Thank you for participating in the 2012 Chronicle Great Colleges to Work For program. We are pleased to present you with your Participation Reports for this year. This overview provides a summary of the Great Colleges program as well as descriptions of the three Topline Reports included:

- Topline Survey Results
- Topline Results by Job Category
- Topline Higher Education Workplace Trend Report (excerpt)

We hope that your participation in the program has been rewarding and that these reports will provide you with insight and guidance as you work toward creating the best workplace possible.

**Program Background**
The Chronicle Great Colleges to Work For program is designed to recognize institutions that have been successful in creating great workplaces and to further research and understanding of the factors, dynamics and influences that have the most impact on organizational culture at higher education institutions.

Over its five-year tenure, the Chronicle Great Colleges to Work For® program applicant pool has grown from 89 participants in its inaugural year, to a high of 310 participants in 2011. This year the program included 294 schools, including 221 four-years and 73 two-years.

At the core of the program is a two-part assessment process. The first component is a faculty/staff survey (The ModernThink Higher Education Insight Survey®). Surveys were sent to 117,476 faculty and staff nationwide. Of those, nearly 47,000 responded: 20,476 faculty and 26,424 staff (Administrators and Exempt Professional Staff).

The second part of the assessment process is an institutional audit (The ModernThink Institution Questionnaire® or “IQ”) capturing information detailing various institution demographics, polices and practices.

The primary factor in deciding whether an institution receives recognition is the faculty/staff feedback collected from the ModernThink Higher Education Insight Survey®. For analysis and recognition purposes, ModernThink first segments the participating schools into four-year and two-year categories. Schools within each of these categories are further classified into three groups based on student enrollment:

- Small: 500 to 2,999 students
- Medium: 3,000 to 9,999 students
- Large: 10,000+ students
Twelve of the recognition categories are based on the 15 survey dimensions which are core components of campus life. Representative examples include the following: Collaborative Governance, Professional/Career Development; Teaching Environment (Faculty Only); Compensation & Benefits; Facilities, Workspace & Security; and Job Satisfaction. Other recognition categories are tied to responses for the benefits satisfaction component of the survey.

**The ModernThink Higher Education Insight Survey**

The ModernThink Higher Education Insight Survey has been specifically designed to assess workplace quality at institutions of higher education. The survey statements measure critical organizational dynamics and managerial competencies. Additionally, the instrument provides insight into the quality and health of various relationships that ultimately have direct impact on your institution's culture and the daily experience of your employees.

For reporting and analysis purposes, these 60 statements are clustered into 15 dimensions or themes, each representing an important component of campus life. These dimensions were determined and confirmed through a series of factor analyses, and they provide the basis for the program's recognition categories:

- **Job Satisfaction/Support**: provides insight into the satisfaction with job fit, autonomy and resources
- **Teaching Environment**: with a particular focus on faculty, this dimension consists of statements that address the balance between teaching, research and service; the support for advising/mentoring students; and recognition for outstanding teaching
- **Professional Development**: provides insight into the reported satisfaction with career/professional development opportunities; and for faculty, support for research and clarity of the tenure process
- **Compensation, Benefits & Work/Life Balance**: captures information about the perceived fairness of compensation and the effectiveness of the benefits and work/life balance programs
- **Facilities**: provides insight into the reported satisfaction with physical workspace, overall campus appearance and confidence in experiencing a safe and secure environment
- **Policies, Resources & Efficiency**: assesses the perceived effectiveness of various systems, policies and infrastructure
- **Shared Governance**: captures information about the perception of inclusion and cooperation as related to shared governance
- **Pride**: evaluates the sense of pride and connection faculty/employees report regarding their affiliation with the institution
- **Supervisors/Department Chairs**: provides insight into the relationship faculty/employees report with their department chair or supervisor and assesses critical managerial competencies
Senior Leadership: measures the confidence faculty and employees report in the capabilities and credibility of senior leadership; senior leadership was defined as the most senior members of the institution (e.g., chancellor or president and those who report directly to him/her)

Faculty, Administration & Staff Relations: provides insight into the quality of faculty, administration and staff relations with a focus on the perception of support, cooperation and collegiality

Communication: assesses the quality of internal communications specifically as related to transparency, clarity and interactivity

Collaboration: measures the perceived cooperation and collegiality within workgroups and across the institution

Fairness: measures confidence in fair and consistent treatment, especially regarding performance management and issues of accountability

Respect & Appreciation: provides insight into the degree to which faculty/staff feel respected and valued

The 2012 Honor Roll
While recognition in any category is indeed noteworthy, a special distinction is awarded to those institutions that are cited most often across all of the recognition categories. This Honor Roll recognition was given to ten four-year institutions in each size, and four two-year institutions in each size.

The 2012 Honor Roll for two-year colleges
Small (500-2,999 Students)
Lake Area Technical Institute
Lancaster General College of Nursing and Health Sciences
North Arkansas College
Panola College

Medium (3,000-9,999 Students)
Blue Ridge Community College
Howard Community College
Somerset Community College
Southside Virginia Community College

Large (10,000 or more Students)
Central Texas College
Miami Dade College
Rio Salado College
Tallahassee Community College

The 2012 Honor Roll for four-year schools
Small (500-2,999 Students)
Centre College
Endicott College
Furman University
Gettysburg College
Hardin-Simmons University
Juniata College
Manchester College
New York Chiropractic College
Ripon College
Siena Heights University

Medium (3,000-9,999 Students)
Biola University
Calif. State University Channel Islands
Embry-Riddle Aeronautical University-Daytona Beach
Lee University
McKendree University
Rollins College
Southern New Hampshire University
Texas Christian University
The College of Saint Rose
University of the Incarnate Word

Large (10,000 or more Students)
Austin Peay State University
Baylor University
George Mason University
Old Dominion University
Sam Houston State University
University of Central Oklahoma
University of MD, Baltimore County
University of Michigan
University of Mississippi
University of Notre Dame du Lac
Report Overviews
The opportunity for national recognition is certainly exciting, but the most valuable part of participation in this program is perhaps the survey data you receive. It's our goal to help participating institutions understand the dynamics and influences that are having the greatest impact on their own campus cultures, and that ultimately are shaping the future of the higher education community. We are pleased to present you with the following three Topline Reports, summarizing key results from your faculty/staff survey as well as aggregate results from the Institution Questionnaire® submissions:

1) Topline Survey Results
2) Topline Results by Job Category
3) Topline Higher Education Workplace Trend Report (Excerpt)

Topline Survey Results
This color-coded report lets you see at a glance how your institution scored overall, where your strengths lay, where barriers exist as well as how you compare with your peers. If you participated in the program last year, you will see your data for 2011 listed as well. A sample report is provided below. Your school's actual results are enclosed separately.

| Response Rate | 24.4% Response Rate | 316 Surveys Sent | 77 Total Respondents |

Results in the first one or two columns (two if you participated in the program last year) of the table reflect your school's average percent positive for each survey dimension, that is, the percentage of your employees who responded with "Strongly Agree" or "Agree" to the statements comprising each specific theme. For example, there are seven statements that make up the Supervisors/Department Chairs dimension. All statements are weighted equally.

In addition to your institution's data, we've also provided you with comparative benchmark data based on your Enrollment Size (third column in the above example) and Carnegie Classification (fourth column in the above example). The Honor Roll benchmark is comprised of the average percent positive of those institutions recognized on the Honor Roll in your Enrollment Size. The Carnegie benchmark reflects the average percent positive of all institutions in your Carnegie classification.

Topline Results by Job Category
Your faculty and staff were asked 15 demographic questions at the end of the survey (Gender, Age, Ethnicity, Race, Relationship Status, Annual Salary, Job Status, Years at Institution, Tenure Status, Supervisory Status, Years in Current Role, Job Category, Job Role, School/College and Department).

Your Topline by Job Category report shows you both the overall positive responses (percent who "Strongly Agree" or "Agree") and the Honor Roll benchmark for your Enrollment Size broken out by your Administration, Faculty and Exempt Professional Staff. A sample report is provided below. Your school's actual results are enclosed separately.

Additionally, we've provided the distribution for your survey responses stratified by Job Category. NOTE: Please note that these distributions have been truncated and thus the percentages may not total 100%.
Topline Higher Education Workplace Trend Report (Excerpt)
The Topline Trend Report provides comparative data for some of the most relevant demographics and policies. It includes data from the 150+ questions asked on the IQ and is an excerpt from our comprehensive 2012 Higher Education Workplace Trend Report. Summarized in both chart and graphical form, we highlight in aggregate which schools are doing what so that you can see trends as well as where you stand relative to your peers. The report includes information that profiles the applicant pool as well as information about select programs and policies.

Questions & Feedback
We continue to receive terrific feedback about the Great Colleges initiative and how this program is helping advance workplace quality issues at individual schools across the country, and influencing the future of the academic workplace. Registration for the 2013 program is now open, and we expect yet another strong applicant pool in what has become one of the nation’s premier recognition programs. You can register now at ChronicleGreatColleges.com.

After you have had the opportunity to review your reports and reflect on your participation in the Great Colleges program, we would welcome your feedback. In fact, to help ensure the continued improvement of the program we will be sending out a brief evaluation so that you can provide us with any ideas you might have on how we can make the program even better.

In the meantime, if you have any questions about the program and/or the reports please don’t hesitate to email us at chronicle@moderntthink.com or call us at 888.684.4658.
The ModernThink Higher Education Insight Survey® is specifically tailored to measure the dynamics and competencies unique to institutions of higher education.

In addition to the complimentary Topline Reports offered with your participation in the 2012 program, we can provide you the additional feedback, benchmarks, and employee comments to help you see what made you great, or what can make you better.

Our report options help you understand your institution's strengths and challenges so that you can target initiatives for improvement.

**Survey Results**
Review your institution's strengths and challenges so that you can target initiatives for improvement.

**Benchmark Data**
See how your Faculty, Staff and Administration's responses compare to those of other institutions.

**Trend Analysis and Consulting**
Combine your survey data with the program's benchmark data to gain greater insight and value from your participation in the Great Colleges program.
