THE CAREER

Registered nurses (RNs) are hands-on professionals who provide focused and highly personalized care. These professionals promote health, prevent disease and help patients and families cope with illness. They have a unique scope of practice, yet work collaboratively with all members of the healthcare team.

Registered nurses assess a patient's health and help perform diagnostic tests and analyze results. They also operate medical equipment, administer a variety of treatments and medications and assist with patient follow-up/rehabilitation. In addition, these healthcare professionals develop and manage a nursing plan of care, educate people on a variety of health issues and serve as advocates for patients, families and communities.

A majority of registered nurses practice in hospitals, though a growing number are employed in long-term care settings, out-patient surgery centers or rehabilitation centers. Others work in community health, industrial or school nursing, clinics and physician offices. The field has a variety of opportunities ranging from entry-level professional to doctoral-level researcher/practitioner.

PROFESSIONAL TRAITS

Those pursuing a registered nursing career should:

- ✓ Be caring and empathetic
- ✓ Have excellent analytical and problem-solving skills
- ✓ Be dependable, supportive and detail-oriented
- ✓ Have the emotional stability to cope with human suffering, emergencies and other stresses
- ✓ Be able to direct and supervise others

EMPLOYMENT AND SALARY INFORMATION

The registered nurse profession is experiencing faster-than-average job growth, per the U.S. Bureau of Labor Statistics. By 2024, the number of positions is expected to increase by 15 percent.

In May 2017, the median annual earnings of these professionals were \$70,000. The lowest 10 percent earned \$48,690, and the highest 10 percent earned \$104,100.

THE PROGRAM

East Central College offers two program options leading to an Associate of Applied Science degree in nursing. The main campus in Union as well as the Rolla location offer a complete pre-licensure program (generic) for those interested in becoming a registered nurse. A LPN to RN Bridge program is also available at the Rolla location for LPNs interested in becoming registered nurses.

ECC students benefit from state-of-the-art clinical labs which utilize technology and high-fidelity human patient simulators. Some distance learning options are also available to increase access and flexibility. Upon completion of either ECC nursing degree track, graduates are eligible to apply to write the NCLEX-RN exam for licensure.

ADMISSION REQUIREMENTS

To enter this course of study, students must meet these institution and program-specific criteria:

- ✓ High school diploma or the equivalent
(documentation must be sent to the registration office)
- ✓ Application for admission to ECC
- ✓ A placement test as specified by the college
(some coursework requires minimum placement results)
- ✓ Cumulative college GPA of 2.75 or greater
- ✓ HESI A2 Admission Test taken in the last two years with a composite score greater than 75%.
- ✓ Completion of prerequisites with a "C" or better
- ✓ Satisfactory criminal background check and drug screening once accepted to the program
- ✓ A completed nursing application on file by the specified deadline (available on the ECC Web site under the "Academic & Degree Programs link")

TRANSFER OPTIONS

The AAS degree is designed for students seeking employment right after graduation. However, many of the credits, particularly the general education electives earned with this degree, are accepted as transfer credit by four-year schools. Please note that these decisions are made by the bachelor degree-granting institution, not ECC. Students wanting to transfer are advised to contact the institution of their choice before beginning a program or reviewing other ECC degree plans. The college has articulation agreements with several BSN completion programs to promote a seamless progression to the next educational level.

NURSING (RN)

ASSOCIATE OF APPLIED SCIENCE

PROGRAM OF STUDY

The nursing program is a full-time course of study. THIS IS A SUGGESTED PLAN OF STUDY BASED ON COLLEGE READINESS PLACEMENT SCORES. The complete nursing curriculum can be found in the ECC Registered Nursing application.

PREREQUISITES/GENERAL EDUCATION

FIRST SEMESTER (FALL)

COURSE	HOURS
COL 101 Foundation Seminar*	1
ENG 101 English Comp I*	3
BIO 205 Microbiology for Allied Health***	5
PSY 101 General Psychology*	3
MTH 110/140/150 Intermediate Algebra, Contemporary Math, Statistics (or higher)*	3
PSC CIVICS Civics Achievement Exam (pass/fail)	0

Total Hours 14

SECOND SEMESTER

COURSE	HOURS
ENG 102 English Comp II*	3
SOC 101 General Sociology	3
BIO 206 Human Anatomy & Physiology I Lecture/Lab**	4
BIO 207 Human Anatomy & Physiology II Lecture/Lab**	5

Total Hours 15

ADDITIONAL INFORMATION

In order to achieve success in this program, a student can expect to spend a minimum of 20-30 hours per week, outside of class, studying and preparing for class and clinical experiences. Some examples include: practicing skills in the lab, preparing for clinical assignments, studying for exams, preparing for class, developing written assignments and presentations.

^F Course is only available during Fall semester

^S Course is only available during Spring semester

* Nursing Program Prerequisites

** BIO 206 and BIO 207 has the following prerequisite:

- Two years high school Biology with lab: must have received at least a "C" grade and must have been within the last five years or BIO 111 General Biology Lecture/Lab

- One year high school Chemistry with lab: must have received at least a "C" grade and must have been within the last five years or CHM 106 Chemistry for Health Sciences Lecture/Lab or higher Chemistry

*** BIO 205 has the following prerequisite:

- Two years high school Biology with lab: must have received at least a "C" grade and must have been within the last five years or BIO 111 General Biology Lecture/Lab

YEAR 1

FALL SEMESTER

COURSE	HOURS
NUR 101 Fundamentals of Nursing Lecture ^F	6.5
NUR 102 Fundamentals of Nursing Lab ^F	2.5
HST 101/ HST 102/ PSC102 History or Political Science Requirement	3

Total Hours 12

SPRING SEMESTER

COURSE	HOURS
NUR 131 Nursing of Adults & Children I Lecture ^s	5
NUR 132 Nursing of Adults & Children I Lab ^s	5

Total Hours 10

YEAR 2

FALL SEMESTER

COURSE	HOURS
NUR 201 Nursing of Adults & Children II Lecture ^F	5.5
NUR 202 Nursing of Adults & Children II Lab ^F	4.5

Total Hours 10

SPRING SEMESTER

COURSE	HOURS
NUR 231 Nursing of Adults & Children III Lecture ^s	5
NUR 232 Nursing of Adults & Children III Lab ^s	5
NUR 291 Nursing Trends ^s	1

Total Hours 11
