Q. If there are 100 days to go to the start of term and we have enrolled 950 students how do we determine if we are up or down compared to last year?

A. We look to see how many students we enrolled on the 100th day from the start of the same semester last year. This date will be the comparable date. However, if we started enrolling much earlier this semester than last, and a comparable date cannot be calculated using term start dates, then registration start dates will be used instead.

First Time: Students enrolling in classes for the first time at ECC.

Transfer: Students transfering for the first time to ECC.

Continuing: Students who were enrolled in the previous Spring term and who have returned to take classes this term. Returning: Former ECC students who were not enrolled in the previous Spring term, but who have enrolled in classes this term.
