POLICIES AND PROCEDURES

Academic Calendar

East Central College operates under an official academic calendar (See Appendix A.) which is also available on the College's website. The official calendar includes semester start and end dates, tuition and fees due dates, no-class dates, last date to withdraw and other relevant campus information. On occasion, the College will update the official academic calendar; please check the website for the most current version. Academic calendars for current and future semesters are accessible on the College's website at www.eastcentral.edu/current/academic-calendar/.

Academic Honor Code

Students are expected to conduct themselves honestly in all academic endeavors. Any act of academic dishonesty is a violation of the Academic Honor Code.

Introduction

East Central College is an academic community. Integrity and honesty in the classroom, in academic programs and in all related learning experiences is critical. The Academic Honor Code is a statement of the college's position regarding student conduct as it relates to academic integrity. It is not intended to supersede specific course or instructor guidelines or policies contained in any course syllabus. (Students are responsible for learning about and being fully aware of activities that constitute violation of the Academic Honor Code.) The following list is presented for information and clarification and is not intended to be exhaustive.

The faculty retains the right to recommend a remedy when students are in violation of the Academic Honor Code. Students retain the right to appeal any accusation of policy violation as outlined in the Student Discipline Policy and Appeal Procedure in this handbook.

Academic Honor Code Definitions and Clarifying Comments

Academic Dishonesty:

Academic dishonesty is defined as any form of cheating or dishonesty that has the effect or intent of interfering with any academic exercise or a fair evaluation of a student's performance. Some examples and definitions are given below. The College faculty can provide additional information, particularly as it relates to a specific course, laboratory or assignment.

Cheating:

An intentional use or attempted use of unauthorized material or study aids in assignments or tests, or unauthorized assistance by any other party in any academic exercise.

*Examples: unauthorized use of notes for a test; using a "cheat sheet" on a quiz or exam; any alteration made on a graded test or exam which is then resubmitted to the teacher.

Plagiarism:

Careless or deliberate use of the work or the ideas of another; representation of another's work, words, ideas, or data as your own without permission or appropriate acknowledgement.

*Examples: copying another's paper, work, computer disk, or answers and submitting or representing it as your own; submitting an assignment which has been partially or wholly done by another and claiming it as yours; not properly acknowledging a source which has been summarized or paraphrased in your work; failure to acknowledge the use of another's words with quotation marks.

Facilitation of Academic Dishonesty:

Knowingly assisting another in violation of the Academic Honor Code.

*Examples: working together without permission on a take-home test; providing another with information about a test that you have already taken before they take it.

Multiple Submission:

Submission of work from one course to satisfy a requirement in another course without explicit permission.

*Example: using a paper prepared and graded for credit in one course to fulfill a requirement and receive credit in a different course.

Fabrication/Forgery:

Use or submission of contrived, invented, forged, or altered information in any assignment, laboratory exercise or test; tampering with or production of a counterfeit document, particularly documents which make up the student's academic record.

*Examples: making up a source or citing a nonexistent publication or article; representing made up data as real for an experiment in a science laboratory class; forging a change of grade or student withdrawal record; falsifying any document related to a student academic exercise.

Obstruction:

Behavior that limits any student's opportunity to participate in any academic exercise or attempts to block access to resources.

*Examples: destroying a library resource before another student can access it; interfering with another students' efforts or work in any academic exercise; tampering with a computer resource before other students can gain access.

Misconduct in Creative Endeavors:

The misrepresentation of another person's ideas, writing, computer images, artistic effort, or artistic performance as one's own.

*Examples: representing a musical performance as original when it is not; using copyrighted artistic material inappropriately or illegally.

Professional Behavior:

Students are required to conduct themselves in a manner appropriate to the classroom, laboratory, internship or clinical setting as specified in the course syllabus and program requirements.

Academic Honor Code Disciplinary Procedures

- A. Students who violate the Academic Honor Code will be confronted by the faculty member and referred to the Chief Student Affairs Officer (CSAO). Supporting documentation, when appropriate, will be forwarded to the CSAO. The CSAO will meet with the student, discuss the misconduct and review the Academic Honor Code and Disciplinary Procedures. The CSAO will maintain a file with supporting documentation and the name of the student will be placed on a disciplinary list accessible only to the CSAO and the Chief Academic Officer (CAO). The faculty member will determine how the violation will affect the student's grade.
- B. In the event that the student violates the Academic Honor Code a second time, the student will be required to meet with the CSAO. The student will be placed on academic probation. The faculty member will determine how the violation will affect the student's grade. The student's file and disciplinary list will be maintained by the CSAO.
- C. If the Student violates the Academic Honor Code a third time, they will be subject to sanctions up to disciplinary suspension or expulsion.

Academic Honors/Phi Theta Kappa Honor Society (BP 3.10)

President's List

East Central College recognizes students who have demonstrated exemplary academic achievement. Upon completion of at least 12 semester credit hours with a semester grade point average of 3.85 or greater, students will be acknowledged by placement on the President's List.

Vice President's List

East Central College also recognizes students who have demonstrated superior academic achievement. Upon completion of at least 12 semester credit hours with a semester grade point between 3.50 and 3.84, students will be acknowledged by placement on the Vice President's List.

Graduation with Honors

Associate of Arts, Associate of Science, Associate of Arts in Teaching, Associate of Fine Arts or Associate of Applied Science degree graduates may earn the designation of "Highest Honors" or "Honors" in recognition of exemplary or superior academic achievement.

- Highest Honors: Students who achieve a cumulative grade point average of 3.85 or greater will be recognized by Highest Honors distinction upon graduation.
- Honors: Students who achieve a cumulative grade point average of at least 3.50 but less than 3.85 will be recognized by Honors distinction upon graduation.

Phi Theta Kappa Honor Society

Students who earn a cumulative grade point average of 3.50 after 12 credit hours completed will be invited to join Phi Theta Kappa International Honor Society. A minimum cumulative grade point average of 3.20 is required to maintain membership in the international honor society.

Academic Standards of Progress

Upon enrollment at East Central College, students are expected to make progress towards graduation. The College defines minimal academic progress based on the following grade point averages:

- Completion of 12-23 semester credit hours of coursework = 1.80
- Completion of 24 or more semester credit hours of coursework = 2.00

Any student with a grade point average that falls below those stated will be placed on academic probation. Students in academic probation status are notified by the Vice President of Student Development and are encouraged to participate in academic counseling. Students have a full semester to remedy academic probation.

If at the end of the academic probation semester the probation status is not remedied, the student is automatically suspended for one semester. Students have the right to appeal any academic suspension.

Students on suspension are notified by mail by the Vice President of Student Development with instructions on how a student may appeal.

Upon completion of the semester of suspension, a student may apply for readmission to the College.

Specific academic programs and eligibility criteria established for various financial aid benefit programs may include additional academic requirements for enrollment, program continuation or graduation.

Animals on Campus (BP 2.16)

East Central College welcomes the presence of trained Service Animals assisting individuals with disabilities on its campus in areas open to the public consistent with the provisions of this policy and applicable law. An individual with a disability may be accompanied by his/her Service Animal in all areas of the College's facilities where members of the public are permitted. This policy, however, applies only to facilities owned by the College or under its control. There may be restrictions imposed on the use of Service Animals in non-College facilities, such as hospitals, science laboratories or other clinical or internship experience locations. Such restrictions are established by the individual facilities, and the College has no control over such restrictions. If you would like more information regarding, contact Access Services in the Student Service Center in Buescher Hall on main campus at 636-584-6588.

Attendance Policy (BP 3.23)/Medical Absence Procedure

Attendance Policy/Statement

ECC is an attendance taking institution. All faculty will distribute to students a current course syllabus that includes a statement detailing specific course attendance policy, guidelines and actions. Such course attendance policy will be congruent with the institutional attendance guidelines, as stated here.

Institutional Attendance Policy

Student attendance in class, regardless of the delivery modality, is important for student success. Faculty will take attendance at each class meeting and record attendance in a class record. For a student to be considered attending the following conditions must be met:

A student cannot be absent for all the class meetings held within 14 consecutive calendar days (or a prorated amount based on a reduced class meeting calendar) without having made regular and frequent contact with the instructor regarding class progress.

A student cannot be absent for the equivalent (intermittent, nonconsecutive absences) of two weeks of class meeting time (or a prorated amount based on a reduced class meeting calendar) without having made regular and frequent contact with the instructor regarding class progress.

A student cannot exceed the absences permitted under a more restrictive and specific course attendance policy.

Should any of these conditions apply, the faculty member will follow the actions as stated in the course syllabus up to and including administrative withdrawal (WX) from the class for any student not considered attending but still officially enrolled in the class. Regardless of any action, the faculty member will report the last date of attendance as noted in the class record.

Medical Absence Procedure

Students who are absent due to a medical condition or hospitalization are advised to speak to an academic advisor or counselor to discuss academic and personal safety issues. Depending on the circumstances, the student may be asked to provide documentation from a physician before returning to campus.

Cell Phone Use

Unless otherwise directed, cell phones should be on silent during classes, laboratories, lectures and performances.

Change of Student Records

636-584-6588

Students should report any change in name, address, phone number, emergency contact information or enrollment status to the Student Service Center as soon as possible.

Children on Campus (BP 2.15)

Children ages 16 and under, unaccompanied by an adult, are not permitted on campus. No children will be allowed at any time in laboratories, study areas, computer labs, the Fitness Center or nearby locations, unless a child is an integral part of an instructional activity. Exceptions may be approved in advance by an agent of the College.

Closing the Campus or Site

Any decision to close the main campus or satellite location due to weather or other unforeseen circumstance will be made by the appropriate college administrator. Once a decision is made, the information will be announced on local radio and television, on the college website Facebook and Twitter, via ECC Alert and communicated internally. To sign up for the emergency notification system, simply go to <http://www.eastcentral.edu/eccalert> to receive emails, phone calls and/or texts. The link will take you directly to the sign up form.

Course Loads/Overloads

Students at East Central College are classified as full time when enrolled in a minimum of 12 credit hours during the fall and spring semesters, or 6 credit hours during the summer. East Central College requires that students who seek enrollment in more than 18 credit hours (nine hours in the summer) receive approval from the Chief Academic Officer or the Chief Student Affairs Officer. Students will be required to provide evidence of their prior academic success.

Course Repeat Policy (BP 3.9) (effective January 2013)

A student enrolled at East Central College may repeat a course one time, if either the student received a grade of D, F, or W, or the course content and/or credit hour value changed significantly since the original enrollment. If a student needs to repeat a course an additional time or under other circumstance, the student must receive written permission from an appropriate college official. All attempts at the course will be recorded on the official college transcript and the highest grade will be factored into the student's GPA. Financial aid rules may prohibit students from receiving funding for repeating a course, under any circumstances.

Procedure:

- A. Once a course has been repeated, the student grade point average will be computed based on the highest grade awarded in the course. Any course repeat is noted on the official college transcript. Transfer institutions may or may not honor a repeat course grade.
- A. Students needing written permission to repeat a course as detailed in the policy can find more information from the Registrar's Office or from an academic advisor.

Drug-Free College Policy (BP 3.19)

East Central College complies with the Drug-Free Schools and Communities Act of 1989, Public Law 101-226 to provide a drug-free, healthful, safe learning and working environment.

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, an imitation controlled substance or alcoholic beverages on college premises or off-campus sites (including College vehicles and any private vehicles parked on College premises or off-campus sites), or College sponsored functions is absolutely prohibited. An imitation controlled substance is a substance which, by appearance (including color, shape, size and markings), or by representations made, would lead a reasonable person to believe that a substance is a control substance.

Violations of this policy will result in disciplinary actions, up to student expulsion, and may have legal consequences and/or result in the involvement of civil law enforcement authorities.

Students needing help in dealing with such problems are encouraged to use the College's counseling services (636-584-6580) for referral assistance for treatment centers. Student violations are subject to ECC procedures as outlined in the Student Discipline Policy.

Expressive Activities Policy (BP 4.43)

East Central College is committed to providing an environment that embraces the principle of freedom of expression for all persons. The purpose of this policy is to ensure that an academic environment is created and maintained that allows for open communication, discussion, and exploration of ideas, while also ensuring that there is no unreasonable disruption of the College function, nor any danger to community members, damage to personal or College property, or unconstitutional interference with the rights of others. Accordingly, all noncommercial expressive activity, including all forms of peaceful assembly, protests, speeches, distribution of literature, carrying signs, and circulating petitions (hereinafter "Expressive Activities"), will be subject to the constitutional limitations set forth in the associated procedures.

Facilities Use Policy (BP 4.28)

636-584-6735

As a service to the community, East Central College allows community members to utilize College facilities, campus and resources if such use does not conflict with the College's operations and educational mission. East Central College students, employees and alumni will receive priority with regard to the use of College facilities and resources. Community members may apply for use of College facilities and resources as described in this Policy, and, when applicable, consistent with the College's Expressive Activities policy (BP4.43) for use of outdoor spaces. All College facilities and grounds are tobacco free. Students taking courses at other locations are subject to the rules and regulations of the facility.

Financial Aid

East Central College participates in a variety of student financial aid programs, such as scholarships, grants, loans, and part-time employment. A number of scholarships are awarded in recognition of academic achievement and special talent, but most aid is awarded on the basis of financial need. While the primary responsibility of paying for college rests with the student and his or her family, a student in need of financial help is encouraged to contact the Financial Aid Office located in the Student Service Center.

How to Apply

To receive any type of aid, students must first complete the Free Application for Federal Student Aid (FAFSA), which determines eligibility for federal and state financial aid. Apply online at www.fafsa.gov. **ECC's Title IV school code is 008862.** The application requires detailed information regarding the financial status of the student and their family. All information received is held in strict confidence. When the application is processed by the Department of Education, both the student and the college are notified. The Department of Education frequently requires colleges to collect additional documentation from students before financial aid eligibility can be determined. Students should allow four to six weeks for the entire process.

Financial aid recipients are required to submit an official high school transcript or GED certificate to the Registrar.

Several federal and state grants are available to students, based upon financial need.

The Federal Pell Grant program provides eligible students with a foundation of financial aid to help defray the cost of postsecondary education. The amount of the grant varies depending upon the need of the student, the cost of education, and the availability of funds. Any person who is a U.S. citizen or permanent resident, enrolled as an undergraduate student, and working toward the first baccalaureate degree is eligible to apply for a Federal Pell Grant.

The Federal Supplemental Educational Opportunity Grant (FSEOG) program was established to make post-secondary educational opportunities available to qualified students who would be unable to obtain such benefits without financial assistance. Priority is given to Federal Pell Grant recipients with exceptional need.

Several Missouri State Aid grant programs are awarded on a financial need basis. To be considered for a state award, students must file a FAFSA by April 1.

Loans

Several types of loans are available at East Central College. Loans must be repaid by the student for Federal Loans and by the student or cosigner for Private Loans.

Federal Subsidized Loans

Subsidized Direct Loans are based upon financial need. Students are required to enroll at least half-time (six credit hours) and make satisfactory academic progress toward a certificate or degree program. An undergraduate student may borrow up to \$3,500 as a freshman and \$4,500 as a sophomore. Information on current interest rates and other details regarding this loan program can be found at www.studentloans.gov. Repayment of the loan begins six months after the student ceases to pursue at least six credit hours at an institution of higher education.

Federal Unsubsidized Loans

Unsubsidized Direct Loans are available to students who do not qualify for the full amount of the Subsidized Direct Loan or are eligible to borrow additional funds through this program. These loans are not based upon financial need and the student borrower is responsible for interest accrued while in school and during deferment periods. Information on current interest rates and other details regarding this loan program can be found at www.studentloans.gov. Repayment of the principal loan amount begins six months after the student ceases to pursue at least six credit hours at an institution of higher education.

Private Loans

East Central College has 3 options to choose from for Private Student Loans. Students can compare rates on www.elmselect.com. They each offer different features, interest rates and eligibility requirements. Students who are on Financial Aid Suspension could qualify for a private student loan if they meet the other requirements. Private loans may require a cosigner. For more information, stop by the Student Service Center to pick up a brochure.

PLUS (Parent) Loans

East Central College no longer participates in the PLUS (Parent) Loan Program.

Scholarships - Institutional and East Central Foundation

There are numerous scholarships available to East Central College students who qualify. Departments within the college offer scholarships to reward academic achievement or performance, and a number of scholarships are made possible through the generosity of businesses, community organizations, and individuals.

Scholarships are available for students who are beginning or resuming their college courses. (Students are urged to apply for scholarships by the priority deadline, i.e. December 1 for merit-based scholarships and March 15 for need-based scholarships, to be considered for the following school year.) The scholarship programs and their eligibility requirements are listed online at <http://www.eastcentral.edu/foundation/new-scholarships-endowments/>. The online application requires your eCentral login credentials.

A+ Program

High school graduates who complete the A+ requirements at a high school approved by the Missouri A+ Schools Program are eligible to use their benefits at East Central College. Benefits may be used for 48 months from high school graduation or upon receipt of an Associate of Arts degree or upon completion of 105% of the credit hours required for the program in which the student is currently enrolled. The A+ benefit covers tuition and general fees. Prior to receiving this benefit, students must:

- A. file the Free Application for Federal Student Aid (FAFSA) and submit all required documents,
- B. submit a signed A+ information form to the Financial Aid Office, and
- C. arrange to have their official high school transcript with the A+ seal sent to the Registrar.

Students are required to enroll full-time, i.e. 12 credit hours in the fall and/or spring and six credit hours in the summer and complete a minimum of 12 credit hours during the fall and spring semester and complete all credits attempted in the summer. A cumulative grade point average of 2.50 or higher is required to remain eligible. Students who attend other institutions full-time during the fall and spring are not eligible to use A+ benefits at ECC during the summer. State benefits are subject to change.

Work Study

East Central College participates in a work-study program funded jointly by the College and the Federal Work-Study Program. To be eligible, students must be enrolled in at least six credit hours and must submit the FAFSA form and all required documents prior to employment. For summer, students must be enrolled in at least six credit hours for both summer and fall and have a complete financial aid file for the fall semester. Students must maintain satisfactory grades while working on campus for continued eligibility. Financial Aid will determine and inform the student if they qualify for the work study program. The number of hours of work a week will be based on the budget and the student's financial qualifications for the maximum of 19 ¾ hours per week. Contact the Financial Aid Office for more information or apply for jobs in the Human Resources Office.

Veterans Benefits

Veterans may be eligible for educational benefits under one or more of the following programs:

- Chapter 31 – Veterans' Vocational Rehabilitation Program

Each program or chapter has different eligibility requirements. The Veterans Administration (VA) awards benefits to eligible students based upon information provided by the Department of Defense. Monthly benefit amounts are determined by enrollment status and are paid directly to the student by the VA. Chapter

31 can be used to charge tuition/fees/books/supplies. Chapter 33 can be used to charge tuition/fees. Students in all other chapters are responsible for payment of tuition/fees by the appropriate due date. Applications for veterans' benefits are available in the Student Service Center or online at www.gibill.va.gov. Students receiving veterans' benefits are eligible to apply for other financial aid programs.

Missouri Returning Heroes' Education Act

Agency Funding

Agency funding is for those student who would like to take advantage of funding through outside programs such as Trade Adjustment Assistance (TRA), Vocational Rehabilitation (VR), and Workforce Innovation and Opportunity Act (WIOA) formerly known as Workforce Investment Act (WIA).

Maintaining Financial Aid Eligibility

Student Rights and Responsibilities

Students receiving financial aid have certain rights and responsibilities. The applicant must, without exception, report any of the following changes to the Financial Aid Office: (a) withdrawal from school, (b) transfer to another school, (c) change in enrollment status, (d) name change, (e) address change or parents' address change, and (f) joining military service.

The financial aid applicant is responsible for obtaining, completing and filing the proper financial aid application, statements, and forms each year on a timely basis. The applicant has the right to seek and receive full information and advising/counseling from the Financial Aid Office in regard to any financial matter. If the family's financial circumstances change due to death, divorce, marriage, disability, long-term unemployment or low income, the applicant's eligibility may change. The applicant must take the initiative to notify the Financial Aid office of these changes.

Correct information must be provided on all financial aid forms. False reporting of information on financial aid application forms is a violation of law and may be considered a criminal offense.

An applicant for financial aid must return all additional documentation, verification, corrections, and/or new information requested by either the Financial Aid Office or the agency to which the financial aid application or confidential statement was submitted.

The applicant is responsible for reading and understanding all forms requiring a signature and for retaining copies for his/her records. Applicants must accept responsibility for all signed agreements. A student accepting a College Work Study Award must perform the work that is agreed upon by the applicant and the supervisor before funds will be disbursed. The student is also responsible for understanding the school's refund procedures and policies.

Minimum Standards of Academic Progress for Financial Aid Recipients

All students are required to meet the "minimum standards of academic progress" in order to receive federal and state financial aid. The policy of East Central College, in accordance with Title IV federal regulations, requires:

- Successful completion of at least 12 semester hours of coursework with a grade point average of 1.80.
- Successful completion of at least 24 semester hours of coursework with a grade point average of 2.00.
- Successful completion of 67% of all coursework attempted.
- Successful completion of a specified program of study within 150% of time allowed to earn a degree.

Note: Successful completion of a course does not include grades of W, WX, F, I, NC or H.

Additional information is available in the Student Service Center or the college website: <http://www.eastcentral.edu/finaid> under Academic Progress.

Financial Aid Warning or Suspension

Students who do not meet the “minimum standards for academic progress” will be placed on financial aid warning for one semester. During this warning period, students may continue to receive aid. Failure to meet the policy standards after the warning semester will result in financial aid suspension and loss of financial aid.

In certain situations, students may appeal their suspension by submitting a Satisfactory Academic Progress Appeal form to the Director of Financial Aid. Documentation of extenuating circumstances may be required.

Return of Title IV Funds

Students who have been awarded federal financial aid funds are required to earn these funds by attending classes through at least 60% of the period of enrollment. Students who quit attending or withdraw from all courses prior to the 60% point in the semester or receive all failing or withdrawal grades for the semester, but have already received their federal financial aid disbursement for the semester, may have been overpaid. If an overpayment occurs, the student is required to repay a portion of the funds to the school and to the U.S. Department of Education. For a full description of this policy please visit the Financial Aid Office or college website <http://www.eastcentral.edu/finaid/>

Foundation Seminar/Campus Orientation

Foundation Seminar, a freshman studies course, is a one credit hour course, introducing the student to college. Topics covered include the skills necessary to be successful in the college environment, such as time management, academic integrity, technology for the classroom, and creative/critical thinking. Attendance at Campus Orientation is a required element of this course. Foundation Seminar is a required course for all degrees and certificates at East Central College.

Except visiting students, non-degree-seeking students, and students who have completed a certificate or degree from a regionally accredited institution with at least a 2.0 GPA, all first-time ECC students will be required to take Foundation Seminar concurrent with a new student’s first semester of coursework at East Central College.

- This rule applies to all new students regardless of their enrollment status (part-time or full-time).
- Students who have successfully completed an equivalent first-year seminar course at another institution and transferred that credit into ECC will be exempt from the class.
- As soon as a non-degree seeking student becomes a degree-seeking student or completes 15 credit hours, the student will be required to take Foundation Seminar.
- Students who do not earn a passing grade in Foundation Seminar during their first semester will be required to retake the class until they pass the class.

Campus Orientation is a required program to introduce new students to the campus, the faculty and staff, and the many services organized around student needs. The program is scheduled before the start of the fall and spring semesters on the main campus and ECC-Rolla.

Grades

Grading System (BP 3.6)

The faculty at East Central College have sole responsibility for assignment of grades to students, based upon student academic performance and other criteria as described in the official course syllabus provided to each student. These criteria have been developed by the faculty and are approved by the academic administration of the College.

Grade Descriptions

Each faculty member’s assignment of grades reflects the following standard college grading scale and corresponding grade points earned:

<u>Grade</u>	<u>Explanation</u>	<u>Grade Quality Points Per Credit Hour</u>
A	Superior	4
B	Above Average	3
C	Average	2
D	Below Average, Passing	1
F	Failing, No Credit	0
W	Withdrawal, No Credit	0
WX	Administrative Withdrawal	0
I	Incomplete	0
H	Audit	0
P	Pass	0
NC	No Credit	0

At the end of each academic semester, faculty are required to submit final course grades online through eCentral and file a record of the grade and the criteria used to arrive at the official grade with the appropriate instructional division. Grades are available to students via eCentral on the College website. All submitted grades become part of the student's official record (transcript) and are used in the computation of the semester grade point average and the student's cumulative grade point average.

Other Grade Options

Mid-semester Progress Reports

In addition to final grades, faculty may report mid-semester student progress. At that time, in addition to the mid-semester grade options of D and F, the following may be reported:

U Unsatisfactory Progress

While not an official transcript grade, U may be used at midsemester to identify unsatisfactory progress within a course.

Incomplete (I)

A grade of Incomplete (I) may be recorded for a student who has completed 80% of the required coursework with a passing grade but, because of reasons acceptable to the instructor, has failed to complete all coursework. Each grade of (I) must be accompanied by a written contract with specific terms for satisfactory course completion and the signatures of the instructor and student. All coursework must be completed during the following semester. If class attendance is required, coursework must be completed during the semester when the course is next offered. A final grade will be recorded as determined by the instructor. Students on financial aid should consult with the Financial Aid Office regarding the impact a grade of (I) may have on student financial aid status.

Audit (H)

A student may elect an audit grade option following the procedures outlined below. Audit (H) grades carry no credit hour value and will not count in credit hours attempted in certain financial aid programs.

- A. A student is admitted to the College, meets all course admission requirements and registers for the course, paying the usual tuition and fees and enrolls as an audit student. Faculty may or may not require that the audit student take exams but all attendance requirements are the same as other students in the class. A student completing the class and meeting the audit requirements as established by the faculty member will receive a grade of (H) for the class, but no credit hour completion will be associated with the grade. A student who fails to meet the attendance requirement may withdraw or be administratively withdrawn from the class and a grade of (W) will be recorded.
- B. A student is admitted to the College, meets all course admission requirements and registers for the course, paying the usual tuition and fees. Within the College refund period (as

defined in the course schedule and available in the Registrar's Office) a student may change status to audit (H). All the procedures for the audit class will then apply.

Withdrawal (W or WX)

A student may initiate the withdrawal from a course with the approval of the instructor, advisor or other appropriate campus official and will receive a grade of "W". The grade is not used in calculating the grade point average and by itself does not represent the quality of the student's academic performance or conduct.

A student may be withdrawn from a class administratively by the instructor or campus official due to excessive absence or other reason and will receive a grade of "WX".

In either situation, a grade of "W" or "WX" carries no credit hour value and will count in credit hours attempted in certain financial aid programs.

Pass (P)

In some courses and under certain circumstances, a grade of (P) is used to indicate that a student has attained a sufficient level of knowledge within a course or program of study to receive credit. Circumstances that warrant the use of (P) include, but are not limited to, articulated credit, advanced placement, and foreign language credit. In each of these circumstances, credit is awarded but no grade point average points are computed. Students may not request a Pass grade option.

No Credit (NC)

An option only for students enrolled in dual technical credit courses, the (NC) grade demonstrates that the student has not achieved the minimum standard to receive credit.

Grade Point Average

Grade point average is determined using the following steps:

1. Exclude for purposes of computation all grades of W, WX, P, I and H
2. For all other grades, multiply the credit hour value of the course by the point value of the grade; this value is the student's grade points
3. Total the number of semester hours attempted in all courses used to determine grade points; this value is the student's hours attempted
4. Divide the grade points by the hours attempted; this number (a value of at least 0.00 and not to exceed 4.00) is the grade point average.

Cumulative grade point average computations will include all courses taken at East Central College plus any courses transferred to and accepted by East Central College.

Grade Forgiveness Policy (BP 3.8)

Students at East Central College may petition for forgiveness; application is limited to grades of (D) or (F) earned in coursework in a single semester.

Grades will remain on the transcript but will be forgiven for purposes of grade point average computation and will be denoted accordingly. This policy applies only to coursework taken at East Central College. Transfer institutions may or may not, at their discretion, honor the grade forgiveness from East Central College. Students should consult with the transfer school regarding its policies.

Criteria and Procedures for Grade Forgiveness

- A. Policy limits grade forgiveness to a single semester of coursework.
- B. Application of the Grade Forgiveness Policy is limited to students who have not attended East Central College for a minimum of two consecutive semesters (excluding summer) OR who have changed major. Students who wish to maintain continuous enrollment may seek relief under the Course Repeat Policy.
- C. Forgiveness may be invoked only once.
- D. Upon receipt of a degree from East Central College, a student is no longer eligible for application of Grade Forgiveness.
- E. Use of the Forgiveness Policy does not preclude a student from use of the college's Course Repeat Policy for coursework taken during other semesters.
- F. Policy applies only to coursework taken at East Central College.
- G. Forgiven coursework and grades will remain on the student's official transcript (with proper annotation) but will not count toward any program/graduation requirement or be computed in any grade point average.
- H. Students interested in applying for Grade Forgiveness must obtain and complete the Academic Forgiveness Petition available at the Student Service Center. The petition must be approved by the Vice President of Instruction and the Vice President of Student Development.
- I. Previous academic action will not retroactively be altered by grade forgiveness once granted. Academic status will not retroactively be changed, removed or deleted nor will any honors retroactively apply.
- J. All grades remain on the student's official transcript; any application of the Grade Forgiveness Policy will be duly noted.
- K. Transfer schools may or may not recognize the East Central College Grade Forgiveness Policy.
- L. Such grade forgiveness will not retroactively impact student's status with respect to any financial aid program or other student assistance program.

Prerequisites, Corequisites and Concurrent Registration

Prerequisite

A prerequisite course is a requirement, stated in the course description, which must be fulfilled prior to enrolling in a course. A prerequisite course requirement is usually associated with sequential courses and requires satisfactory completion (grade C or better) of the prerequisite course. Prerequisite courses taken at other institutions will be evaluated based on East Central College's transfer in course procedures. In addition, some departments at the college may use the age of the prerequisite course (typically reviewed if the course was taken five or more years ago) as a factor in determining whether a prerequisite is satisfied.

Corequisite

A co-requisite is a requirement that two or more courses be taken in the same semester. The co-requisite requirement is stated in the course descriptions of all courses affected. Typically, any enrollment activity in one co-requisite course will impact enrollment in the other. Activities affected may include withdrawal, audit or grade assignment.

Concurrent Registration

Courses listed as concurrent must be taken during the same semester. Completion of one course is independent of completion of the concurrent course. Enrollment activity in one course will not affect the other.

Printing Policy

Students may print in the Learning Center, Library or any open student lab on campus.

New students will be given a free **print card** for 200 print pages when they complete Orientation. Returning students may pick up a similar card from the Learning Center/Library early in the semester. Student ID will be required.

Additional student printing requires the purchase of a print card from one of the following locations at a cost of \$.05 per page, in 20 or 100 page increments. If the card is lost or stolen, the student will be expected to purchase a new card.

- Cashier, 8 am – 6 pm, Monday – Thursday and 8 am – 4:30 pm Fridays
- Bookstore, 8 am – 6 pm, Monday – Thursday and 8 am – 2 pm Fridays
- Library, 7:30 am – 7:30 pm Monday – Thursday and 7:30 – 2:00 pm Fridays (Fall and Spring)
7:30 am – 6:30 pm Monday – Thursday and 7:30 – 2:00 pm Friday (Summer)

Students who take classes at ECC-Rolla, ECC-Sullivan, ECC-Washington and ECC-Warrenton should contact the staff on site for more information on printing procedures.

Community members who are sixteen or older may print in the Learning Center or Library, but first they must 1) obtain a Community Patron Library Card, which requires a Missouri photo ID, and 2) purchase a print card as indicated above.

Privacy Rights (FERPA)

The Family Educational Rights and Privacy Act affords students the right to inspect and review their education records within a reasonable period of time. Students have the right to request an amendment of their education records if they believe them to be inaccurate or misleading. They also have the right to request in writing that their education records be disclosed to certain individuals. Students must provide written consent for East Central College to disclose personally identifiable information from their education records, with certain exceptions.

In accordance with the provisions of FERPA, East Central College may provide directory information, which would not generally be considered harmful or an invasion of privacy if disclosed. East Central College defines directory information as: student's name, address, telephone listing, electronic mail address, photographic view or electronic images, date and place of birth, major field of study, dates of attendance, grade level, enrollment status (full-time or part time), participation in officially recognized activities or sports, weight and height of members of athletic teams, degrees, honors and awards received, and the most recent educational agency or institution attended. Students have the right to prohibit the release of their own directory information by notifying the Registrar in writing. Students should consider carefully the consequences of a decision to withhold directory information. In such cases, East Central College will not release any of this "directory information;" thus, any future requests for such information from non-institutional persons or organizations will be refused.

FERPA Annual Notice to Reflect Possible Federal and State Data Collection and Use

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which your education records and personally identifiable information (PII) contained in such records — including your Social Security Number, grades, or other private information — may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to your records and PII without your consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as

well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to your education records and PII without your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent PII from your education records, and they may track your participation in education and other programs by linking such PII to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

- An independent student (adult student or emancipated minor) who has established residence within the district prior to enrollment in the college.

Proof of Residency – Secondary factors to be considered:

- Continuous presence in the district during those periods not enrolled as a student;

- Presence within the district upon marriage to a district resident and the maintenance of a common domicile with the resident spouse;
- Substantial reliance on sources with the district for financial support;
- Former domicile within the district and maintenance of significant connections while absent; and
- Ownership of a home within the district.

Student Discipline Policy (BP 3.18)

636-584-6566

All students are expected to meet the expectations of College administrators and faculty and the norms of a civil society and to avoid prohibited conduct (see Student Conduct Policy 3.17). If the need for student discipline arises, students can expect due process as defined by the following procedures.

Procedures

In most cases, disciplinary actions are meant to be remedial rather than punitive. Ideally, disciplinary proceedings will be conducted informally between the student(s) and the Chief Student Affairs Officer (Vice President of Student Development). However, when this means of resolution is not possible, a student has the right to a formal processes of discipline and appeal.

Definitions

1. Chief Student Affairs Officer (CSAO): the administrator responsible for student services such as counseling and advising.
2. Chief Academic Officer (CAO): the administrator responsible for the oversight and direction of academic programs and faculty.

3. **Hearing Committee:** A five-member committee called upon for hearings whose membership includes two (2) faculty, two (2) administrative/professional staff, and one (1) support staff member. The CSAO and the CAO are not voting members of the hearing committee, but they are nevertheless involved in the hearing. The CSAO will preside over, and the CAO will present the charges, at all hearings where the misconduct does not involve an academic issue. If the misconduct involves an academic issue, their roles will be reversed.
4. **Sanctions:** Any action taken during the institutional discipline process, not including those actions an instructor may take within the classroom in cases of academic dishonesty such as assigning a lowered or failing grade for the assignment or class.

Possible Sanctions

1. **Warning:** A verbal admonition by a College official regarding a violation of the Student Conduct Policy.
2. **Fines, community service, rehabilitation or other restitution:** A monetary fee, assigned task or other means of reparation.
3. **Disciplinary Probation:** A status resulting from a finding of misconduct. The student remains enrolled but under stated conditions.
4. **Summary Suspension:** An involuntary and immediate separation of the student from the institution when, in the judgment of the CAO, CSAO and/or President, the student presents potential for behavior dangerous or destructive to him/herself, others or College property. Such suspension will be for a limited time until further disciplinary determination is made.
5. **Disciplinary Suspension:** An involuntary separation of the student from the institution for a specified period of time due to misconduct. Student may be re-admitted following a specified period of time.
6. **Expulsion:** Permanent loss of student status due to misconduct. Other stated conditions may be applied.

Formal Student Disciplinary Process (Revised June 16, 2014)

Students subject to sanctions will be accorded the opportunity for a hearing before a hearing committee. For a hearing to be held, the student is required to submit a written request for a hearing to the Chief Student Affairs Officer or designee. The following guidelines will be applicable:

1. Students will be informed in writing of the time, date, and location of the hearing, either by personal delivery or certified mail, at least ten calendar days in advance of the hearing.
2. The entire case file will be available for inspection by the student in the office of the Chief Student Affairs Officer during normal business hours. The file, which should be available at least two (2) business days before the hearing, need not include the personal and confidential notes of any College official or participant in the hearing process.
3. The hearing will be conversational and non-adversarial. Formal rules of evidence will not apply. The Chief Student Affairs Officer or designee shall exercise active control over the proceedings to avoid needless consumption of time and to achieve the orderly completion of the hearing. Any person who disrupts the hearing may be excluded.
4. The student may choose to be assisted by a member of the faculty or staff of the institution. Furthermore, the student may be accompanied by legal counsel, although the role of legal counsel will be limited to providing legal advice to the student, and such legal counsel may not participate in any other way.

5. Those assisting the student, except for legal counsel, will be given reasonable time to ask relevant questions of any individual appearing at the hearing, as well as to present relevant evidence. In some circumstances, including those involving sexual assault or other sensitive allegations, the Chief Student Affairs Officer or designee may determine that direct questioning of a witness by the student or the individual assisting the student is not appropriate. In those cases, the student or their representative will submit the questions to the Chief Student Affairs Officer or designee, who will then ask the questions.
6. Whenever possible, the student will be expected to respond to questions asked by the Chief Student Affairs Officer or designee.
7. If the student requests a hearing and fails to appear after proper notice, the hearing committee may either proceed with the hearing in the student's absence or may make a decision without holding a hearing.
8. The hearing will be recorded. The recording(s) shall be kept with the pertinent case file for a minimum of six (6) months.
9. A written decision will be rendered by the hearing committee within five (5) business days after the completion of the hearing. The written decision, which should be five mailed or personally delivered to the student, should contain a brief statement of reasons for any determination leading to sanctions. The student should also be advised as to when a petition for reinstatement would be considered, along with any conditions for reinstatement. The decision of the hearing committee will be final unless a timely appeal is made to the College President.
10. A student who wishes to appeal a disciplinary decision must do so within 30 days of the notice of written decision of the hearing committee by filing a written appeal with the College President. The written notice to the President should state the basis for the appeal.
11. An appeal is limited to the following issues:
 - A. Prejudice or other irregularities that improperly influence the outcome of the disciplinary hearing.
 - B. Discovery of new or significant evidence that was not available at the time of the original hearing.
 - C. A sanction that is extraordinarily disproportionate to the violation.
12. The College President will meet with the student and render a decision within seven (7) days. The decision of the President will be final.
13. In all non-grade appeals, the student may withdraw from College or the class of his/her own volition at any time during the disciplinary process.

Reporting a Complaint

Students who believe that they have been victims of illegal discrimination or harassment, may file a formal (verbal, written, or online) complaint with the Vice President of Student Development and it will be promptly investigated. There is no time limit on the filing of complaints. You can file a complaint on the college's website at www.eastcentral.edu/studentconcern.

As noted above, all employees, students and visitors must immediately report to the College for investigation any incident or behavior that could constitute illegal discrimination or harassment. Such reports should be made to the Vice President of Student Development or the Director of Human Resources, as the College's Compliance Officers. All College employees will instruct persons seeking to make a complaint under this Policy to communicate directly with the College Compliance Officers. Even if the potential victim of discrimination, harassment, or retaliation does not file a complaint, College employees are required to report to the Compliance Officers any observations, rumors or other information regarding actions prohibited by this Policy.

After receiving a complaint, the Compliance Officer to whom the complaint is made will determine the appropriate College Policy for processing the complaint. Once the determination is reached, the Compliance Officer will notify the student making the complaint of which College policy will govern the disposition of the student's complaint.

Interim Measures

When a report is made or the College otherwise learns of potential discrimination, harassment or retaliation, the College will, if appropriate, take immediate action to protect the alleged victim, including implementing interim measures. For example, the College may alter a student's class schedule, provide additional support for a student (such as counseling or academic support), suspend an employee pending an investigation, or, if applicable, alter transportation or working situations. The College will take immediate steps to prevent retaliation against the alleged victim, any person associated with the alleged victim, or any witnesses or participants in the investigation. These steps may include, but are not limited to, notifying students, employees and others that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment or retaliation have occurred. The College will provide these types of interim measures if requested by the victim and if such measures are reasonably available and appropriate in the circumstances. Individuals are encouraged to speak with the College's Compliance Officers about the availability of such measures. In the case of a confidential reporting, the Reporting Party should speak with the College counselor to whom they made the report about any requested interim measures.

Procedure for Investigation and Resolution of Complaints

In determining whether alleged conduct constitutes discrimination or harassment, the College will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this Policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, College officials determine that it is more likely than not that discrimination, harassment or other prohibited behavior has occurred, the College will take immediate corrective action.

The following procedures will be used as a guideline for investigating complaints:

1. Interview the person making the complaint regarding the nature and specifics of the incident(s);
2. Interview the person accused; and
3. Interview other possible witnesses, if appropriate.

A. Complaints Against Employees of the College

If a complaint under this Policy is against an employee of the College, the complaint will be investigated by the Director of Human Resources or designee, and will be handled according to the procedures found in Policy 5.5. Employees who violate this Policy will be disciplined, up to and including employment termination.

B. Complaints Against College Students

If a complaint under this Policy is against another student, the complaint will be investigated by the Vice President of Student Development or designee.

Both the person making the complaint and the person accused will have equal opportunity to provide relevant information, including the identities of any witnesses they believe should be contacted as part of the investigation.

After reviewing all the relevant information, the Vice President of Student Development or designee will render a determination as to whether the Policy was violated and what additional actions may be necessary, including disciplinary action against the person accused and/or making available to the victim appropriate College resources.

Students who violate this policy will be disciplined, which may include suspension or expulsion. Other possible sanctions are found in the Student Discipline Code.

The Vice President of Student Development will notify both the complainant and the person accused of his or her determination, but, unless otherwise authorized by law, will only notify the complainant of any sanctions imposed against the accused student, to the extent such sanctions impact the complainant, such as a determination that the accused may not come within a certain distance of the complainant.

B.1. Appeals

If either the person making the complaint or the person accused disagrees with the Vice President of Student Development or designee's determination, either student may request that the complaint be handled according to the procedures found in the Student Discipline Policy, Policy 3.18.

Confidentiality, Records and Counseling

To the extent practicable, the College will endeavor to keep confidential the identity of the person filing a complaint, witnesses or other parties interviewed, and any complaint or other document that is generated or received pertaining to complaints. Information may be disclosed if necessary to further the investigation, or resolution of a complaint, or if necessary to carry out disciplinary measures. The College will disclose information to the College's attorney, law enforcement, and others when necessary to enforce this Policy or when required by law.

In implementing this Policy, the College will comply with state and federal laws regarding the confidentiality of student and employee records.

Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record.

Any student who believes he/she has been a victim of illegal discrimination or harassment has the option of speaking confidentially to a College counselor. Counseling services are available at no cost to the student

and referrals to community resources are available. College counselors can also help the alleged victim identify other available College resources.

All other employees are mandated to report the information regarding illegal discrimination or harassment to the Compliance Officer.

Student Protections Against Sexual Assault, Relationship Violence, and Stalking (BP3.26) (Adopted June 16, 2014)

East Central College is committed to maintaining an educational environment that is free from illegal discrimination or harassment in admission or access to its programs, activities and facilities. This includes conduct on property owned or operated by the College, at College-sanctioned functions, and certain off-campus events. Sexual assault, as that term is defined in this Policy, is a form of sexual harassment and is strictly prohibited. Relationship violence and stalking may also be forms of discrimination and harassment and are also strictly prohibited. For purposes of this Policy, “relationship violence” refers to both dating and domestic violence, as those terms as defined below.

The College also prohibits:

1. Retaliatory actions based on making complaints of prohibited discrimination or harassment or based on participation in an investigation, formal proceeding or informal resolution concerning prohibited discrimination or harassment.
2. Aiding, abetting, inciting compelling or coercing discrimination or harassment.
3. Discrimination or harassment against any person because of such person’s association with a person protected from discrimination or harassment as described in this Policy.

General Rule

The College is committed to ensuring that all students feel and are free to benefit fully from the College’s programs and activities. As part of this commitment, the College seeks to create an environment that encourages individuals to report incidents of sexual assault, relationship violence and stalking. Reporting allows the College to provide support to victims, and is the only procedure through which the College can address offenders and attempt to reduce the risk of future occurrences. This Policy provides information about how individuals may report allegations of sexual assault, relationship violence and stalking to the College, how the College responds to such reports, as well as information about resources available to victims of sexual assault relationship violence and stalking.

In investigating and responding to complaints of sexual assault, relationship violence or stalking, the College’s primary focus is to address the sexual assault, relationship violence or stalking, and, in most cases, the College will grant amnesty to a Reporting Party for other potential violations, such as alcohol violations. Such potential violations should not discourage a Reporting Party from notifying the College of incidents of sexual assault, relationship violence or stalking.

This Policy addresses behavior where the Accused Individual is a student. Behavior that does not rise to the level of sexual assault, relationship violence or stalking, as those terms are defined in this Policy, may still violate College Policy, and may be addressed by the College’s Policy regarding Student Protections Against Discrimination and Harassment (Policy 3.25) or the College’s Student Conduct Policy (Policy 3.17). In the event the Accused Individual is an employee, the reporting procedures and resources are the same as set forth in this Policy, but the investigation and response to allegations against employees is found in Policy 5.5.

Definitions – the following definitions apply to this Policy:

Accused Individual – Any person identified by the Reporting Party as the perpetrator of sexual assault, relationship violence or stalking.

Consent – An affirmative, unambiguous, and voluntary agreement to engage in a specific sexual activity during a sexual encounter. The person initiating sexual activity must obtain the other person’s consent

throughout the duration of the sexual activity. Consenting persons must act freely, voluntarily, and have knowledge of the act or transaction involved. Consent will not be implied by silence or mere passivity from a state of intoxication or unconsciousness; it may not be inferred in circumstances in which consent is not clear, including, but not limited to situations that involve the absence of “no” or “stop,” or those that involve the existence of a prior or current relationship or sexual activity. Consent cannot be given if the Accused Individual has taken advantage of a position of influence which that person has over the Reporting Party. Consent cannot be given by an individual who is incapacitated through the effect of drugs or alcohol or for any other reason. Consent may be withdrawn at any time.

Dating Violence – Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship will be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purpose of this definition: (a) A social relationship of a romantic or intimate nature means a relationship which is characterized by the expectation of affection or sexual involvement between the parties. (b) Dating violence can be a single event or a pattern of behavior that includes, but is not limited to, sexual or physical abuse. (c) Dating violence does not include acts covered under the definition of domestic violence.

Domestic Violence – (1) A felony or misdemeanor crime of violence committed--(a) By a current or former spouse or intimate partner of the victim; (b) By a person with whom the victim shares a child in common; (c) By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; (d) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or (e) By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred. (2) Domestic violence can be a single event or a pattern of behavior that includes, but is not limited to, sexual, or physical abuse.

Discrimination – Conferring, refusing or denying benefits or providing differential treatment to a person or class of persons in violation of law based on race, color, religion, gender, national origin, ancestry, disability, age, sexual orientation, genetic information, veteran status, or any other characteristic protected by law.

Harassment – A form of discrimination, as defined above, that occurs when the school or work environment becomes permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive enough that it unreasonably alters the employment or educational environment. Behaviors that could constitute illegal harassment include, but are not limited to, the following acts if based on race, color, religion, gender, national origin, ancestry, disability, age, sexual orientation, genetic information, veteran status or any other characteristic protected by law: verbal, nonverbal, or physical aggression; stalking; graffiti; display of written material or pictures; name calling; slurs; jokes; gestures; stereotyping; threatening, intimidating or hostile acts; theft; or damage to property.

Reporting Party – A member of the College community, who reports to the College that he or she has been the victim of alleged sexual assault, relationship violence, and/or stalking.

Sexual Assault – A form of sexual harassment, and is defined as physical sexual acts perpetrated against a person’s will or where a person is incapable of giving consent. Sexual assault includes intentional touching, either of the victim or when the victim is forced to touch, directly or through clothing, another person’s genitals, breasts, thighs, buttocks, or other intimate parts. Sexual assault also includes attempted or actual sexual penetration of any kind without a person’s consent.

Sexual Harassment – A form of discrimination, as defined above, on the basis of sex. Sexual harassment, which includes sexual assault, includes a variety of unwelcome conduct of a sexual nature ranging from unwelcome sexual advances, requests for sexual favors, sexual exploitation, and other verbal, nonverbal, or physical conduct of a sexual nature, such as sexual assault, that is sufficiently severe to the point it interferes with or limits a student’s ability to participate in or benefit from the College’s programs. Sexual assault is a severe form of sexual harassment and one instance may be sufficient to create a hostile environment.

Stalking – Activity that may be a form of harassment, as defined above, that involves engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her safety or the safety of others, or to suffer substantial emotional distress. For purposes of this definition, a course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property. Stalking may involve physical stalking and/or cyber stalking.

3. Serve as the College’s contact person for compliance with discrimination laws.
4. Investigate or assign persons to investigate complaints; monitor the status of complaints; and recommend consequences.
5. Seek legal advice when necessary to enforce this Policy.
6. Report to the College President and the Board of Trustees aggregate information regarding the number and frequency of complaints and compliance with this Policy.
7. Make recommendations regarding changing this Policy or the implementation of this Policy.
8. Coordinate and institute training programs for College staff and supervisors as necessary to meet the goals of this Policy, including instruction in recognizing behavior that constitutes discrimination had harassment.
9. Perform other duties as assigned by the College President.

Reporting a Complaint

The College encourages the reporting of all incidents of sexual harassment, including, but not limited to, sexual assault, relationship violence, and stalking. The decision to report such incidents is a deeply personal and often difficult decision, but is often a way for the victim to begin healing. Such reporting may also help prevent future incidents of a similar nature from occurring. Victims are not required, however, to report such incidents, and will not be penalized if they choose not to report an incident to law enforcement or a Compliance Officer. The first priority for any victim of sexual assault or relationship violence is to receive appropriate medical attention for any medical injuries and to preserve evidence in the event the Reporting Party chooses to pursue a complaint. The College will maintain and publish information containing resources and guidance for victims of sexual assault, relationship violence and stalking. Such information will be maintained in the College’s Annual Security Report and the College’s Student Handbook, and any other means identified by the College administration to make the information readily available to the campus. Copies will also be maintained by the College’s Title IX Administrator, who will make such information available to any interested person.

The College provides several options for reporting incidents of sexual harassment, including, sexual assault, relationship violence, and/or stalking:

1. Confidential Reporting – Individuals may make a confidential report to a College counselor. Counseling services are available at no cost to students and referrals to community resources are available. College counselors can also help the alleged victim identify other available College resources.
2. Formal Complaint – Individuals may also file a formal (verbal, written, or online) complaint with the Vice President of Student Development and it will be promptly investigated. There is no time limit on the filing of complaints, though the College encourages prompt reporting, as delayed reporting may hinder the College's ability to pursue disciplinary action against an Accused Individual.
3. Criminal Report – Individuals may make a criminal report with local law enforcement, or appropriate jurisdiction. College personnel are available to assist individuals with contacting the appropriate jurisdiction for making such a report.

In addition to pursuing criminal or College disciplinary proceedings, individuals may wish to obtain an order of protection, no-contact order, or restraining order from the relevant jurisdiction. Such orders are enforced by the local law enforcement agency in the relevant jurisdiction.

Upon receiving a complaint of sexual assault, relationship violence or stalking, the College will provide to the Reporting Party a written notice describing the reporting options listed above. Reporting Parties are not limited to one form of reporting and may pursue multiple methods of reporting options.

In addition, except as otherwise provided in this Policy, all employees, students and visitors must immediately report to the College for investigation any incident or behavior that could constitute illegal discrimination or harassment, which includes sexual assault and may include relationship violence and stalking. Such reports should be made to the Vice President of Student Development or the Director of Human Resources, as the College's Compliance Officers. All College employees will instruct persons seeking to make a complaint under this Policy to communicate directly with the College compliance officers. Even if the potential victim of discrimination, harassment, or retaliation does not file a complaint, College employees, except members of the College's counseling staff who are considered confidential reporters, are required to report to the Compliance Officers any observations, rumors or other information regarding actions prohibited by this Policy.

After receiving a complaint, the Compliance Officer will determine the appropriate College Policy for processing the complaint. In making this determination, the Compliance Officer will consider the specific facts alleged by the Reporting Party. Allegations related to acts of Sexual Assault, Relationship Violence or Stalking, as those terms as defined in this Policy, will be processed according to this Policy. Allegations that may constitute sexual or other forms of harassment prohibited by the College, but not rising to the level of Sexual Assault, Relationship Violence or Stalking, will be reviewed according to Policy 3.25 Student Protection Against

Discrimination. Once the determination is reached, the Compliance Officer will notify the Reporting Party of which College Policy will govern the disposition of the Reporting Party's complaint, and will provide the Reporting Party with a copy of the applicable Policy. The College encourages the Reporting Party to seek clarification from the Compliance Officer if the Reporting Party believes the Compliance Officer has selected the wrong Policy to resolve the complaint.

Interim Measures

When a report is made or the College otherwise learns of potential discrimination, harassment or retaliation, the College will, if appropriate, take immediate action to protect the alleged victim, including implementing interim measures. For example, the College may alter a student's class schedule, provide additional support for a student (such as counseling or academic support), suspend an employee pending an investigation, or, if applicable, alter transportation or working situations. The College will take immediate steps to prevent retaliation against the alleged victim, any person associated with the alleged victim, or any witnesses or participants in the investigation. These steps may include, but are not limited to, notifying students, employees and others that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of

discrimination, harassment or retaliation have occurred. The College will provide these types of interim measures if requested by the victim and if such measures are reasonably available and appropriate in the circumstances. Individuals are encouraged to speak with the College's Compliance Officers about the availability of such measures. In the case of a confidential reporting, the Reporting Party should speak with the College counselor to whom they made the report about any requested interim measures.

Procedure for Investigation and Resolution of Complaints

In determining whether alleged conduct constitutes a violation of College Policy, the College will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this Policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, College officials determine that it is more likely than not that prohibited behavior has occurred, the College will take immediate corrective action.

The following procedures will be used as a guideline for investigating complaints:

1. Interview the Reporting Party regarding the nature and specifics of the incident(s);
2. Interview the Accused Individual; and
3. Interview other possible witnesses, if appropriate.

A. Complaints Against Employees of the College

If a complaint under this Policy is against an employee of the College, the complaint will be investigated by the Director of Human Resources or designee, and will be handled according to the procedures found in Policy 5.5. Employees who violate this Policy will be disciplined, up to and including employment termination.

B. Complaints Against College Students

If a complaint under this Policy is against another student, the complaint will be investigated by the Vice President of Student Development or designee. The procedures will follow those set forth in the Student Code of Conduct, except that to the extent there are any inconsistencies between the Student Code of Conduct and this Policy, the procedures set forth in this Policy will apply in cases of Sexual Assault, Relationship Violence, or Stalking:

1. The College will conduct a thorough, fair, and impartial investigation.
2. Proceedings under this Policy will be conducted without undue delay, and will be conducted by officials who receive annual training on the issues related to relationship violence, sexual assault, and stalking, and how to conduct a hearing process that protects victim safety and promotes accountability. In general, proceedings pursuant to the Policy, including adjudication through the Student Discipline Policy, should be completed within sixty (60) days of the Reporting Party's complaint to the Compliance Officer.
3. Mediation will not be used in cases alleging sexual assault, relationship violence, or stalking.
4. The Compliance Officer or designee may issue a "no contact" order to all parties identified in a sexual assault, relationship violence, or stalking complaint. The Compliance Officer will consider other interim measures that may be appropriate.
5. Both the Reporting Party and the Accused Individual will have equal opportunity to provide relevant information, including the identities of any witnesses they believe should be contacted as part of the investigation. Both the Reporting Party and the Accused Individual have the right to have an advisor of their choosing present during any meetings or proceedings related to the investigation. For purposes of this Policy only, there is no limitation on the choice of an advisor by

either the Reporting Party or the Accused Individual. The limitations on the role of legal counsel in a disciplinary proceeding are defined by the Student Discipline Policy.

6. After reviewing all the relevant information, the Vice President of Student Development or designee will render a determination as to whether the Policy was violated and what additional actions may be necessary, including disciplinary action against the Accused Individual and/or making available to the Reporting Party appropriate College resources. In making this determination, the Vice President of Student Development or designee will utilize a “preponderance of the evidence standard,” meaning that he or she will determine whether it is more likely than not the Policy violation occurred.
7. Students who violate this Policy will be disciplined, which may include suspension or expulsion. Other possible sanctions are found in the Student Discipline Policy.
8. The Vice President of Student Development will notify both the Reporting Party and the Accused Individual, in writing, of this or her determination. The written notification will also notify both the Reporting Party and the Accused Individual of the availability of appeal, as described below.
9. If either the Reporting Party or the Accused Individual disagrees with the Vice President of Student Development or designee’s determination, either student may request that the complaint be handled according the procedures found in in the Student Discipline Policy, Policy 3.18. In those circumstances, both the Reporting Party and the Accused Individual will have equal opportunity to participate in the process, and the process will utilize a preponderance of the evidence standard,” meaning that it will determine whether it is more likely than not that the Policy violation occurred.
10. At the conclusion of any portion of the disciplinary proceeding, including any appeal, both the Reporting Party and the Accused Individual will be notified in writing, and simultaneously, of the result of that portion of the disciplinary proceeding, when that result becomes final, and the availability of any appeal.

Confidentiality, Records and Counseling

To the extent feasible, the College will endeavor to keep confidential the identity of the person filing a complaint, witnesses or other parties interviewed, and any complaint or other document that is generated or received pertaining to complaints. Information may be disclosed if necessary to further the investigation, or resolution of a complaint, or if necessary to carry out disciplinary measures. The College will disclose information to the College’s attorney, law enforcement, and others when necessary to enforce this Policy or when required by law.

In implementing this Policy, the College will comply with state and federal laws regarding the confidentiality of student and employee records.

Any student who believes he/she has been a victim of illegal discrimination, harassment, sexual harassment, sexual assault, relationship violence or stalking has the option of speaking confidentially to a College counselor. Counseling services are available at no cost to the student and referrals to community resources are available. College counselors can also help the alleged victim identify other available College resources.

All other employees are mandated to report the information regarding illegal discrimination, harassment, sexual harassment, sexual assault, relationship violence or stalking to the Compliance Officer.

Training and Awareness Programs

In addition to the information contained in this Policy, the College will, in accordance with the Campus Sexual Violence Act (“SaVE Act”), provide training and information to members of the campus community regarding the following topics:

1. Safe and positive steps an individual may take to intervene to prevent harm or intervene when there is a risk of domestic violence, dating violence, sexual assault or stalking against another person;
2. Information about how to recognize warning signs of abusive behavior in order to mitigate the likelihood of perpetration, victimization, or bystander inaction;

3. Awareness campaigns and prevention programs intended to stop domestic violence, dating violence, sexual assault, and stalking before they occur, and to increase campus awareness and share information and resources for the same purpose;
4. Written notification to students and employees about existing counseling, health, mental health, victim advocacy, legal assistance, and other services available for victims, both within the institution and in the community;

The College will distribute this information to members of the campus community through the College's Annual Security Report and the College's Student Handbook, and any other means identified by the College administration to make the information readily available to the campus. Copies will also be maintained by the College's Title IX Administrator, who will make such information available to any interested person.

Theft on Campus

911/636-584-6566

The college is not responsible for lost or stolen articles. Students should never leave textbooks, backpacks, cell phones and other valuables unattended. If a theft occurs, contact the Student Development Office and the Union Police Department immediately. Incidents which are reported quickly can often be solved through the use of campus video cameras.

Tobacco-Free Campus (BP 4.31)

East Central College is a Tobacco-Free campus. Usage of all tobacco products will be prohibited on all College properties owned or leased by the College, including facilities, buildings, parking lots, athletic fields, and common areas. The term "tobacco products" shall include eCigarettes, hookah and such other smoking-related substances and products as the College chooses to prohibit. This policy applies to all faculty, staff, students, employees, contractors, performers and visitors. ECC is committed to providing its students, employees and visitors with a safe and healthy environment.

Transfer of Credits Earned at East Central College

Students who plan to transfer credits from East Central College should contact their transfer institution as early as possible to become familiar with program requirements. Students who transfer within the state have certain rights and privileges which are outlined on the Missouri Department of Higher Education website. General transfer guidelines may be found at <http://www.dhe.mo.gov/files/policies/credittransfer.pdf>. Information regarding signatory colleges may be found at <http://www.dhe.mo.gov/cota/gecstinstitutions.php>.

Transfer options include:

The **Associate of Arts (AA)** degree is the institutional transfer degree. Each AA degree is comprised of the general education block (a minimum of 43 credit hours) coupled with elective options in the academic area of choice. Students completing the AA degree who transfer to a public baccalaureate institution in Missouri will enter the transfer institution at the junior level; all lower division general education coursework will be satisfied.

The **Associate of Applied Science (AAS)** degree is the career and workforce preparation degree. Each AAS degree is comprised of a block of general education coursework (a minimum of 20 hours) coupled with a minimum of 44 credit hours of program based coursework. While the AAS is a career preparation degree, many institutions may consider the degree in transfer. Certificate Options are also available in many of the career fields offering the AAs degree.

The **Associate of Arts in Teaching (AAT)** degree is the institutional transfer degree for student preparing to study in teacher education programs. Each AAT degree is comprised of the general education block (a minimum of 43 credit hours), tailored to the specific needs of education majors, and coupled with elective options in the area of teacher preparation. Students completing the AAT degree and transfer to the public baccalaureate institution in Missouri offering teacher preparation programs will enter the transfer institution at the junior level; all lower division general education coursework will be satisfied and the core block of teacher education courses will transfer.

The **Associate of Fine Arts (AFA)** degree is the institutional fine arts degree. A specifically articulated degree with the University of Missouri-St. Louis, the AFA degree is comprised of a general education core tailored to students interested in study in a Bachelor of Fine Arts program and the necessary course work to prepare students for that study. Students may choose from a variety of elective coursework appropriate for the specialized areas of studio, graphic arts and music.

The **Associate of Science (AS)** degree is the institutional pre-engineering degree. A specifically articulated degree with the Missouri University of Science and Technology, the AS degree is comprised of a general education core and the necessary coursework to prepare students for a course of study in engineering. Students may choose from a variety of elective coursework appropriate for the specialized area of engineering of expressed interest.

Course by Course: Individual courses are evaluated by the transfer college/university. The student should contact a transfer advisor at the transfer institution to determine what courses are transferable. Students can also check the transfer school's website to see if they have a transfer equivalency guide available.

Forty Three (43) Hour General Education Block: For students transferring to Missouri institutions abiding by the statewide guidelines, a completed 43-hour block of general education credit will be

received as equivalent and as having fulfilled the 43-hour block of general education credit at the receiving institution. If the student transfers prior to completing a 43-hour block of credit, the receiving institution has the choice of whether to transfer partial blocks as equivalent or to do a course-by-course evaluation. Institutions are permitted to require additional general education hours beyond the block of 43 credit hours, but these additional hours would be required for non-transfer students, as well. Transfer students should familiarize themselves with the degree requirements of the receiving institution and the course prerequisites they may need to address after transfer.

Transfer Scholarships

Transfer scholarships are offered by several state universities to students who complete an associate degree or a minimum number of credit hours. Grade point average is often a criteria. For more information, visit the transfer university's website or <http://www.eastcentral.edu/transfer/financial-aidtransfer-scholarships/>.

Returned Checks

The college will assess a charge whenever a check or draft presented for payment for service is not accepted by the banking institution on which it is written because of a post-date, insufficient funds, closed account, no account, frozen account, or uncollected funds. A \$25 fee will be charged if the check is returned by the banking institution for any of the above reasons.

Withdrawing from Course or College

636-584-6588

Students enrolled at East Central College may withdraw from an individual course or their entire course schedule on or before the withdrawal deadline published in the academic calendar. After the withdrawal deadline, instructor approval is required.

Before you withdraw from a class...

- Have you talked to your instructor? Your situation may not be as bad as you think.

- Have you talked to Financial Aid? Dropping a class could have a negative effect on your ability to keep your aid or scholarship.
- Will dropping this course put you below full time status? Some insurance plans require that students be enrolled full-time.
- Is this course a prerequisite or corequisite for another course? Does this affect your graduation plans? Will the course be offered again when you need it? Have you talked to your advisor?
- Have you gone to the Learning Center for tutoring?
- Are you working too many hours? Have you talked to your employer about cutting your hours – at least temporarily?
- What’s the semester deadline for dropping a class? You may have time to improve your grades.

Withdrawal forms are available at the Student Service Center or on the web at www.eastcentral.edu . A withdrawal request is not official until the student submits the withdrawal form to the Student Service Center, including the last date of attendance and required signatures. If the completed withdrawal form is submitted to the Student Service Center prior to the withdrawal deadline, the student will receive a (W) grade. After the withdrawal deadline, the student will receive a grade of (W) or (F) as reported by the faculty member.

Course withdrawal may have an adverse effect on a student’s financial aid or academic program completion, so students are advised to consult with their instructor, their advisor, and the Financial Aid Office, if appropriate, before withdrawing. The college’s refund policy has information on refund deadlines and withdrawal fees. Refer also to Registration/Waitlist Process.

Administrative Withdrawal for Non-Attendance (BP 3.23.1)

ECC is an attendance taking institution. All faculty will distribute to students a current course syllabus that includes a statement detailing specific course attendance policy, guideline and actions. Such course attendance policy will be congruent with the institutional attendance guidelines, as stated here.

Institutional Attendance Policy

Student attendance in class, regardless of the delivery modality, is important for student success. Faculty will take attendance at each class meeting and record attendance in a class record. For a student to be considered attending the following conditions must be met:

- A student cannot be absent for all the class meetings held within 14 consecutive calendar days (or a prorated amount based on a reduced class meeting calendar) without having made regular and frequent contact with the instructor regarding the class progress.
- A student cannot be absent for the equivalent (intermittent, nonconsecutive absences) of two weeks of class meeting time (or a prorated amount based on a reduced class meeting calendar) without having made regular and frequent contact with the instructor regarding class progress.
- A student cannot exceed the absences permitted under a more restrictive and specific course attendance policy.

Should any of these conditions apply, the faculty member will follow the actions as stated in the course syllabus up to and including administrative withdrawal (WX) from the class for any student not considered attending but still officially enrolled in the class. Regardless of any action, the faculty member will report the last date of attendance as noted in the class record.

APPEAL/GRIEVANCE PROCEDURES

Due Process/Formal Student Hearing (BP 3.18)

Students have the right to appeal a grade or a disciplinary sanction as outlined under "Student Discipline Policy."

College Personnel:

1. Chief Student Affairs Officer (CSAO): the administrator (Vice President of Student Development) responsible for student services such as counseling and advising.
2. Chief Academic Officer (CAO): the administrator (Vice President of Curriculum and Instruction) responsible for the oversight and direction of academic programs and faculty.
3. Hearing Committee: A five-member committee called upon for hearings whose membership includes two faculty, two administrative/professional staff, and one support staff member. The CSAO and the CAO are non-voting members of the hearing committee, but they are nevertheless involved in the hearing. The CSAO will preside over, and the CAO will present the charges, at all hearings where the misconduct does not involve an academic issue. If the misconduct involves an academic issue, their roles shall be reversed.

Procedures:

In most cases, disciplinary actions are meant to be remedial rather than punitive. Ideally, disciplinary proceedings will be conducted informally between the student(s) and the CSAO or CAO. However, when this means of resolution is not possible, a student has the right to a formal student hearing before a hearing committee. For a hearing to be held, the student is required to submit a written request for a hearing to the CSAO or CAO. The following guidelines will be applicable:

1. Students will be informed in writing of the time, date, and location of the hearing, either by email, personal delivery or certified mail, at least 10 calendar days in advance of the hearing.
2. The entire case file will be available for inspection by the student in the CSAO's or CAO's office during normal business hours. The file, which should be available at least two business days before the hearing, need not include the personal and confidential notes of any college official or participant in the evaluation process.
3. The hearing shall be conversational and non-adversarial. For that reason, legal counsel will not be allowed to participate in the hearing on behalf of either the student or the administrator presenting the case against the student. Formal rules of evidence will not apply. The CSAO or CAO shall exercise active control over the proceedings to avoid needless consumption of time and to achieve the orderly completion of the hearing. Any person who disrupts the hearing may be excluded.
4. The student may choose to be assisted by a member of the faculty or staff of the institution. Furthermore, the student may be accompanied by legal counsel or other representative, although the role of legal counsel will be limited to providing legal advice to the student.
5. Those assisting the student, except for legal counsel, will be given reasonable time to ask relevant questions of any individual appearing at the hearing, as well as to present relevant evidence.
6. Whenever possible, the student will be expected to respond to questions asked by the CSAO, CAO or other hearing committee members.
7. If the student requests a hearing and fails to appear after proper notice, the hearing committee may either proceed with the hearing in the student's absence or may make a decision without holding a hearing.
8. The hearing shall be tape recorded. The tape(s) shall be kept with the pertinent case file for a minimum

of six months.

9. A written decision shall be rendered by the hearing committee within five business days after the completion of the hearing. The written decision, which should be mailed or personally delivered to the student, should contain a brief statement of reasons for any determination leading to sanctions. The student should also be advised as to when a petition for reinstatement would be considered, along with any conditions for reinstatement. The decision of the hearing committee shall be final unless a timely appeal is made to the College President.
10. A student who wishes to appeal a disciplinary decision must do so within 30 days of the original action by filing a written appeal with the College President. The College President will meet with the student and render a decision within seven days. The decision of the President shall be final.
11. In all non-grade appeals, the student may withdraw from College or the class of his/her own volition at any time during the disciplinary process.

Financial Aid Suspension Appeal

Students who do not meet the “minimum standards for academic progress” will be placed on financial aid warning for one semester. During this warning period, students may continue to receive aid. Failure to meet the policy standards after the warning semester will result in financial aid suspension and loss of financial aid.

In certain situations, students may appeal their suspension by contacting the Director of Financial Aid. Documentation of extenuating circumstances may be required.

Grade Appeal (BP 3.7)

Students at East Central College have the right to appeal a final course grade. The right to appeal is limited to grades given for the semester most recently completed.

Students must make appeal within 8 weeks of the official end date of the semester for which the grade is reported. Students must submit in writing to the CAO (Vice President of Instruction) a statement detailing the course, the faculty member, the grade received and the reason the appeal is sought.

The CAO will review the appeal and seek a resolution. Should no resolution be reached, the student will be notified and a formal hearing conducted.

A hearing committee will be appointed by the CAO, and a hearing conducted for the purpose of allowing all parties to state their positions. The committee will render a decision in writing to the student and faculty member within five school days.

The student may appeal the decision of the committee to the President in writing within 10 days of the committee’s decision. The President will conduct a review and render a decision within 30 days. The decision of the President is final.

A confidential committee consisting of college administrators will review refund requests on a case by case basis. Students may appeal through the Office of Student Development. Student residency status will be determined at the time of enrollment at East Central College. Student residency guidelines followed by the College will be those adopted by the Coordinating Board for Higher Education. In the case of international students or resident aliens, residency will be determined based upon both federal determination of status and state guidelines. A copy of such guidelines may be found in the Office of the Registrar.

Procedures (Revised August 17, 2007):

If the student disagrees with the College's assessment of his or her resident/non-resident status, the following procedure should be followed to appeal the decision:

- A. Informal Appeal.** Meet informally with the Student Service Center Coordinator to discuss the residency status and reasons why the student should be considered an in-district student. The Student Service Center Coordinator will render an informal decision based upon the information provided in this discussion.
- B. First Level of Formal Appeal.** If the informal decision determines that the student is not an in-district resident and if the student wishes to appeal this decision further, then the next level of appeal may be implemented. The student is obligated to submit the appeal in writing to the Chief Student Affairs Officer, accompanied by written documentation of those criteria which the student meets for in-district residency as set forth in the Student Residency Requirements published by the Missouri Department of Higher Education. The Chief Student Affairs Officer will review and verify the information provided and render a decision within three working days of receipt of the written appeal.

- C. **Second Level of Formal Appeal.** The final level of appeal requires the student to submit an appeal in writing to the Office of the President of the College. If possible, please review the Commission's Criteria for Accreditation on the Commission's Web site prior to writing this section. Remember that the Commission cannot assist you in understanding your tuition bill, arranging for a refund of tuition, obtaining a higher grade for a course, seeking reinstatement to an academic program, etc.
3. Attach documentation to support your narrative wherever possible. (For example, if you make reference in your complaint to an institutional policy, include a copy of the policy with your complaint.) Helpful documentation might include relevant portions of the catalog, letters or e-mail exchanged between you and the institution, learning agreements, etc.
4. A few reminders--
 - Please type your complaint or print very neatly.

Please note that The Commission will not consider those complaints that are not in writing and do not contain the elements noted here. The Commission's complaint policy precludes it from considering matters more than five years old.

The Commission will acknowledge your complaint within thirty days of receiving it and let you know whether your complaint is complete and whether it raises issues that are related to accrediting requirements or whether it is an individual dispute outside the jurisdiction of the Commission's complaint policy.

Clubs and organizations reflect current student interests and must be formally recognized by the Student Government Association. Examples of student organizations include: Phi Theta Kappa Honor Society, Student Missouri State Teachers Association, Art Club, Ecology Club, Pre-Engineering Club, H-VAC Club and the Literary Review.

Student Organizations Policy

The establishment of and participation in student organizations, which support the mission of the College, is encouraged.

Procedures:

To be established and maintained on the East Central College campus, a student organization must meet the following requirements:

1. Have a full-time employee sponsor.
2. File a mission statement and application with the Student Activities Coordinator.
3. Gain approval of the Student Government Association as a beneficial and worthy College organization.

Student organizations are governed by the constitution of the Student Government Association. Failure to function in accordance with the aforementioned mission statement or constitution will bring about loss of approval.
