

September 2015 CSA Spotlight Award Winner – David Steffens

David “Dave” Steffens began working for East Central College in May, 2011. He is the Technical Support Technician for our Instructional Technology department.

Dave was chosen by the Spotlight Committee, on behalf of the Classified Staff Association, for the Spotlight Award during September, 2015. The background of the award stems to an employee who goes “above and beyond” in their role at ECC and their commitment to excellence for the betterment of students, faculty and staff.

The Spotlight Committee held the presentation honoring Dave on September 16, 2015. Dave was presented with a certificate and gift basket filled with camouflage items. His hobby includes target hunting. When asked what his special interest was, Dave replied, keeping “Honey” happy. He likes Chinese food and shopping online. His favorite all-time TV program is M.A.S.H.

The following comments were collected that describe Dave Steffens: dependable, a finisher with phones and electronics; helped out majorly this past summer with all 30 office moves in changing their phone lines. He is a “cheery” employee and co-worker.
