Q. If there are 100 days to go to the start of term and we have enrolled 950 students how do we determine if we are up or down compared to last year?

A. We look to see how many students we enrolled on the 100th day from the start of the same semester last year. This date will be the comparable date. However, if we started enrolling much earlier this semester than last, and a comparable date cannot be calculated using term start dates, then registration start dates will be used instead.
