you-go plan, the plan was 0% funded at June 30, 2010.

Actuarial Methods and Assumptions – The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations. In the 2009 actuarial valuation, the projected unit credit method was used with benefits attributed from the date of hire to expected retirement age. The actuarial assumptions included a health care cost trend rate of 11% in 2009, reduced by decrements of 0.5% each year until an ultimate health care cost trend rate of 6% is reached in 2019. The unfunded actuarial accrued liability is amortized over the maximum acceptable period of 30 years on an open basis, and the valuation assumes that 60% of all future retirees and their dependents will participate in the postemployment benefit plan.

NOTE M – COMPONENT UNIT DISCLOSURES

The following are the notes taken directly from the audited financial statements of the Foundation for the years ended December 31, 2009 and 2008.

1. *SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES*

   Basis of Accounting – The financial statements of East Central College Foundation, Inc. (the Foundation) have been prepared on the accrual basis.

   Basis of Presentation – The Foundation prepares financial statements in accordance with FASB Accounting Standards Codification (ASC) 958-205 and subsections (formerly Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations).* Under SFAS No. 117, the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets. In addition, the Foundation is required to present a statement of cash flows.

NOTE M – COMPONENT UNIT DISCLOSURES (continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash – The Foundation considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Promises to Give – Unconditional promises to give in future periods are recognized as revenues in the period the promises are received. Conditional promises to give, which depend upon specified future and uncertain events, are recognized as revenue when the conditions upon which they depend are substantially met. The Foundation provides an allowance for uncollectible amounts equal to the estimated collection losses that will be incurred in collection of all promises to give. The estimated losses are based on a review of the current status of the existing promises to give.

Investments – Investments consist primarily of assets invested in marketable equity and debt securities, certificates of deposit, mutual funds, and money-market accounts. The Foundation accounts for investments in accordance with FASB ASC 958-320 and subsections (formerly SFAS No. 124, Accounting for Certain Investments Held by Not-For-Profit Organizations). This standard requires that investments in equity securities with readily determinable fair values and all investments in debt securities be measured at fair value in the consolidated statement of financial position. Fair value of marketable equity and debt securities is based on quoted market prices. The realized and unrealized gain or loss on investments is reflected in the statement of changes in net assets.

Investments are exposed to various risks such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the fair value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Land – Land is carried at its fair value at the date of donation.

In-Kind Contributions – Non-cash contributions are recorded at their estimated fair values at the dates of the gifts.

Restricted and Unrestricted Revenues and Support – The Foundation reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

NOTE M – COMPONENT UNIT DISCLOSURES (continued)

Income derived from investments of permanently restricted funds is accounted for in accordance with the terms of those agreements.

Description of Program Services and Supporting Activities – The following program services and supporting activities are included in the accompanying financial statements:

Program – The program component of East Central College Foundation, Inc. consists of all aspects of the Foundation's administration of scholarships to students attending East Central College.

Management and General – Includes the functions necessary to maintain an equitable employment program; ensure an adequate working environment; provide coordination and articulation of East Central College Foundation, Inc.'s program strategy; secure proper administrative functioning of the Board of Directors; and manage the financial and budgetary responsibilities of East Central College Foundation, Inc.

Fundraising – Provides the structure necessary to encourage and secure private and public financial support.

Expense Allocation – Expenses are charged to program services and supporting activities on the basis of estimates made by management. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation.

Advertising – Costs for advertising are expensed as incurred.

Income Taxes – The Foundation is exempt from income taxes under Section 201(c)(3) of the Internal Revenue Code.

Subsequent Events – Management has evaluated subsequent events through September 30, 2010, the date the financial statements were available to be issued.

Recent Accounting Pronouncements – In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 168, *The FASB Accounting Standards Codification (ASC) and the Hierarchy of Generally Accepted Accounting Principles: a replacement of FASB Statement No. 162*. On July 1, 2009, *The Hierarchy of Generally Accepted Accounting Principles* was rendered irrelevant, and the FASB ASC became the source of authoritative U.S. Generally Accepted Accounting Principles (GAAP) recognized by the FASB to be applied by nongovernmental entities. On the effective date of this statement, the ASC supersedes all then-existing non-SEC accounting and reporting standards, effective for financial statements issued for interim and annual periods ending after September 15, 2009.

NOTE M – COMPONENT UNIT DISCLOSURES (continued)

The Foundation adopted the provisions of FASB ASC 740-10-25 (formerly FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* [FIN 48] on January 1, 2009. Under FIN 48, an organization must recognize the tax benefit associated with tax taken for tax return purposes when it is more likely than not the position will be sustained. The implementation of FIN 48 had no impact on the Foundation's financial statements. The Foundation does not believe there are any material uncertain tax positions and, accordingly, it will not recognize any liability for unrecognized tax benefits. No interest or penalties were accrued as of January 1, 2009, as a result of the adoption of FIN 48. For the year ended December 31, 2009, there were no interest or penalties recorded or included in the Foundation's financial statements.

In accordance with FASB ASC 958-205 and subsections (formerly FASB Staff Position No. 117-1 [FAS 117-1], *Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act, and Enhanced Disclosures for All Endowment Funds*), the Foundation has determined it is subject to the Uniform Prudent Management of Institutional Funds Act of 2006. The State of Missouri adopted UPMIFA effective August 28, 2009, and as a result, the Foundation has adopted the provisions of FASB ASC 958-205 and subsections (formerly FAS 117-1) for the year ended December 31, 2009.

FAS 117-1 provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). FAS 117-1 also improves disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

For those net assets meeting the definition of endowment, FAS 117-1 requires the Foundation to classify a portion of the donor-restricted endowment fund as permanently restricted net assets, unless stated otherwise in the gift instrument by the donor. Permanently restricted net assets represent the fair value of the original gift as of the gift date. Temporarily restricted net assets consist of the remaining portion of donor-restricted endowment funds that are not classified as permanently restricted net assets. The temporarily restricted net assets will remain classified as temporarily restricted until the Board of Directors appropriates these funds for expenditure by the Foundation. During the year ended December 31, 2009, the Foundation has reviewed the endowment fund and has transferred to temporarily restricted net assets those that are subject to UPMIFA that were previously classified as unrestricted.

2. *ORGANIZATION*

East Central College Foundation, Inc. is a nonprofit organization incorporated under the laws of the State of Missouri, primarily as the official fundraising and gift-receiving agency of East Central College.

NOTE M – COMPONENT UNIT DISCLOSURES (continued)

3. *ENDOWMENT*

The Foundation's endowment consists of both donor-restricted endowment funds and funds designated by the board of directors to function as endowments. As required by GAAP, net assets associated with the endowment fund are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law – The Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), as enacted by the State of Missouri effective August 28, 2009, as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. In accordance with UPMIFA, the Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1) The duration and preservation of the fund

2) The purpose of the Foundation and the donor-restricted endowment fund

3) General economic conditions

4) The possible effect of inflation and deflation

5) The expected total return from income and the appreciation of investments

6) Other resources of the Foundation

7) The investment policies of the Foundation

Endowment Investment Policy – The Foundation's endowment investment policy intends for the Foundation to invest in assets for the purposes of providing current income to meet a portion of the Foundation's needs and appreciation to enhance the future resources available to the Foundation. The two primary objectives are to provide real growth of principal and to provide income on fund assets. To limit risk and still meet long-term return objectives, the Foundation invests in a balanced portfolio. The targeted asset allocation consists of 30% cash, cash equivalents, and fixed-income securities; and 70% equity securities.

NOTE M – COMPONENT UNIT DISCLOSURES (continued)

Endowment Spending Policy – The Foundation has established an endowment spending policy in which a maximum of 5% of a three-year moving average of the market value of endowed funds may be spent each year. Prior years' undisbursed funds are not included in the 5% maximum and may also be disbursed.

4. *PROMISES TO GIVE*

Unconditional promises to give consist of the following:

	2009	2008
Unrestricted promises to give	$ 500	$ 5,900
Permanently restricted promises to give	94,320	157,551
Less: Allowance for uncollectible amounts	(2,795)	(6,272)
Discount for promises to give	(1,397)	(3,136)
Promises to give, net	$ 90,628	$ 154,043

The promises are collectible in future years as shown below:

	2009	2008
Less than one year	$ 35,797	$ 97,879
One to five years	54,831	56,164
	$ 90,628	$ 154,043

Unconditional promises to give to establish a permanent scholarship endowment are included in the financial statements as permanently restricted assets and support. They are recorded after discounting at the rate of 4% to the present value of the future cash flows.

5. *INVESTMENTS*

Investments at December 31, 2009 and 2008, consist of the following:

	Quoted Prices in Active Markets For Identical Assets	
	2009	2008
Equity securities and mutual funds	$ 1,850,503	$ 1,305,260
Government and corporate obligations	121,844	109,241
Certificates of deposit	1,294,823	1,193,549
Cash surrender value of life insurance policy	4,678	3,469
	$ 3,271,848	$ 2,611,519

NOTE M – COMPONENT UNIT DISCLOSURES (continued)

The amounts reported in the Statement of Financial Position are classified as follows:

	2009	2008
Unrestricted and temporarily restricted investments	$ 803,189	$ 241,977
Investments restricted for permanent investment	2,468,659	2,369,542
	$ 3,271,848	$ 2,611,519

Investments are carried at fair value in accordance with generally accepted accounting principles in the United States of America. Net realized and unrealized gains (losses) totaling $368,524 and ($718,786) were recorded in 2009and 2008, respectively.

6. *INVESTMENT RETURN*

Investment return during 2009 and 2008 consisted of the following:

	2009	2008
Interest and dividends	$ 101,692	$ 132,598
Realized and unrealized gains (losses) on investments, net	368,524	(718,786)
	$ 470,216	$ (586,188)

The above investment return is classified in the Statement of Activities as follows:

	2009	2008
Unrestricted	$ 381,632	$ (692,902)
Temporarily restricted	85,991	102,755
Permanently restricted	2,593	3,959
	$ 470,216	$ (586,188)

7. *SCHOLARSHIPS AND AGENCY FUNDS*

Scholarships payable consist of amounts awarded to students for the Spring 2010 and Spring 2009 semesters but not paid as of December 31, 2009 and 2008, respectively.

The Foundation serves as a fiscal agent for both outside organizations and specific groups at East Central College. Such amounts are not included in the revenues and expenses of the Foundation.

NOTE M – COMPONENT UNIT DISCLOSURES (continued)

8. *NET ASSETS*

Temporarily restricted net assets of $550,748 and $622,935 at December 31, 2009 and 2008, respectively, are available for scholarships and other uses based on donor-imposed restrictions.

Net assets were released from donor restrictions during 2009 and 2008, by incurring expenses satisfying the restricted purposes or time restrictions specified by donors as follows:

	2009	2008
In-kind contributions	$ 160,438	$ 137,408
Scholarships	160,288	97,721
Miscellaneous activities	22,281	23,507
	$ 343,007	$ 258,636

Permanently restricted net assets consist of donations that are restricted for permanent investment in an endowment. The earnings of the endowment are restricted for the funding of various scholarships and are therefore included in temporarily restricted net assets.

9. *RELATED PARTY TRANSACTIONS*

The Foundation utilizes employees, materials and office space from the Junior College District of East Central Missouri (the College) at no charge. The value of these in-kind donations from the College, which is included in temporarily restricted contribution revenue, amounted to $160,438 and $137,408 for the years ended December 31, 2009 and 2008, respectively.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

We have audited the business-type activities of Junior College District of East Central Missouri, as of and for the year ended June 30, 2010, which comprise Junior College District of East Central Missouri's financial statements and have issued our report thereon dated November 11, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards,* issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered Junior College District of East Central Missouri's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Junior College District of East Central Missouri's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal controls, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we considered to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Junior College District of East Central Missouri's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we have reported to the management of Junior College District of East Central Missouri in a separate letter dated November 11, 2010.

This report is intended solely for the information and use of the Board of Trustees, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Trustees
Junior College District of East Central Missouri
Union, Missouri

Compliance

We have audited the compliance of Junior College District of East Central Missouri with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2010. Junior College District of East Central Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Junior College District of East Central Missouri's management. Our responsibility is to express an opinion on Junior College District of East Central Missouri's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations.* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program have occurred. An audit includes examining, on a test basis, evidence about Junior College District of East Central Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Junior College District of East Central Missouri's compliance with those requirements.

In our opinion, Junior College District of East Central Missouri complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

The management of Junior College District of East Central Missouri is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered Junior College District of East Central Missouri's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures, for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Board of Trustees, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
