Total: 48 credit hours

Surgical Technologists are vital members of the surgical team. The Surgical Technology AAS completion degree promotes life-long learning and improves patient-centered care.

The Surgical Technology AAS Completion degree option is designed to meet the needs of current Certified Surgical Technologist (CST). To be eligible for this AAS completion degree, the student must have graduated from an accredited surgical technology program with an earned Certificate of Achievement (CA) and currently hold the certification as a credentialed CST in good standing. Upon completion of the 23 general education prerequisite credit hours, students core surgical technology course work from their program will be articulated as a Pass/Fail and transcribed at East Central College's courses of: SRG 100 - 295. Prerequisites can be completed either part-time or full-time.

AAS Completion
