

## September Spotlight Award

Amy DeMiere

Program Assistant – Communication, Education, Fine Arts, Humanities & Social Services

"Amy Demiere is talented, thoughtful, organized and dependable. Amy is student-focused in everything she does for East Central. She goes out of her way to notice faculty and students along with trying to brighten their day. Amy spends extra time on activities for the Division and Education Department to make sure students have what they need to be successful. She truly gives 110% to our students and faculty. I appreciate the little things she does to make others have a good experience and to feel good about their experience at ECC."
